The Temptation Trap, Complete Series Alexa Wilder

The Temptation Trap, Alexa Wilder's long-awaited follow-up to The Wedding Rescue and The Courtship Maneuver, is finally available as a complete series. For the first time you can read all five books in one volume!

Emma Wright is in over her head. Three months ago her life was perfect: amazing job, shiny new MBA, great friends. When her job turns into a nightmare overnight, Emma feels like her life is going down the tubes. The only bright spot is her hot new boyfriend. He's the man of her wildest dreams; sexy, smart, sweet, and a master of her body between the sheets. He can't seem to get enough of her full-figured curves, so it's too bad she's starting to think he's keeping dangerous secrets.

Axel Sinclair likes control. At work, at home, in bed. He gets what he wants, and he never loses. Not until he meets Emma Wright, and she turns his well-ordered life upside down. Emma was supposed to be a job - getting his hands all over her luscious body was only a bonus. Before he knows it, Axel is in deep.

Axel is sure Emma's guilty as hell. Can he do his job and bring her down? Or will he follow his heart and claim her for his own?

EXCERPT:

Emma Wright was becoming a problem. She was supposed to be a job. An easy job. Get close to her, find evidence that she was selling confidential data to a competitor. Get paid a ton of money. How hard could it be? She was the head of Human Resources at a shipping company, not Mata Hari. This kind of thing was the bread and butter of Sinclair Security. I figured I'd take the meeting and pass the case to one of my guys. Then I got a good look at Emma Wright. Fiery red hair, creamy skin, abundant curves, and clear blue eyes with a wicked glint. She was irresistible. Luscious, soft, and more than a handful in all the right places. The moment I saw her picture, I knew I'd be handling her myself. Sleeping with the suspect wasn't usually my MO, but in this case, I was prepared to make an exception. Normally, my approach was to get the evidence, give it to the client, close the case, and cash the check. Not with Emma. Getting her into bed wasn't the hard part. Neither was pretending to be her lover. But Emma was tricky. She was smart. Funny. Gorgeous. And surprisingly kinky. Deliciously kinky. I'd never admit it, but it's possible I was taking my time on the case just to have an excuse to keep her in my bed.

Another Great Read!!

This is a great story. I have loved the whole series. I recommend it to all. I can never put Ivy's books down. I look forward to reading the next one. Happy Reading!!?

Crystal says

Good read.

Liked the characters. Liked that Emma had a good head on her shoulders and was not whiny or making dumb choices about her safety like in some other books. I have enjoyed the series and look forward to the next book.

Lindsay says

Loved it!

First couple chapters of the book was like waiting for a train wreck to happen but you can't look away. My first reaction of Axel was

and then I couldn't wait to learn all about Emma and what was her deal. She was a kickass h! Sweet and feisty and doing the best that she could in a difficult situation. I only wish she had made Axel grovel more (meanwhile it was great to get his pov so you know how much he regretted his actions). Still though...woman make him earn it!! lol

April Symes says

Temptation Trap Book 1- This book is sexy as sin, and super mysterious. I was hooked immediately. AND super psyched because this is Axel's story –and we met Axel when he was a supporting character in “The Wedding Rescue” trilogy. This is the follow up to the The Wedding Rescue and The Courtship Maneuver.. Axel Sinclair is a security expert and in this story we catch him in the as he is working undercover. He is trying to catch someone giving away company secrets. The person the company thinks is doing it, Axel is having a hard time believing it – the company believes it is Emma Wright, Human Resource Manager for the company. Axel finds he is super attracted to her , and the animal attraction he finds to her makes it doubly

hard to do his job but does it he does. Axel gives Emma a fake name and he tells her he is Adam . Poor Emma, she is so confused and in turmoil right now. Her job is seriously tanking because her boss is bad things involving the Russian mob, the FBI is talking to her regarding her boss and they want her to help them take her boss down and now in the middle of all this craziness she has met a really hot man... I felt soo bad for Emma because she really deserved something good to go her way...She is such a great person. Axel/Adam is a great guy but has the wrong impression about her. This book is about wrong impressions but the sex is HOT. Here he is, knowing she is possibly a criminal and he is still sleeping with her. There are twists and the ending is a real turn ...This book ends on a cliffhanger. I cannot wait to see what happens in book 2. I really hope Axel and Emma can be together and get their HEA soon.

