Historia by?a do?? dziwna, bo w ko?cu sam bohater wygl?dem przypomina? Minotaura. Bezsensowny erotyk.

Betty Lambert says

This book was ok. It was too short. She (Evangeline Anderson) had a very good story line and I just wish she could have developed it a bit more. Yes, there is a lot of sex, but aside from that the story really had my attention. This was about Tiffani was sick and tired of her dead end job and the path her life was taking so she decides to become an interstellar bride. She is mated to an Atlan Warlord Deek. Deek has lost control of his beast within himself so he is jailed and if he doesn't get a woman to tame his beast he will be executed. Tiffani is his mate and refuses to pick another as Deek is in jail. She is nervous but enters the jail. Will not say any more as would give away the ending. Quite good story line. Would recommend.

Great paranormal.

Gisella's uncle sells her into prostitution to pay off his debts. When Tristan's servant is looking for someone to be with his master, she jumps at the chance to be with only 1 man instead of many. She thinks that afterwards she'll just take off and make a life for herself. Tristan has been cursed to become a beast once a month with a raging sex drive and if the woman doesn't escape, she better submit or she'll die. No one has been able to submit to the beast and part of how he can get out of this curse. Now Gisella has a choice to make, help Tristan or run screaming.

The story was very good. I was a little afraid with Gisella being a virgin that we might have a lot of this running away even though she's intrigued stuff going on, but I liked the way this book was written.

MK says

This book is about a lady who would sacrifice her virginity to a beast to lift up a curse. The story is good

enough with the description of Giselle being duped by her uncle and bartered to a brothel. The build up of the story is also nice, with the mystery of the beast that she must appease in exchange for her freedom; but the final moment is somehow short and let down for me. It seems like the story have been fast-forwarded in the end with no justice serve to her uncle who sold her in the first place. Anyway, this seems like a raunchy version of Beauty and the Beast with Giselle being a willing sacrifice.

Domando a la Bestia

Una novela corta, al mejor estilo de Evangeline Anderson, que incorpora un toco de ciencia ficción, adentrándonos en un mundo próximo donde existen distintos planetas y hay muchas civilizaciones. Gisella y Tristán son los protagonistas de la historia, y al leerla nos vemos conducidos por un sentimiento completo de entrega al otro, es que Gisella es lo suficientemente valiente como para intentar domar a la Bestia interna de Tristán y liberarlo de su tortura. Uno novela que nos da un buen consejo ante la vida a la vez que está llena de erotismo.

Beauty has to break the curse of the Beast by having sex with him and submit to him. I like it.

[I do wish the story went on and said what happened to the uncle and did her parents really leave her nothing or did he steal it all from her? (hide spoiler)]

¡Hace mucho que no leía algo así!
La verdad lo hice por el reto de La Biblioteca, y por curiosidad jajaja pero con todo y que lo leí en inglés, me gustó mucho la historia.
Me encantó el mundo creado por la escritora, al igual que los personajes.
Super fluída de leer.

Taming with soft porn

This book reminds me of a soft pornografic Barbara Cartland. In spite of the attempt to write a sexually explicit or exciting description of the Beast and the Vigin, it came across as juvenal and sad.

Spoilers:

This is a short book one that I think had potential to be a novel and not just a short story.

It's got the whole help less heroin and a fierce cursed male it reminds me of Beauty and the Beast.

In her attempt to get away from an uncle who is a slime ball. Thinking that she is going to join to the convent it's a shock when she finds herself in the red light district or there version of it they are on a different planet after all...

Been sold to a brothal to pay off her uncles dept she risks it all when a stranger wants to buy one of the women thinking that she can see an escape she offers herself and the greedy pimp take the offer and sells her. She has been bought by a "prince" curse holds him hostage a beast within scared she agrees to try and help free him submitting to him.

This book is 18+ as it deals with adult issues

Not for the faint hearted

I usually don't hate anything I've read but this one I did. First of all the female lead was too stupid to live for sure. How could she blindly trust her creepy uncle. Especially since he was insunuating wha he always did. Second how could she go there so quietly. I wanted to choke her. I wanted to slap some common sense to her. I have to stop. I've never been this angry at a weak minded woman before.
