Between Friends Lolita Lopez

[Menage Amour: Erotic Contemporary Menage a Trois Romance, M/M/F, bondage, spanking, sex toys] For months, LA fashionista Whitney Montcrief has secretly lusted after her roommates, super sexy trauma surgeon Mick O'Loughlin and rough, tough and drop-dead gorgeous SWAT sergeant Eddie Dillon. Eddie craves Whitney's touch. Her sweet smile tempts him like none other—and it terrifies him. He's been burned once before and has no desire to relive the pain of rejection. His heart walled off, Eddie denies himself the very thing he wants most. But Mick is tired of tiptoeing around the obvious sexual attraction between the three of them. He wants Eddie and Whitney in his bed. He's ready to play with fire, even if that means dragging Eddie, kicking and screaming, right through the flames behind him. ** A Siren Erotic Romance

Can you really love two different people at the same time, even though it seems they have so much history that adding yourself to the mix will be a challenge? When brick wall after brick wall stands in your way, could you be the one to fight for what you want or will the task seem too big?

This is the story of Whitney, Eddie and Mick--all three very successful professional people who just seem to want something more in life. Can that something be found in each other's arms, or will adding sex and love to this mix break up the trio for good?

For Whitney, as a fashion design house mogul, looking for love has never been easy, and after being hurt so many times in the past she is reluctant to open up to the idea of putting herself out there again. But can walking in on a secret love when coming home early one night be just the shove she needs to get out on that branch again? And once out there will she be all alone or will the men of her dreams be out there with her?

Eddie has trust issues, not only because of his position as a SWAT team leader, but his rocky past with women has left him with a sour taste in his mouth toward lasting relationships. But when he meets Whitney the day she moves in as his roommate, he starts thinking that maybe he could give it one more try and see if she would really be different than all the others.

And finally there's Mick, the famous trauma surgeon who just happens to also be Eddie's best friend and roommate. With Mick's good looks, amazing family and great job will he steal Whitney's heart before Eddie even has a chance to get into the game or will Mick turn to dirty tricks to knock himself out of the game early on? Can this trio make it work as friends, sometime lovers, and maybe one day a family...or is it doomed to be from the first meeting?

Lolita Lopez is a new-to-me author, and she did a great job with this story. Not once did the story drag or feel like the writing was forced. I think she took an old concept and gave it a new spin that kept me interested and made the reading easy. I was sad to see the end of the book as I really fell for these characters. I will be on the lookout for more books by Lolita Lopez because this is definitely a book to put in the keeper pile for a reread in the future. You will not be disappointed, so go out and grab a copy!

Erin says

I think this is the best one of "Lolita Lopez" I've read before. I love her other pen name Roxie Rivera, and where her Lolita ones are shorter, less plot, and kinkier... this one honestly hands down was the best. -
Actually, wait.. I don't know if that's true. I really did like her book.
It's the longest by far, and had the most amount of plot to it which was refreshing.

The kink was just enough.

Eddie, and Mitch were both hot. I don't think I ever got annoyed with Whitney at all.

And for once, one of her stories didn't take place in Houston, Texas! Wooohoo!

I liked the plot. It really all felt believable.

Both the emotional stuff Whitney was going through with her relationship with Mitch and Eddie. And even the bank robbery plot. It was all done very well.

Between Friends by Lolita Lopez

I enjoyed this book and will definitely be looking up this author. The BDSM scenes were not a big part of this book nor were the relationship of Dom/sub.

The only thing I didn't like about the book was the ending. I think the ending is just as important as the other parts of the story and should not be rushed like I believe this story was. All the angst between Whitney, Mick and Eddie might have been resolved during the 9 week pause in the book but that was not explained fully in the story. Also at the end it was mentioned that Whitney was having difficulty being intimate with the men and then.... she wasn't. I would have like that explored a bit more. I think a scene or two showing a gradual change would have been more interesting followed by the "Happily Ever After".

Jessica Gomez says

I liked Mick and Eddie's story. They are the hot men that are in a relationship. They were very well connected. I also loved Whitney. She has a job and she is independent. She is also feisty. There was some bdsm going on but it was just a sort of an exploratory thing or scene. Not really into the lifestyle just the basic and dominant Eddie "suggesting" what he wanted to do to her while getting their freak on. What I didn't like was that they weren't clear with her on some aspects. When they started out living together. What I meant was that they brought home other women while she was alone. Was she not even told before hand or could she not have brought home her own conquests? Did they expect that she was to remain single to wait for them? I wanted her to do the same things they did to her.

Karen Roma says

An erotic ménage between housemates who are also close friends.

Eddie and Mick needed a housemate and Whitney was their perfect fit. But 12 months down the track, they

have both realized that keeping their relationship out of the bedroom is becoming impossible.

Whitney is everything they want for their future, but convincing Whitney that their unorthodox ideals are achievable is not the only obstacle; for as much as Eddie is besotted by Whitney, he has been burned in the past, and is therefore reluctant to risk his heart again.

This is a fabulous, and somewhat emotional story of three intelligent and amazing people with a whole lotta love to give.

But be warned, these guys know how to burn up the pages with tons of erotic, sweaty, get down and dirty sex, that will have your heart racing and your blood pressure rising.