My rating: 4.5 stars ****

Temptation Trap Book 2- WOW! There was some serious stuff going on in this book. Axel brings the book down on Emma and she is in shock. She isn't the evil person like her boss has made her out to be. But Axel refuses to hear Emma out and takes her in and ends up taking her directly to her boss...there are some serious bad juju going on with Emma's boss going on. Emma tries to tell Axel she can explain things and there is more to her that what he sees and that she is working for the FBI and certain agencies and to please call the agent in charge...he refuses. Things get heated and Emma gets hurt under Axel's watch...he didn't mean to hurt her but it happens.

Emma is turned over to her boss and then the real terror begins. Emma is threatened, hurt under her boss while Axel starts to think about what Emma says...let's say he has a moment where the light comes on and he makes a call...after that, Axel goes to get back Emma...

There is action and adventure, heat and anger, angst and sexual tension –this story has it all. I cannot wait to what happens next as the story ends on a cliffhanger. Axel and Emma really will keep you hooked on this story with their interaction with each other and I am dying to know the outcome of what Emma's boss is up to and why he wants her silenced. This story has it all. I cannot wait for the next book in this series.

My rating: 4.8 stars *****

Temptation Trap Book 3- Things are just getting even more intense in this book. Emma is now under Axel's protective care and she is not sure if she trusts him or if she should get the heck out of dodge as the old saying goes. Emma feels so betrayed but as of right now, Axel is her only bet.

Things between Axel and Emma slowly start to get to an even page when Emma is shot. That is when we find out there is a mole –Axel then is threatened by the FBI that they are going to take Emma from him. Things have really gotten bad because if they take her from him, she is surely dead and that sounds like that is the plan all along.

In this book, we are starting to get a picture but of what- possibly who the mole is, or who else wants Emma dead besides Harper & Tsepov? Oh and the sexual chemistry is STILL there between Emma and Axel. Just because he lied to her and accidently betrayed her doesn't mean those feelings go away. I cannot wait until book 4 to see what is next in this exciting series.

My Rating: 4.5 stars ****

Temptation Trap Book 4- OMG! This story literally blew up. In this, Emma and Axel has been taken by the FBI to a safe house. Also they have been kept away in a bland safe house. Yuck, I feel so bad for Emma. Her whole life is so torn up when all she was trying to do was the right thing. At least Axel is with her.

Now in this book, we are able to find out who , at least a pretty good idea, who the mole aka rat is that is trying to take out Emma and Axel. Also Axel's brother comes to the safe house and is able to provide some backup. But the safe house 's location is comprised and the team guarding Emma are killed and the house set on fire—Emma, Axel and Axel's brother Evers barely make it out alive. This ended on a doozy of a cliffhanger.

What happens next? Where can they go since it seems not only is the Russian Mob after them but the mole is

working with the mob to kill Emma, Axel and now Evers. When is a girl gonna catch a break? I loved the pace of this book and the action of this story. Emma and Axel didn't know whether they were coming or going but Axel was going to die to keep Emma safe. I appreciated knowing more about this mole and the suspense in this story was at a good high in this story. I would have liked a little more passion but can understand why there was less in this story. I cannot wait for the next installment in this story.

My rating: 4.7 stars *****

Temptation Trap 5--The final book in the Temptation Trap series was filled with action, suspense, romance and passion. It had me on the edge of my seat and OMG, it was so full of OH WOW moments. This was the best ending for the book and worth waiting for.

