**Holding Hailey** Kat Mizera

*"Kat Mizera's books are sinfully heartwarming and intensely engaging." --USA Today bestselling author Jami Davenport*

*Kane will stop at nothing to win... her heart.*

After hockey superstar Kane "Hat-trick" Hatcher is traded to the new team in Alaska, he can't score to save his soul and his coach has been giving him a hard time. Even worse, the girl he's crazy about is thousands of miles away and his father has become a nuisance; his nickname has suddenly taken on a whole new meaning.

World-class hockey player Hailey Dobson gave up everything for a gold medal, but now wonders if it was worth it. When the excitement wears off, the medal won't buy her a place to live or keep her warm at night, and the only guy she wants to be with is in Alaska. She's out of options, and just when things can't get any worse, they do.

When Kane shows up in Boston unexpectedly, Hailey is thrilled but also terrified. The secret she reveals will change their lives forever. Are they ready to go for gold or will they choke under the pressure and lose their chance at forever?

## From Reader Review Holding Hailey for online ebook

### Ashley says

Kat does it again with her words and stories that make you truly invest in her characters and keep you wanting more!! Ashley @ Carolina Chic's Read

I am so in love with the Blizzards that I read this book in one day!!! Kat's new series about the Alaskan Blizzards is one that keeps you wanting more. Holding Hailey is a great love story of two characters that know what broken families are all about! Can Hailey and Kane move past their family issues to deal with the most life changing event? These two have all kinds of obstacles thrown their way to be able to find what their hearts truly want!!

---

### Diane Lynch says

Kat Mizera lights the lamp with HOLDING HAILEY, the second book in the Alaska Blizzard series. I was anxiously awaiting reading Hailey Dobson and Kane "Hattrick" Hatcher story after discovering them in book one, DEFENDING DANI. Hailey was on the US Women's Olympic hockey team with Dani. Kane is Sergei's teammate on the new NHL expansion team, the Alaska Blizzard. Hailey and Kane are introduced to each other in book one. They become online friends after Dani and Sergei virtually introduced them. Then they finally meet each other at the Olympics.

In book two, Hailey should be on top of the world after winning a gold medal. However, she encounters a bunch of bad luck and less than desirable situations. Kane surprises Hailey with a visit and talks her into spending the summer with him. Hailey has a hard time relying on others. It makes it difficult for her to accept Kane's help. Kane had a tough transition with his new team. He is frustrated professionally. The two have multiple issues to face. Kane and Hailey are good for each other. They trust and understand each other.

The two had difficult childhoods. I'm glad that Kane had his billet mother, Nancy Fillmore, for support. She is a wise woman who gives Kane and Hailey excellent advice.

Kat Mizera does an amazing job with this story. I love how she puts snippets into her stories that end up as relevant issues in her next book. I enjoy her writing style. It flows well and is easy to read. I did not want to put the book down because I had to know what was going to happen next. I love the characters. Hailey and Kane are relatable and compelling beings. They are people viewed as stars by others but are human and have their own set of insecurities. The story had a great ending. I voluntarily reviewed an advance reader copy of this book.

---

### The Book Nook Blog says

After winning an Olympic medal with the women's hockey team, Hailey Dobson returns home only to find her life has fallen to pieces. She has no job, no place to live, and no money to return to law school. The only bit of happiness that remains is her long-distance romance with NHL star, Kane "Hat-trick" Hatcher.

The chemistry between Hailey and Kane is off the charts and they soon find themselves in a predicament. Hailey is pregnant and neither one of them had plans to be a parent any time soon. Kane convinces Hailey to move across the country to Alaska where he can help her get back on her feet and care for her during her pregnancy.

Hailey has learned from her past that she shouldn't trust anyone but herself and is determined not to depend on Kane for financial or emotional support. Will Kane convince Hailey that he will be by her side through thick and thin? Or will Hailey drive him away in order to protect herself and her unborn child?

(I received an ARC of Holding Hailey from Kat Mizera in exchange for my honest review.)

Holding Hailey is the second novel in the Alaska Blizzard series. In the first novel we caught a glimpse of Kane and Hailey's relationship and book two did not disappoint! Kane and Hailey have a hard time keeping their hands off one another and they find themselves becoming parents much sooner than either one of them had planned for. Their story is filled with lots of hockey, romance, and drama. You won't want to put this book down!

---

### **FunUndertheCovers says**

As I have quickly discovered, Kat Mizera has the ability to pull me in again with her second book in this series, Holding Hailey. Hailey has somehow managed to hit the bottom after hitting an all time high of Olympic Gold. Homeless, jobless, penniless, Hailey needed something to change so that she could reach her goal of law school. Kane "Hat Trick" Hatcher, was traded to be a part of the Alaskan Blizzard franchise but his game & life were askew. The one bright light in their lives was their budding relationship but could it withstand the cross country distance. Kat Mizera has managed to weave a thread of steam and emotion that pack a powerful punch. Kane was really able to hold my heart and Hailey was written as a powerful woman, overcoming obstacles and yet still able to hold onto a certain amount of vulnerability. I look forward to Book 3.

