I totally loved this book.. it was well written and I could really feel that I was in the character shoe's. Oh and if Swift Arrow was a real boy I would totally marry him :D I totally connected to this book :) it bought me tears and there were heart warming moments.. It's sooo awesome it should be made into a movie :)

Actual rating of 2.5

I loved the concept of this book. However, I felt it was a little dry. I didn't feel connected to the characters at all until the last few chapters. I would have liked a little more to the story, I felt that it was just starting to draw me in right as it ended. I would have liked a little more about Asena and her rekindled shamanic powers, a little more about how she dealt with everything afterwards.
