Nine short stories from a few of the greatest names in science fiction on the topic of exchange, replacement, upgrade, and masquerade.

Ranging from true short story length through novelette and originally published in science fiction magazines in the 1950s, these brief escapes into improbable worlds have it all: humor, suspense, betrayal, mystery, twists, and of course—robots and aliens.

Paul says

I received a free copy of this book as a Goodreads giveaway.

I don't usually read much in the way of science fiction - but I do like short stories and although inevitably there were some stories which hit the mark more than others, I did enjoy the collection and maybe I'll read a bit more in the future.

If you like science fiction AND the short story format, then this is the very book book for you!
