I liked the origin story, however thought the artwork was good, it wasn't my favourite style, either way I want to pick up the next issue soon!

Roy Halter says

Interesting...

I probably haven't read a Turtles comic since the '80s. This is definitely different, but still enough of the same to stay true to the spirit of the characters. So far anyway. It doesn't seem as campy and kid oriented as the old stuff I'm used to. Interested to see where this goes.

Andrew Shanks says

Haven't had any good Ninja Turtles stuff since I was a kid. Hopefully, this will bring some of that magic back.

Julia says

This is the first TMNT I've read and I was happy with it. I'm a big fan of the cartoons, etc. so it was only a matter of time before I read the comics.

Rebecca Timberlake says

It was really cool to see how the characters came together, and the way they organized the story made it more like the opening of a movie. I definitely want to read this series all the way through.

Laura Reynolds says

Zion says

Amanda says

Jumps right in!

Sucked me in quick, but the backstory timeline seems very rushed. Loved the artwork, though! Looking forward to finding out what happens next.

Jo says

Beautifully made and a fun read.

Clacie says

I grew up watching the movies and the cartoons. Now that I'm slowly moving into the world of comics, I decided to finally read a TMNT one. I still don't know how to rate them though. I liked this one. That's about it. So 3 it is!

Fugo Feedback says

Bonito botón de muestra de una serie que comienza de lo más normalito pero pronto crece en uno de los reboots más entretenidos, pragmáticos y bien narrados que haya leído.

Chester says

Good start

I have no complaints. The art looks great and the story was fun. I'd for sure like to read more of this series.
