Beth Spencer has experienced only pain in her short life. Married off to a cold and heartless man, she's never known the gentle touch of love. When her husband is found dead, all of England assumes she killed him. Desperate to escape the hangman's noose, she flees, assuming the position of a governess and working for the intriguing Nathan Chambers, Lord Brimley. Instantly, Beth feels a connection to the man. But can she trust him with her life? If the mysterious and aloof lord of the castle doesn't steal her heart, his four rambunctious sons just might.

Nathan Chambers can never know love. Even marriage is an impossibility for being with him means living a life of terror and fear. It is only while at his estate in the countryside that he can hide the demon within. But fate intervenes when the beautiful governess appears. He thinks Beth is the answer to his prayers when she takes his unruly sons in hand. But when she steals his heart he realizes just how much of a threat she truly is. Mariana says

I'm reading this trilogy completely backwards. First, I read the third book (novella). This is the second book about a werewolf. Since I enjoyed both, I plan to read the first about a vampire.

Amy Kuklis says

Great!

This second installment is as great as the first, if not better. I wholeheartedly hope there are more to come in this series. Thanks again for another fantastic story, Lori.

Marcie Ann Brown says

Wonderful

You know and feel each character. You see the world through their eyes. She does an amazing job with all of the books in the series.
