Filthy Liar by Paige North

Landon Hill is a filthy liar.

He was my brother's best friend, my first crush, my first love...my first everything.

And then he betrayed me.

How many times have I thought about it? How many times have I relived the moment when I found out he left town without ever saying a word?

And how long has the memory of him consumed my every waking thought?

Three years.

That's how long it's been since I've seen or heard from him, the only man I ever loved.

The man I now despise.

But suddenly, without warning, Landon Hill is back. And to make matters worse, he's somehow become rich beyond imagination, and he's opening some mega business in town and walking around like he owns everything in sight.

Including me.

But I'll never be able to forgive him, even if the fire still rages between us. In the end, I know that he's never to be trusted. He's a filthy liar.

Pump Fake by Lila Price

He's known for all the bad things he's done since he came to Vegas.

The madam's little black book with his name in it...

The crazy late night bar fights...

The trail of broken hearts he's left in his wake...

But nothing could have prepared me for actually coming face-to-face with Eli Brennan, hotshot wide receiver for my city's professional football team.

With his bulging muscles and rock-hard physique, Eli is every woman's dirty little fantasy, but never in a million years did I think he could be my reality.

Because I'm nobody.

I've always been the girl without a date to the school dance, the girl who had to study to get a scholarship, the one who was working instead of drinking and partying with boys...

In short, I've always been invisible to people like Eli Brennan.

But suddenly, the most notorious bachelor in Las Vegas sees me.

And when Eli propositions me to become his fake fiancé and help get him out of his latest public relations nightmare, I can't refuse.

I just have to make sure that I don't take this too seriously, because Eli Brennan isn't serious about me. He isn't serious about anything.

The whole thing is crazy. But in my heart, I know that this relationship isn't as fake as it's supposed to be. The way Eli looks at me, the way he touches me, the way he makes me feel.

In fact, it turns out that this pump fake romance might be the realest thing that's ever happened to me...

Ordered by Kaylee Quinn

A standalone alpha billionaire romance with a guaranteed HEA...

DARCY

Bought and paid for. That's what I am. Nothing but a plaything for billionaire Thayer Noble, picked off a website like some kind of product.

He's sexy as hell, with a clenched chiseled jaw, and the most sensual, brutal lips I've ever seen. His punishing mouth never bends into a welcoming smile but tugs into a furious frown. His indigo eyes are always blazing with fury. His heart is stone cold.

When he sees me, he tries to turn me away.

Loved every page

I love to read steamy love scenes and boy does these books have them aplenty. I would recommend this box set to those of you who are into explicit sex and love scenes. The authors are very graphic and detailed.

Wow!!! Awesome reads

All 14 books were must reads and hard to put down. I have no favourite! They are all that good! I absolutely adored every alpha man and his leading lady that starred in each story. These are what fantasies are made of.

Barb McKinley says

GOOD STORY, CLIFF HANGER ENDING

I enjoyed the story in this boxed set. My problems were these: 1. The editing was terrible and even one sentence I couldn't figure out! 2. The erotic content was probably over 70 percent of the book. Maybe you like that and if so, read the whole series as I am sure they are the same. I however; like more story to a book and there was plenty of room for more. So that is my reason for the 3 star rating. If you are looking for great romance, find another book. If you just want sex, go for it.

Irene Marshall says

Brilliant bundle

A great entertaining bundle of books. Each book has its own individual storyline and each alpha male has his match in a feisty female. There is a lot of red hot sexy action, there is some humour and something's that make you cry absolutely everything you need from a good read. Very well worth reading a great collection.

Missy Rafidi says

How do you not fall in love with these alphas!

Michael Ghahary says

Fast moving fun

A good book for quick easy reading.
Light and full of variety.
Fun places and characters in all short stories.

Esther Phelps says

Alpha

What a steamy collection to fill the dreams of mere mortals. Loved each one as a whole, strong men made stronger through the connection with their woman.

Amelia Conlin says

It has good qualities

The characters are well defined but it is not a stand alone book. It has a third book that will make you want to buy to see what else happens. But I got this as a box set so I can't complain too much. I did like the story though.

TRM INC says

Good read

Good group of books. Really enjoyed reading each and every story. Thank you for providing such entertainment for such a reasonable price.

Amazing

This set was out of this world. Took a little longer than normal but loved every single day, minute, and second of it.
