A lovely Christmas Book that I've thoroughly enjoyed looking through. It's so nice to read about Tanya's Christmas memories and her favourite things about Christmas, but there's also crafts and recipes to try out too which I will definitely be doing. A great festive book by a great woman.

I loved this book! So many great ideas that I want to try. I wasn't the biggest fan of the makeup and outfit sections, but those weren't the biggest ones.

### **ReadWithE says**

I would have liked this better as a straight cookbook. Didn't get much out of the rest of the content.

I really like this coffee-table book. It's like a Vlogmas in book form, with a light approach and a bit of everything that makes December sparkly and cozy. Imagine Tanya's voice while reading it, haha. Probably works best if you are a fan of Tanya Burr's YouTube channel.

Good to have around for recipes and sheer mood helper many Christmases to come.

One star knocked off for the cover pic with the naked foot, that ain't festive at all ?

There was a lot more to read in this book than I expected, which was great. It is definitely a great book to make one feel cozy and festive during the Christmas season. There is a lot of great recipe inspiration and most of them have turned out decently. I anticipate this book being one I return to every year to help me make the most of the season.

The perfect book to get you into the festive Christmas mood!! All of the pictures are beautifully edited and represent the holiday season so well.

I would have preferred slightly less recipes and more information on interior decorating for the season.

### **Nicole Gaudier says**

This is a lovely book with Christmas traditions, DIYs, recipes, short essays, and Tanya's own Christmas memories & photos. She even has a dog biscuit recipe she has made for Martha!

The photos are great and the book is organized very well. I am going to try some of the DIYS & recipes when I am home for the Christmas holiday this weekend.

---

While the book is focused on Christmas, you can make the majority of DIYS & recipes year round for gifts, baking nights, and parties.

I love, love, \*love\* Christmas and I thought this book was just perfect, it got me into a holiday mood straight away. Filled with lots of recipes and ideas for things to bake and make, some advanced, others more simple, I'm looking forward to trying several of them. I really enjoyed reading Tanya's thought and advice in the different sections, especially the Reflecting On The Year Gone bit. Very much recommended to all Christmas lovers out there!