---

### **Kari Hansen says**

After experiencing success on the ice Hailey has run into a few obstacles off the ice when she is betrayed by someone she thought she could trust and finds herself without a home or job and waiting to start law school.

Kane was recently traded to Alaska to play hockey for the team there. From the moment that he and Hailey met a friendship developed but sustaining it when they are so far apart may be difficult. When they have the opportunity to spend the summer together it gives them the opportunity to explore their feelings for each other, but will they be able to handle the twist that life is about to throw their way?

There is no denying the chemistry between them but both Hailey and Kane are independent and self-reliant. In order for them to consider a future together they first must be willing to open their hearts and learn that they are stronger together than apart. I voluntarily reviewed an Advance Reader Copy of this book.

## **Elizabeth Swain says**

This new series has me hooked and Kane is making me swoon! Elizabeth @ Carolina Chic's Read

I cannot get enough of Kat Mizera's words. She can keep me hooked. Kane and Hailey have a truly treacherous road ahead to get to their HEA!

GIVE ME MORE BLIZZARDS!

---

## **A.BookNerd.Bookseller&Bibliophile.Blog says**

Hailey life has been spinning out of control every since she won a gold medal in hockey at the Olympics. She has no job, no place to live, and no money for law school all happening in two weeks. Kane can't stop thinking about his pen pal and lover Hailey, during a surprise visit the surprise is on him. Two people who never wanted kids until their lives and careers are settle will now be parents in 7 months. I adored that Kane was always focused on been there for Hailey no matter what. I hated that she kept pushing him away to assert her independence. Along with getting to see past characters that I have fallen in love with before.

## **2kasmom says**

This is book # 2 in the Alaska Blizzard series. This book can be read as a standalone novel. For reader understanding and to avoid spoilers, I recommend reading this series in order.

Hailey has just come back from winning a Gold medal and going on tour. She gets home and has many surprises in store. A couple of these surprises are going to change her life completely.

Kane wants to see Hailey again. They met at the Olympics and he was so proud of her winning gold. They have had a couple great dates up to now and the chemistry between them is so hot it should have caught him on fire! He is hoping he can talk her into being with him for a while.

This is a book with the heat turned up. Right from the start you see this couple hot for one another and have much in common, including hockey. The banter is good, the pace is a little fast, but the overall story is right on.

\*\*\*This early copy was given in exchange for an honest review only.

## **Nancy Mederos says**

Another couple made in hockey heaven, Mizera never ceases to amaze me with her writing. Holding Hailey was exceptional, a long distance friendship quickly turned into an all consuming love. Hailey and Kane did not have a conventional relationship, but Mizera made the story work. It was a fast pace, consuming read.

Kane "Hattrick" Hatcher is a professional hockey player with a chip on his shoulder. He's having a hard time on the ice, but that's not the only thing consuming his mind. Although he had only been talking to Hailey for a short while, finally meeting her in person sparks more than just a friendship. After finally getting to spend some time with Hailey, the lust coursing through him is undeniable. He can't stay away and the distance isn't about to stop him.

Hailey Dobson, an olympic winning hockey star has her life together on the ice, but outside of the ice she is a complete and total disaster. After coming home to a disastrous living situation Hailey is at her wits end. The only positive in her life is her new relationship with Kane. But Hailey is not expecting that their lust filled encounters would come with life altering consequences.

Kane and Hailey are not only working through a new relationship, now there is another person to consider. Both have their individual demons they have to fight in order to make their relationship work. Mizera gives us a story of a struggling couple trying to deal with a very unexpected curveball. At the end their love for each other surpasses the struggles life has thrown their way and we get a beautiful story with a HEA.

This is the second book in the Alaska Blizzard series, although it can be read as a standalone I highly recommend reading book one. Kat Mizera has definitely warmed into my heart with this new series, I can't wait to see what she will give us in book three.

4.5 captivating stars!

## **Isha Coleman says**

Holding Hailey (Alaska Blizzard #2) by Kat Mizera

Life doesn't always go according to plan. Hailey and Kane are finding that out first hand. She went for the gold and scored on the ice, but in the real world, her life is no fairy tale. Achieving her dream cost her in ways she never dreamed possible. The one bright spot in her life is Kane. The hockey star trying to keep his head in the game is about to get an even bigger shock. When it comes to love, there's never a dull moment. Mizera keeps her heroes on their toes and her readers guessing with heroines that beat the odds and fight their way into the heart. The Blizzards are a hot bed of temptation that keeps getting better.

