Thief's Fall (Magic of Dimmingwood Book 2) C. Greenwood

Discovered. Destroyed. Reborn.

After losing his brother and being murdered by his enemies, Rideon thought there was nothing left that could hurt him. But he soon discovers life only gets more dangerous after death. Restored by magic, he must trek through a hostile wilderness while stalked by a deranged wild man. His only possessions, a cursed bow and a powerful amulet, prove as treacherous as they are necessary.

Driven by the need to find his young brother before their enemies reach the boy first, Rideon must enter dangerous territory and risk the wrath of the ruthless thieves' guild and its cunning king.

Charlotte says

Interesting series

Interesting series. I look forward to reading the next book in the series. I want to see how it ends.

C.S. Lane says

Fantastic!

The Magic of Dimmingwood series by C. Greenwood is a fantastic fantasy series for ages teen to adult.

This Series is filled with well-developed characters, settings, minor violence, intrigue, along with minor plot conflicts for the characters to solve within each book as they wind their way through each adventure toward their goal of solving the major conflict. It boasts a fantastic mastery in its flow and dialogue that suck the reader into the individual story of each book, but most importantly, you are allowed to achieve that all-important reading nirvana that is the mark of a well-done book.

Tabitha says

Gave up

Julie Powell says

I really enjoy this author's work and book two of this series is an excellent read.

Poor Rideon is plagued by all manner of difficult choices, though constantly strives to do what is right...but is that best for him and his brother's survival?

This installment is about changes and how the troubles of life do change us. It's also about choices.

Filled with adventure, danger and mystery, this fantasy story is a compelling read.

Highly recommended.

Eunice Korczak says

Chief's Fall, a novella

Another Novell's of the Collingwood series. A continuation of the characters and story that began in Book One. Good but short.

Angie ~aka Reading Machine~ says

Rideon is now apart of the Thieves Guild. He's still trying to protect his brother and Ada without much success. Rideon must keep secrets from everyone. Thief King wants Rideon to steal a valuable piece of jewelry to prove his worth. When Rideon's brother is kidnapped right before his eyes. He fears that he'll never be reunited with him again. Some stranger wants Rideon to help him. Will Rideon be able to keep secrets? Can Rideon rescue his brother? Your answers await you in Thief's Fall.

This sequel is equally jammed packed as the first one. The characters and story are top notch, real, raw, honest, gritty, unique, and compelling too. I look forward to more from this series and author too.

Lili says

A very young aristocrat is turned into a lowly and not very talented thief by the school of life and brotherly love. Will this downward spiral finish in producing an assassin, turn a hopeful innocent boy into a dark soul? How far can one fall? Does it always start by turning from older loyal friends to newer criminal friends? Will his luck hold?

Resilience or bitterness? Is he really pushed or is he willing? Can't wait to find out by reading the next book in the series!

Heidi says

I am very lucky to say that I received this book from the author. I am a fan of her writing, and I am loving this new series. We are learning so much more about Rideon, and his early life was quite a rollercoaster. You don't have to read the previous series to enjoy this book, but having done so it really brings to life his character in the other Dimmingswood series for me. This book ends in a cliff hanger and even if it hadn't I would be dying for more!
