Corrupted

Robert J. Crane

Corrupted Robert J. Crane

WARNING: Due to graphic language and disturbing content, this book is intended for MATURE READERS ONLY.

Midian, Tennessee is the site of a gradually deepening apocalypse. Demons haunt the town, causing unexplainable deaths that leave local law enforcement mystified. Demon hunter Lafayette Hendricks and Sheriff's Deputy Archibald "Arch" Stan are on the case, however, and with the aid of their significant others and a pair of demonic Officers of Occultic Concordance, they'll chase down every lead they have to find the killer...until they uncover something utterly unexpected. For something dark and twisted has come to Midian with one evil intention: the desire to corrupt innocence utterly and completely...

...something that will burn the very world around them to ash.

Lars Klander says

I dunno. I enjoy Crane, he has a nice brisk pace that is great for my light reading, it keeps me engaged but doesn't make me think to much.

That said, I think he needs to quit setting up so much (its been three books of setup now) and start actually getting down to the meat and potatoes of his promised character conflict. Seems like he took steps towards that in the last 50 pages, but I will wait and see.

Sharon says

Wow

Fascinating. Lots of rough language, murder and mayhem. Just like the other two books.. It takes a lot of action to protect a town from being destroyed by demons.

Looking forward to next adventure.

Barb VanderWel says

I love this & I can't wait for more.

I will be also leaving a review on Goodreads @ Amazon.

And letting everyone know about it.

So i gave it a 5 Stars.

Amy_Read to My Heart's Content says

Original review for Daddy & Daughter reviews at: <http://readtomyhearts.blogspot.com/20...>

Daddy's Review

I am telling you that this series just keeps getting more and more exciting! At first, I was a little skeptical about reading these books but my daughter really wanted to challenge me to get out of my "westerns only" reading and try something new.

Well, now I can honestly say I am glad I did. This writer, Mr. Crane, is darn talented. It is just sad you can't find him in every bookstore but only online. I would like to see him everywhere because he definitely deserves it.

I have to say, so far, Corrupted has been my favorite book. It has a lot of surprises in it, good and bad, and the bad guy this time is pretty sick!

I swear every time I read these books, it is like there is a movie playing out in my mind. It is really easy to picture the scenes throughout the book.

I really enjoy that Arch's wife has a more major part in this book. There are also some pretty funny parts too.

I really like how the whole story seems to be progressing; but I still think the Sheriff should have a more vital part with the gang.

But all in all, Corrupted was so good with super realistic fight scenes that the bad language really took a backseat for me!

I have give this one five stars!

My Review (Daughter's Review)

What I love the most about Robert J Crane's writing is his originality. Trust me, some of the bad guys in this book you will probably never find them in any other demon genre. You know you are going to get something totally unexpected and more than likely, it will be hilarious.

I just love how Mr. Crane was able to take something so innocent and healthy and then turn it into some mass killing machine. Kudos to you, Crane.

We see some of our favorite characters in this as well as meet a few new ones. I personally, love the warlock even though I know he is a bad guy. He is just a likable bad guy.

And of course I am loving that Arch's wife is in the action, so to speak. There is so much more to her and I love that she is being incorporated into the story a little more each time. I really think that Allison Stan is one of the strongest characters in the book, the quiet brooding strong.

I still enjoy the demon officers, Lerner and Duncan, and think it really opens up the whole gray area that Crane is so good with writing. Yes, they are demons but are they inherently evil?

There is some major plot twists throughout Corrupted that will have you gasping in surprise and laughing out loud too.

There is one specific scene that really had me thinking of the Ghostbusters movie. Think of the whole "keymaster, gatekeeper" idea and you will understand. I loved that scene so much! Even though it was pretty creepy; it was still pretty awesome!

Overall, Corrupted was a really fun and really intense read. There was this major darkness (even more so than normal) saturating the whole story line that kept the story from being too crazy and silly; but instead made you deal with some very shocking and intense themes that people today sometimes face. I feel like each book is leading up to this whopper of a story thread that is going to bring the reader down to our knees. Each of these books gets harder as there is more things for these people to lose.

Johnnie Mae says

The characters in this story are fantastic

The characters are fascinating and unpredictable, I gave this book four stars. I first thought Henricks, Arch and Starling were interesting but Alison

And Erin also have their moments. Having fun with banter between the characters, they are hilarious even facing danger, they have me laughing outloud. Stands to reasons, there would be different levels of demons. Someone finally got that. Hope next story is as entertaining.

Miguel Ángel Alonso Pulido says

Con este tercer libro ya me he enganchado irremediamente a las desventuras de la Guardia del Sur.

Aunque me sobran unas cuantas referencias pop metidas con calzador, el excelente desarrollo de los personajes y la trama frenética ha hecho que devore el libro y me haya comprado los dos siguientes al momento. Una lectura muy muy entretenida, quizá no muy original, pero muy bien escrita y muy bien narrada. Me ha encantado.

Pam App says

I was a bit late to the SW party but like his others books, these are brilliant. I read a lot of genres, some even dark, these are wonderfully twisted and I'm loving them. Demons causing havoc, Midian being dragged apart and a bunch of folk trying their damndest to sort it before it all goes to hell.

Jim Kratzok says

Can't wait for book 4 in this series!

Kelley Midgett says

From the prologue of this book I was wondering how the end was going to progress and I was not disappointed. Cannot wait to read the next book.

Sue Gill says

This was an Improvement on #2

I enjoyed the Dr's character and the night riders.

However the section with the track to & action in the 'lost' town was rather drawn out and lumbering. it seemed like it needed more editing and polishing.

I would read book 4 but mainly to find out what specific incident put Arch on the Dr's shit list.

Jo says

Oh dear. Things are definitely going to hell in a handbag in Midian, Tennessee. But what a story it makes!

Throughout this series there is, for me, an underlying note of tension which is being ratcheted up a notch or two with each book released. It's like being on a slippery slope with a fiery pit at the bottom, only someone keeps making the slope steeper and steeper.

I adore this series. Yes, it's graphic; yes the language is foul and yes, there are the moments when I read and then just go "EW - gross!" But, for me, that is what makes this book a great read. Despite the fact that I was reading about demons and the impending apocalypse, I was still involved in the story and the characters.

Robert succeeds in describing a bit of hell on earth....I could almost smell the brimstone.

I received a copy in exchange for an honest review.

Shalonda Johnson says

Good Read

The story is progressing along and pulling the reader in. The demon Hunter is getting much needed backup. Hendrick is now learning that he has a lot to learn with his demonology. My only complaint was there was an enormous amount of profanity, mainly showing up in unnecessary places. That is what took from the book.

Cyber Killer says

A very good addition to the series, though this one feels a bit more grim then the previous ones. Less of a 'pulp' feeling and dabbing a little in the vicinity of horror. Perhaps it's the theme of the main monster, or the fact that there's quite a lot of gruesome descriptions of dead bodies, or maybe more sex scenes than the last time.

Anyway, I like it ;-).

Carien says

If ever a warning for MATURE READERS was ignored - this is definitely NOT the time! Corrupted will leave you sick to the pit of your stomach, yet unable to put it down.

The newest evil to reach Midian, Tennessee will make you wonder if anyone will ever be safe again, but then...

Read it if you dare and see how the lives of those who live in this god-forsaken town get to grips with the newest layer of hell.

Karla says

A really great story, thoroughly enjoyed this book.
