## From Reader Review Forrest Gump for online ebook

### Carmela says

Ho preferito di gran lunga il film

Questo libro non mi è piaciuto tantissimo soprattutto il finale... Il film che è peraltro uno dei miei preferiti ha una trama diversa ma sono proprio quelle differenze che lo rendono migliore poi nel film forrest si mette insieme con il suo amore di sempre è poi lei muore Questa è la vera fine ..non ci sono neanche le frasi che amavo del film.. Stupido è chi stupido fa e la vita è come una scatola  
Di cioccolatini non sai mai quello che ti capita... Insomma questo libro non mi è piaciuto

### John Earl says

I read the book in about 34hrs. It was totally unexpected and was a hilarious account of a man I still wonder is real. The story is a non-stop rollercoaster ride that had me laughing out loud with every page. I recommend it to anyone who wants something out of the ordinary!

### Charles L says

Don't get me wrong. This is a fantastic read. The only reason I gave it four stars instead of five was because they were so many coincidences that felt unrealistic that there was too high of a "cheesy" factor. Otherwise, I would've given it five stars. Anyone who wants to enjoy an extremely entertaining character and wildly fun storyline, will love this book. I also saw the movie, which I also enjoyed, but found equally cheesy. Have fun with it!

### **Imala says**

Si se lee de forma superficial es entretenida y toca los sentimientos del lector. Pero si uno se para a reflexionar cada cosa que Forrest nos explica vemos que toda su increíble historia va mas allá. El protagonista nos da una lección de vida que se puede interpretar de tantos modos como tipos de lectores existen. Si reflexionas brevemente después de cada acontecimiento que narra, verás que, tras leer esta novela, hay un antes y un después en tu forma de pensar.

### **Henry Sandiford says**

Forrest Gump is a story about a mentally disabled man and how he finds his way in the world. The book is told through his perspective in a manner that is rather simple. Throughout the book he has his ups and downs through out his life but he ends up rather being very successful and also very lucky as well. I would recommend this book to anyone and the reason I gave this 5 stars was because the author has Forrest tell his story so simple that even the smartest of them can sometimes be dumbfounded.

I so loved this line...."Lieutenant Daniel Taylor: Have you found Jesus yet, Gump?  
Forrest Gump: I didn't know I was supposed to be looking for him, sir."

### **Shawn says**

Unusual writing style. How did anyone ever recognize a movie in this one.

---

### **Danny says**

I can see that the movie was based on this book, but the movie took A LOT of artistic license. Essentially Gump is way more flawed than the movie would suggest.

Most of the events in the movie occur in some fashion in this book, but way more stuff happens to him in the book.

It was interesting reading the book of a movie I like so much. I won't be able to watch the movie again without boring the c\*\*p out of everyone with "that's not how it happened in the book" commentary.

### **Elly says**

Awesome. Siapa yang bisa tahu jalan pikiran seorang idiot savant yang berhasil menemukan jalan hidupnya walau harus menempuh dan menemui berbagai hal menarik. I would love reading the book rather than the movie. Especially it is so funny.

### **Melynessa says**

buku ini hadiah dari teman saya bernama Clara, namun, sampai sekarang saya gak tau siapa yang minjam dan tidak pernah dibalikkan lagi kepada saya. sungguh kecewa.. buku ini menurut saya GILA!! menceritakan isi pikiran seorang idiot yang jenius sekali.... semua orang juga tahu jenius dan idiot itu memiliki perbedaan yang tipis. tokoh Forrest Gump yang merupakan kisah nyata..sangat menghibur dari cara berpikirnya, kisah cintanya, dan caranya menyelesaikan masalahnya sendiri,you should read this!!

### **Kim Williamson says**

If you are reading this book to get a better look at the character Tom Hanks played in the movie, this is absolutely not the book for you. There is very little that ties the two together. Normally I like the book much better than the movie, not the case on this instance.
