Simple Need Lissa Matthews

Vinter is not your typical businessman. Tattoos, piercings and not a suit and tie in sight. One-third owner of a bar and a tattoo parlor along with being a bassist in a band, Vinter comes and goes as he pleases. He likes his beer cold, his music hard and his women scorching hot. Until he's knocked off his game by a suburban doll he can't stop wanting.

Elise needs a change. In men. The buttoned-up businessmen she's been dating leave a lot to be desired—in romance, in respect and most definitely in sex. A recent text message from her now ex-lover drives Elise into a popular bar on the outside of town, where she meets one of its owners. He's just the kind of man she's never had and definitely the kind she's always fantasized about. Big, bad and oh so naughty.

Unexpected tenderness. Unimaginable lust. Being dumped has never felt so damn good.

Why I read: The author asked for a review

Favorite Quote: "By morning you won't remember his name and you won't want to forget mine."

Elise has been dumped by text message by her boyfriend who ended up being married. She has had full access to him – phone number, address, could see him anytime, so finding out he is married is quite a shock to her. Drowning her sorrows at a bar, she meets Vinter (love his name!) who takes one look at the luscious Elise and wants to make her feel better. He offers her a night of sex – for her to forget her worries. He also has the urge to get to know her better, but for tonight, he wants to give her excitement and naughtiness. Having some liquid courage in her she accepts, but that same liquid courage makes her fall asleep on the way home. So their exciting night, turns into a snooze fest – but no worries, they make up for it in the morning.

Simple Need is a hot story – a short one, but in this short space Lissa Matthews writes a pretty convincing relationship. It only takes place over one day, and yet the events that unfold are realistic. After Elise falls asleep, he decides to let her sleep the rest of the night instead of forcing the sex issue. He is a gentlemen – a gentlemen that is tattooed and pierced – in all the right places. When Elise awakes the next morning, that courage from the alcohol is gone and it takes a lot for her to work up the nerve to have sex. But Vinter realizes this and once she starts, she is all for it.

There is a great scene with them in the middle of oh so naughty sexin' and her phone rings with her ex-boyfriend. It becomes a very steamy scene as she takes the call, and the sexin' action doesn't stop.

Simple Need is a fast and furious erotic story. A bad boy that is a gentlemen – it doesn't get better.

Cyn Mistress Kitty says

I gotta tell you, this is one of the best, most erotic short stories I have ever read. The hero Vinter is to die for. Lots of tats and piercings with about 4 of those piercings on his d***. He is just so raw and earthy but with a kind, loving heart. I want a man just like him. I liked the heroine Elise too. I wanted the story to go on and on to see what happened with them although I don't doubt they had a great HEA.

4 ½ stars – Contemporary/Erotic Romance Quickie

Simple Need alright...I simply need a sweet, smokin' *HOT* tattooed, pierced bad boy like Vinter!

Karla says

This book should have been called **SCORCHING NEED!** What I loved most about the story was this scrumptious MAN, Vinter, let Elise, a down on her man-luck, self proclaimed plus-size, average women, control where their tryst would take them. He lets her take the reins, and in doing so releases her inner bad girl, which explodes with his yummy bad boy. He wasn't really a bad boy, in fact I thought he was a gentleman, but expressed himself through his body art, piercings and his love of smokin' hot sex...SWEET!! He lets her 'act' out her revenge on her ex and it is nothing short of amusing.

Just one night, day, whatever with Vinter would probably kill me, but oh I would die going out with a 'bang' and a great big smile on my face!

♥ Sam ♥ ~S2~Im made of awesomness says

I read this at a childrens Play Centre. Not an appropriate place to read when you are having to constantly clench your thighs together.... I knew this was going to be hot, but I dont think I expected this. For crying out loud I read it at a play centre.

I recommend reading in the privacy of your own room with one hand holding your book/kindle and the other holding your vibrator between your legs.

Vurrryyy nice.

Lynsey says

Holy mother!!! I read this last night and am still in need of a lie down in a darkened room!

I LOVED this.

It's certainly inspiring stuff...I'm off to get myself dumped and start trawling bars for a naughty tattooed wild man.

Annie (Under the Covers Book Blog) says

It's simple: I NEED a Vinter of my own.