Axel and Emma are on the run, trying to figure out who is wanting her dead and there is a mole in the FBI so they really cannot depend on them and the Russian Mob wants her dead which started the whole story. Last we saw on this story, Axel sent Emma away for her protection with a Sinclair friend, Evers, and that about broke Emma's heart. She was devastated but understood. She ends up getting her friend Summer to safety with her so the mob couldn't touch her and OH did the sparks fly between Evers and Summer. Suddenly Axel shows up and surprises his love—they end up heading to Vegas where they end up moving into together in his place—it is beautiful on how they come to the place where he gets her to move in with him. There are some HUGE TWISTS and turns coming up and something that I didn't see coming but the ending is so sweet and I love Axel and Emma together. Saw a couple previous characters from the authors other books in this book. Love the cast of supporting characters—Would Love to see a book re: Jacob Meyers or a story on Evers and Summer—

Alpha Male Axel and his Lady Love Emma led us on a fantastic journey and the danger and suspense in this story was amplified by the passion and love shown by this couple. Their journey was awesome and I can't wait to see what's next by this author.

My rating: 5.0 stars *****

Good!

I liked the book and characters very much! Axel Sinclair was a jerk in the beginning to Emma but made up for it. The ending goes into telling now showing, but overall it is good.

Sometime says

Not a bad story. Axel is a real turd at the beginning but he redeems himself pretty early on. In fact, there isn't much conflict in the relationship after that. Most of the plot is pretty unbelievable but the characters are fun and interesting. The last part was a little slow but picked up near the end.

My one complaint? The cover is terrible. The model and his Jr High beard looks like a metrosexual. Not like the tough awesome Alpha security specialist and former military man. I just imagined my own Axel as I

read.

An Awesome Story

This is the third book in the series and the best so far. The book starts off hot and remains so throughout. It is definitely not how the average love connection begins but it is the way most of us want it to end.

Tamara Mau says

The characters Ivy Layne created are so realistic...

I love ALL of Ivy Layne's characters, except the ones we're not supposed to like, they're believable yet exceptional. But I must admit that I have two favorite pairs. Summer & Evers not only melt my Kindle Fire, they also melt my heart. But Axel & Emma's story edged ahead as my all time favorite. Charlie & Lucas found out my top 3. I still have to read the rest of the Untangled series as well as the Covington Billionaires 6 book series, but they're standings are pretty solid. I can only hope that Ivy Layne would finish the last 2 Untangled books sooner than expected. Thank you for all the great reads, I'm looking forward to many many more!!!

Mary Winstead says

Alex tells her his name is Adam, but the longer he's with her he wants to believe she's not guilty but the proof was shown to him. When he catches her he doesn't believe her side of the story. He gives her to her boss. Emma was contacted by the FUN to bust her boss. When Alex knows the truth he has to win her

heart back cause he truly loves her. Can she look over the lies and see why he did. Great story.

The Book Junkie Reads . . . says

Axel and Emma have what is required to make this an adventurous read with ups, downs, ins, and outs. All in more way than one. Take one section at a time and make this a read that will relax the body just before a grand night of sleep and very pleasant dreams.

Love this author!

One more!

Another action packed exhilarating story! The things that can happen when you think you're doing the right thing. Not only were there external factors working against them, but internal as well. They let nothing stand in the way of their love. Well done Axiel and Emma!

Shontaye Harkness says

Goodness all the way through!

Loved Axel's and Emma's story! I knew his story would put you on your toes because he's so secretive and a saving kind of guy. The bad guy is out of the picture but I'm sure danger si just lurking around the corner just waiting to jump out.

Meghan says

They didn't need to start over

Axel and Emma are great together. This story had great chemistry and brought in a lot of characters from ILs other books. The backstory is well developed and ties in the villain from the other stories as well, but with that said you can read this book as a stand-alone. Lots of hot scenes, but also a lot of dialogue and interaction between family, friends, work and the bad guys! Love how Emma was a strong character even when handling events outside of her wheelhouse. Hope to see more of Axels family and see why Summer has that weird look when questioned about her last name and relatives ??