## **Debra says**

Hailey Dobson has her gold medal from playing hockey in the Olympics and now is ready to return to law school. Things quickly start to fall apart. First, her roommate has all of Hailey's belongings packed and ready to go. Then her student financing won't come in time to start the fall semester. She ends up working as a waitress in a strip club and living in a hotel.

Kane Hatcher is a hockey player with the Blizzards, a team in Alaska. He has had a long distance friendship with Hailey for months and finally meets her at the Olympics and they hit it off. He flies across the country

to visit her only to see the problems she is facing.

I really felt for Hailey, she is a gold medalist returning to Harvard University. She seems to have so much going for her, but it all falls apart and she is struggling with her finances and her plans for the future. Kane has had a rough life and he is struggling to get his game on with the new team in Alaska. Neither one is ready for what is suddenly in their future.

I really liked the two strong characters and the fact that both of them had their insecurities to overcome if they wanted a life together. This book is among my favorite by this author.

I received an ARC and this is my honest review.

### **Wednesday Stanley says**

Gosh what a great addition to the Alaska Blizzard series. This is the second book in the Alaska Blizzard series. All of these books could be read as stand alones. So you won't necessarily be missing anything if you dive into this series with this book. In this book we get Hailey and Kane.

I just loved Hailey and Kane..... Kane and Hailey.... However you want to look at it.... Now this is not the first time we get to meet these two characters. We meet them briefly in the first book.

But I thought that they were perfect together. I really enjoyed them together. Even though they got together under not so usual circumstances. Or you could even say they were kind of pushed together because of their circumstances.

I loved how sweet, kind, caring, and protective Kane was. And I loved Hailey's personality.

I really did enjoy this book and I can't wait for the next one!!!!

I'm giving this book 4 Stars out of 5!!!!

\*\*\*I received an ARC of this book from L. Woods PR for my honest opinion\*\*\*

---

### **Debbie Eichler says**

Great second book in this series. Loved Hailey and Kane. When they are thrown a curve ball while they are still getting to know each other, their insecurities come to the surface. In the end they proved that together they can overcome anything and that their bond is stronger than they thought. If you are a fan of sports romances, I highly recommend this series.

---

### **Janine - The World Was Hers for the Reading says**

After winning an Olympic gold medal, Hailey Dobson is ready to finish tackling her next goal in life - law school. But when she's ready to pick up where she left off, she finds herself with no job, no apartment and limited savings. The one and only good thing in her world is the new long distance relationship she's entered into with Kane Hatcher.

Kane Hatcher's known for scoring hat tricks, but last season, his game was off and the new team in Alaska is getting like it should. While he's totally into Hailey, she's also all the way across the country. When an unexpected opportunity gives them some time together in the summer, both Kane and Hailey jump at the chance to be together, even if it's only temporary.

When the ultimate game changer comes their way, however, both Kane and Hailey are in deeper than they ever expected. Without supportive families, neither is quite prepared for what's headed their way, but they have no choice but to work through it together. Can their budding relationship survive or will life keep them worlds apart both physically and emotionally?

Nobody writes a hockey romance like Kat Mizera, and she definitely scored with Holding Hailey.

When together, Hailey and Kane burn so hot that it is stunning. They've developed a solid long distance friendship, but still aren't prepared for having to rethink their future. They both have many insecurities thanks to unsupportive families, therefore finding it difficult to both trust and depend on each other. Watching them work to overcome their baggage is a gorgeous struggle.

Kat also catches readers up with Dani and Sergei from book one as well as the rest of the Blizzards. She does an amazing job of having readers feel like they are a part of the team and experiencing what happens both on and off the ice. I also need to give a shout out for Gage! I've fallen in love with this character and sincerely hope that Kat has a book in the works for him - he needs his HEA too!

Holding Hailey was a scorching hot emotional read and a great addition to the Alaska Blizzards series. 4.5 stars.

---

### **Andrekia says**

Holding Hailey is the second book in the Alaska Blizzard series. It can be read as a standalone but why not pick up book one (you won't be disappointed). Hailey and Kane but been is a long distance relationship and boy is it steamy. Hailey's roommate and best friend from childhood does her dirty and Hailey is left with no place to live with no money. On top of that she is hit with some unexpected news. Kane shows up looking for Hailey and when she shares her news he too gets unexpected news. Do they have what it takes to make it as a couple?

Hailey is a strong and independent woman. Kane is a strong caring man. His need to take care of her and her need to count on no one but herself of course creates some tension. I loved them individually and as a couple. While they started fast and hot, I loved how they did not just jump into a long term relationship but took the time to know each other before they committed.
