Come meet my amazing extended family of men, the Protectors and the Barretts!

Since all of my series cross over with one another, I've gotten many requests to bundle my bestselling books by reading order. Thus, A Family Chosen was born! These bundles tell the stories of men and women from my Protectors, Barretti, Escort and Finding series. Although each story was written so it could be read as a standalone, much more enjoyment can be gained by reading the books in order. You'll meet secondary characters who ultimately get their own books and you will understand the history behind each family of men when their series start to cross over with one another. Although there are 3 M/F books within the bundles, you can skip them if you want. The remaining books are all M/M or M/M/M.

The first volume introduces you to some of the guys from my Protectors series. In subsequent volumes, you will meet my guys from the other series.

## From Reader Review A Family Chosen: Volume 3 for online ebook

### Zan says

Excellent series, best to read in order.

### Sheila says

?Love these guys!!!!!!♥?♥?♥?

Where do I start ... Cade, Rafe, Declan, Ren, Luke, Roman (oh yes!), and Hunter. So many yummy men to lust over. I will be so sad to see this series end. I've lived with these men for over a week now and wake up each morning anxious to get started on the next story. They just get better and better.

#### So good

I enjoyed this volume as well but I think I'm missing books that weren't included in the volumes. I recommend reading them in the order of timing that is given in the authors website.

#### Sloane Kennedy you did it again

These books are so good that I have a difficult time putting them down. The characters come to life and tell their story so well that I can see them in my mind. Well done Sloane Kennedy you have a brilliant and very creative mind, I look forward to reading more of your stories. You are now one of my favourite authors.

#### Absolutely excellent

I can't think of a single book in this collection that I didn't love. There were some themes in these books that hit very personally, especially in Finding Forgiveness. Each relationship was unique and the characters were all well developed and well founded. I always understood the reasoning and rationale behind decisions.

### Lorraine Lesar says

I like book bundles, this one I LOVED. All the storylines brought something to the table and the little unexpected stories at the end was the icing on the cake for me. All the stars for all the stories. Highly recommended.

### **Aimee says**

I have rated each book individually, but they were all 5 star ratings. ♥?

#### **Can't get enough!**

I have fallen in love with Sloane's Men! They're all practically perfect yet have enough flaws to make them real. I have looked at Sloane's website and researched her books. I'm so grateful that she has put together the volume collections with her recommended reading order. I can't imagine reading these in any other order. Even if M/M romances aren't your thing, these books are still amazing. They are feel good novels about lovers and their struggles with love, life, and in some cases society. I know on many occasions I found myself thinking of how I would react in similar situations. Definitely made me think. Regardless, these are amazing romances and I would recommend opening your mind and your heart to let these men show you how much love they have. Don't get me wrong... the sex is still there and still in wonderful detail and still oh so amazing. I loved every single word! WoWZAme! Whew!! On to Volume 4. Stay tuned

#### **Great collection**

Another great collection of great stories. Hard to read, but worth it in the end. Enjoyed reading them in time line

---

### **Teresa says**

#### **Wow**

It is just easy to get sucked into these stories, each as good as the last. No way you can read just one.

---

### **Rebecca says**

#### **Amazing**

Her works gets better each and every time! I loved every book in every volume so far!!! Beautiful stories so much love and friendship! Absolutely love the family vibe of all the series!
