What a way to start of a brand new series! I can't get enough of these Montana cowboys!

Riley and Cord knew Kady was the one for them by the first glance of a picture. Riley being a lawyer is in charge of Kady's estranged fathers will. After finally tracking her down the two men are adamant to have her as theirs. No matter what.

I really enjoyed this fast paced romance. not only did I love the steamy sexy times but throughout this novel there's also a mysterious vibe that comes along with some hidden angst

I loved Cord's strong alpha vibe and Riley's chill vibe. Kady is one lucky lady, that's for damn sure!

As for why I dropped a star on my rating. I loved the hell out of this romance but I felt it was way to insta love.

Spurred was exactly what I was looking for. I was looking for a short fast paced novel I could sink my teeth into, cowboys were a happy bonus!

I can't wait to see what Vanessa Vale comes up with next.

Vanessa Vale's "Spurred" is the first tale in her new Steele Ranch series. As usual with Vanessa Vale, this is a MFM menage with all the delicious male attention focused on the leading lady. I love the concept behind the new series with the Steele half-sisters. So very interesting...makes me wonder what I would do if I found out I has inherited part of a ranch with a bunch of hotties on it! Lots of great sexy scenes. Can't wait to check out the whole series!

Great start to a new series. Two hot "cowboys" for every girl. Plus in this one there's a killer for hire to take care of. It seemed a little rushed in spots and a little lacking in others, but there was plenty of sexy times to fill in.

I received a copy of this book from the author.

Vanessa Vale is known for her sexy menage novellas. In Spurred we have two Montana men - Cord and Riley who are looking for five sisters who've inherited a ranch they never knew anything about. The first sister to arrive is Kady. She's a second grade teacher from Philadelphia. The vastness of the ranch she's inheriting with her half-sisters - ones she never knew existed - is a surprise to her. Probably not as surprising as the attraction she feels for the two men who tracked her down and brought her to the ranch, however.

As soon as Cord sees Kady in person knows she's the one for him and Riley. Now to convince her. Where they're from menage relationships are the norm. Definitely something Kady has to get used to.

In addition to some sexy time - Kady's home is broken into and someone's after her. Cord and Riley are determined to find out who's behind it all. The result is not what Kady was expecting. Life can change on a dime and this time it was for the better.

I enjoyed reading this story. It's short and sexy. I liked how the author worked in the suspense into this particular story. It wasn't what I was expecting and made the story that much more interesting.

A friend suggested Vanessa Vale for me to read for a quick hot steamy read.

I needed something to help me get over a previous book and help me shift gears, so to speak.

This book was the ticket.

A PI, and a Lawyer falling for a 2nd-grade teacher, yes, please!!

If you are open to a MFM threesome, you've gotta read this book! Starting another Vanessa Vale book today!

SADDLE UP COWBOYS!

In this new series, Ms. Vale puts a new meaning to the words, “Hot, Possessive, Sexy, Strong, and Funny Cowboys”. I’m completely on board with Ms. Vales love for cowboys. Especially Montana cowboys. This book is hot starting at the first page. The male’s point of view is so much more interesting and intriguing. Ms. Vale has painted a lasting picture of love, humor, and protectiveness in the arms of three people that have found love on a Montana ranch. Against the odds of attempted murder, an absent or non-existent father and an emotional and drug addictive relative.

Kady Parks, a Philly school teacher, who finds out she is a sudden millionaire, and part owner to a Montana ranch along with four other half sisters from a father neither of them knew. Kady is curvy, smart and sexy. Just the right woman for Riley and Cord. Kady wanted Riley and Cord the moment she walked off the plane.

Riley, an attorney and the executor to Kady late father’s will and Cord the owner of a securities company hired to track down Kady, both want her as their woman. Strong men that are looking for, “the one” woman to make theirs, have found everything they were looking for in Kady.

Kady arrives in Montana to claim part of her inheritance from a father she’s never known. The fact that she has four other half sisters and three have been found to come forward to claim their inheritance has cemented this into a series. It will be interesting to read who the next sister is and which one of the hired cowboys working the ranch that were introduced in sets, will go after the next sister. Riley and Cord instantly want Kady as their woman and they set about letting her know their intentions are for marriage not a one night stand. Kady doesn’t come completely without baggage. Kady, taking care of her younger sister, Beth after the death of their parents. Beth, who’s in and out of rehab for drug addiction, and at times is cruel and hateful to Kady, Guilt is the name of the game, when her sister Beth, finds out Kady is an instant millionaire and is fathered by another man, giving Kady two fathers.

Beth, running her mouth in rehab, was targeted unbeknownst to her and married to David Briggs, a ruthless man also in rehab. Briggs paid someone to kill Kady, so he could help Beth, as Kady beneficiary spend the money. The hired killer is killed by Sullen, a hired hand working on the ranch. I hoping he will show up soon in one the next series books because he has skills. Needless to say, Beth went back to rehab, it’s implied that Briggs will be going to jail for a long time, and Kady gets her men.

I rated his book five out of five because, the plot is ongoing, well wrote out, and it didn't take long to get the point of the book. There is anticipation for the next book.

This was short, fast-paced, and really hot. If you're not a fan of dominant men and insta-lust, this isn't for you. I was looking for something light and this one is just right.

What a way to kick off a brand new series...with some hot cowboys! This is a great new series that is set in Montana.

Riley is informed that a father she didn't know about has died and left her and four other 1/2 sisters his ranch and millions of dollars. The ranch in question is the Steele Ranch and it is in Montana. She ends up heading up to Montana to find out more about her inheritance. When she gets there, she is met by two sexy and desirable men- Cord and Kady. One is a lawyer handling her deceased father's estate and the other is the caretaker of the property. Theirs is a story that begins with love at first sight and it immediately takes off and branches into intrigue, suspense, romance and oh so much more. Riley, Kady and Cord make for a great couple and the challenges that they faced are written well in this story...will they get the HEA or will Kady go back home after the summer? Will these men be for her or will the drama and angst be too much? Oh this is a fantastic start to a new series and I look forward to the rest of the coming books in this new series by Ms. Vale.

My Rating: 4.5 stars \*\*\*\*\*

"I received an advanced copy of this book from the author at no cost to me."

I loved this book! I couldn't put this story down. I have been a fan of Vanessa Vale for a while now and I can't wait to read the rest of this series.

Kady has learned that her biological father has left her an inheritance from his estate. She goes out to Montana for the summer to get away from her memories. Once there, she meets Riley and Cord who instantly feel a connection with her. They know that she is the one for them to share. When someone breaks into the ranch, will the boys figure out who is after her before it's too late?

Highly recommend this book.
