Time is running out before Charly leaves Wilde, and him, forever. But Seth won't let that happen. Somehow he will convince her to stay with him—whatever it takes.

The new pleasures Seth shows Charly thrill her beyond measure, and she begins to fall hard for him. Will Seth help Charly to trust her instincts and choose love over logic? Or will the killer succeed and snuff out her light forever?

### Guilty Pleasures Book Reviews says

Kitty's review posted on Guilty Pleasures

So, after all this time, I figured this was going to be the last book in the series. WRONG! One more, hopefully, to go. I can't wait to see how everything turns out but, I guess we will have to wait for "Forever Strong".

So, it's Seth's turn to try to win Charly's heart and convince her to stay with him, Drake and Dax. But, Charly has a problem, not only has she been shot but she loves Heath, Tobias and Nate, as well as, Drake and Dax, and Seth and Heath have not seen eye to eye in a very long time because of another woman. Yea, I know, the brothers do share their woman and there shouldn't be a problem with that but, there is a line. Seth was in love with her and honestly felt that she was the one for him, Drake and Dax. The other 2 brothers didn't feel the same and Heath felt she was just using Seth for his money so he set out to prove his point. The fall-out was Seth's hatred of Heath. Now, how does Charly fix this so that she could have all six of the Strong Cowboys? When Seth takes Charly to his home to recuperate after the gunshot, she thinks she knows the way to bring the two of them together. Well, of course, it back-fires and Charly has to deal with the fall-out. Well, that is, Seth and Heath's punishment – paddles, handcuffs, sex. Really, punishment? And, guess what.....it didn't work. Seth still won't trust or forgive Heath. And, now two more twists to the story. We find out who the murderer/shooter is and guess who's back – Gabby – the woman who came between Seth and Heath. The second twist – the murderer has kidnapped Charly's mom.

So, as this story is winding down I am beginning to look forward to seeing where else Ms. Lang is going to go. There is a hint of a relationship between Charly's mom and the doctor that treated her for the gunshot wound. Hopefully we'll hear more about that in the final installment. But, what I really want to do right now is slap Seth up side of the head. How could you tell a woman you love her but are unwilling to forgive your brother to keep her happy. Seth has issues that are really going to have to be resolved in Forever Strong to get the true HEA that Charly wants and deserves.

Now, I think you all know by now how much I love this series and am looking forward to seeing how all the issues are resolved. I do need to commend Chloe Lang and her writing style. She has kept the series moving, light and funny, serious and loving. Her cliff-hangers are appropriate and keep you guessing. I enjoy reading her and hope that you all do too.

### Book Addict says

These books are terrible but I have an almost obsessive need to finish any book/series I start. I am usually pretty good at scoping out books well in advance so this doesn't become a problem but I was way wrong with these ones. The last book comes out Aug 20th and even knowing how much I will rage through it I will be happy to put them behind me forever!! Considering the cost of buying these digital novellas (I'm guessing less than 1000 pages in 7 books at \$4.99 each is \$35; holy crap!!) they are so not worth the money or the time.

I'm a pretty laid back reader and can forgive a wide variety of romance book flaws but even I have my limits. I haven't gone into specifics as to why these books are so horrible for 2 reasons. Firstly, I feel it ruins the book for those who wish to read them (I'm sure someone out there loves them) and secondly, there isn't

enough space in this post to be able to list every flaw in the story (or time in the universe to finish it).

Why would you end the book like that Chloe Lang? You keep me on the edge of my seat, Then you yank the seat out from under me! now Gabby is back in town to wreck havoc with the brothers and her half brother has kidnapped her mom! WOW!!! what a freaking ending. now onto the last and final book in the series

### **Cyn Mistress Kitty says**

This was Seth's story and it was only ok for me however we do find out who the killer is although I guessed who it was long ago. Seth was just too stubborn for words and needed a kick in the ass.

### **Tia says**

I knew they had to bring Gabby back one way or the other and guess what, she's back! The ending of the book wasn't very surprising thing time around but the novel in itself, all together was great.
