Illusion of Luck

Robert Burton Robinson

Illusion of Luck Robert Burton Robinson

As Greg Tenorly was about to marry the woman of his dreams, he figured he was the luckiest man in the world. Until he got an anonymous phone call warning him about his bride's shady past. Larry had been lucky all his life. He had everything he could possibly want. Except a publishing contract. So, the fact that his first six mystery novels had been rejected did not dissuade him from starting on book seven. Ironically, he finally found success when he began to publish an online account of his own downward spiral into depravity and murder. Is luck real? Or is it just an illusion? Some people have to find out the hard way.

This book was a real page-turner, very thrilling to read! The best part? Available online, free from <http://www.robertburtonrobinson.com/2...>

Debbie says

Equivalent of car crash tv I don't know if it's the style of writing or what but it just does not flow well. Having said that I was getting closed to giving up and then had to read to the end; so somehow it sucked me in.

Jo Wun says

This was a free download which I read in MobiPocket on my N95. This has an interesting plot line in as much as the 'baddie' is an author who writes about his misdeeds in the chapters of a book (also called Illusion of Luck) which he posts one by one on the internet as the the book, and the plot, progresses. Some might find parts of the action a little near the knuckle (what a strange expression!) but if you're reasonably broad minded then you should find it an entertaining read.

Tim says

I found number 2 in this series made me want a break from the box set. This was better, reasonable without making me desperate for more.