I've never read an erotica romance before this. So some of my friends here on GR (Elena and Holly) wished to corrupt my mind further by introducing me to this genre and well... I got my erotica-romance-cherry popped, so to speak :P

This short story is HOT HOT HOT! When Elise gets dumped via text message by a douche, she does her sulking in a bar (I mean, where else is there to go?). When a hot tattooed and pierced man approaches her and offers to “take care of her”, Elise is more than willing to forget the jerk and move on.

Since it is a short story, everything moves at a very fast-pace(including the sex). Elise learns to let go of her sexual inhibitions and really go for it with Vinter. And Vinter is finding that Elise’s plus-size figure is too tempting to resist.

Vinter is hella sexy and his piercing fetish is something that a lot of girls would drool over. He’s the ultimate bad boy. And all I have to say is, I want one.

And I have to mention the phone scene. I’m sure you know what I’m talking about because I could not get that scene out of my head!

Simple Need is too sexy for words. Just read it, you definitely won’t forget Vinter’s name after this.

Favourite Quote:

“By morning you won’t remember his name and you won’t want to forget mine.”

Angela Carr (Under the Covers Book Blog) says

I've been officially introduced to Erotica genre and love it. Eeeek *looks side to side* Thanks to my GR friend who's name I wont mention. You know who you are(Leather Lust).

This book shocked me of its contents.

Simple girl gets dumped and meets a guy who's not quite her typical choice of men.

Vin is definitely not your typical guy. He helps Elise forget her troubles, oh, in so many different ways.

I recommend this short story and find out how.

Vinter made me forget my troubles too. ;D

Riverina Romantics says

4.5 Stars

The last line of the book blurb pretty much sums this up: Unexpected tenderness. Unimaginable lust. Being dumped has never felt so damn good.

Oh boy it was damn good. Damn, damn good. Clench your legs together, good. Molest your husband, good.

I really enjoyed Simple Need. Vinter was so damn fine. He was confident, direct and have the most wicked piercing in his nether regions...yes ladies, his jolly roger was all pimped out. On top of that, his body was perfectly covered like a canvas in tats making him one true blue bad boy. But the best part – not only did he

have the wickedness – but he also had the charm. He was respectful, he was a gentleman and he was all together charming.

I fell in love. I want my own hunky Vinter all to myself.

Lissa Matthews work is gritty. It is masculine, intenseand I have to mention it again – just plain manly. It isn't frilly or girlie, it is gruff and I love it. It is a different style from the erotic romance I am used to and I can't wait to read more.

Kathleen says

This was a very hot, yummy but short read. What I'd like to know is where were all the Vinter's when I was on the market. This guy was like the energizer bunny with the batteries in backwards, he kept coming and coming, LMAO! I'm old and married now so there is no way I'll ever find out just how good a pierced penis would feel, drat! I'm sure my husband would not even take a suggestion like that seriously, hahahaha.

Gigi says

Reread October 2016 Very hot erotica! Worth a second look.

Holy shit, Vinter is one seriously hot boy! He pushed all of my naughty-girl buttons. *fans self* Definitely a recommended read for M/F romance/erotica fans.

Michele ~ la Smoocherina says

Hot as hell! It's a novella length, but I would have loved to see it full length. I loved Vin and his Dominant nature, while still being tender and caring. Love him!

Leah says

2 stars

Kristen says

WOW! What a smokin' hot read! Thank you, Karla!

I've read a lot of on-line erotica and this story is one of the sexiest, juiciest, and frankly dirtiest erotic stories I've read.

Holy hell, talk about scorching hot!

I loved both Vinter's and Elise's characters. Vintner (love the name) was beyond scrumptious. The black painted fingernails I could have done without. A little too gothic for me. Both Vinter's and Elise's characters felt fresh and vibrant. I was amazed at how multi-dimensional they were for a short story. I also loved that Elise's character was plus sized and wasn't obnoxiously insecure about it.

My only complaint is I wish the story was a bit longer. I wanted to know more about their lives and what happened next. I would have loved for a small epilogue to have been included. The story's end just felt a bit abrupt for the amount of characterization it had.

I really liked this short story. *Simple Need* is a luscious, vibrant, and well written erotic short story worth the read.
