Scarlett Haven

Toxic Scarlett Haven

We're back from Tokyo and I'm living with my dad.
Zach is my dad...
That's still weird to admit out loud.
Since we got back, the guys have treated me like I'm fragile.
I am going to prove to them that I am stronger than they think.
Maybe I'm crazy to sign up for torture training.
Maybe I'm crazy to think I can survive Spy School.
There are some things not even the boys can protect me from.

Toxic is book 3 in The Zara Chronicles.

Shelly says

Fun YA series. I enjoy the escape.

(To the author: My son had a concussion recently. If he is anything like a typical patient, you may have missed the mark on the recovery protocol, but thanks for the escape from reality with your fun series!)

Celeste says

Better than the last but really not by much because while Zara is supposed to be a genius...yea not so much.

Brigette Kenagy says

Great continuation of the series!

In this 3rd book you really get to know more about and fall in love with the characters and their families and it definitely leaves you excited for the next book!

Cannot get enough

Just when things start to ramp up it ends. Still enjoying smart and spunky Zara and her guys. Still wishing these books were a bit longer but they are very good.

Dena says

What a character

Wow I fell in love with the guys they are so cool. I wish I had friends like them. Spy school is really awesome. I liked the humor in this too. This is really good.

Ebony Lewis says

Must Read!

I can't wait to read the next book! Love this series and I need to know what happens with Zara next.

catherine lawrence says

Longer

I love the characters. I have one of the guys in mind, whom I hope Zara ends up with but it was a tough choice. I just wish the books were longer.

Alice Bullard says

Five stars

I loved this book. It had all the things i wanted in it and it gives you a better understanding of Zara. The only problem is that it is so short! Ideas this in one sitting and now I can't wait for the next one.

Anne says

I really think the author's writing style will get better over time. As my rating so obviously states, it is ok right now. There's just something so as hay matter-of-fact wish about the storytelling, as if it's a textbook. Kind of dry and lacking in between the dialogue among characters...which results to lead feelings. On the other side, I just can't see past the 1-dimensional-ness of the characters. I think it's a side-effect to the writing style? And lastly, I don't appreciate how the guys insist the heroine to be completely honest with them but at the same time don't practice what they preach. Smh.

Fell in love with this series!

I love the characters,in these books i just wish the books were longer,and why In the hell I decide to read this series when the next book doesn't come out until October,and it ends on a cliffhanger.

Alisha Thompson says

Okay

Toxic is the third instalment in the Zara Chronicles. This particular novella is a follow on from the last, obviously. The team returns to school, Zach continues to investigate who sabotage the plane, the guys have admitted they are falling in love with Zara, obviously not to Zara just yet, and we are left with a cliffhanger. Zara in the meantime is trying get to know her dad and deal with her complicated feelings towards her mum. The boys always have her back however.

Bianca Souza says

I just finished this book and can't wait to read more. This is the kind of book that you can't believe when you get to the end because you thought that you started only ten minutes ago.. time just flies by you...

This story is so unique and the author just knows how to get you hooked up! I love how Zara and the boys develop their relationship and the way she thinks.

Can't wait for the next one and I hope that Scarlett keeps this series going for a long time!

Maija Robinson says

I'm running out of things to say!!

I just am totally addicted to this series. I can't get enough! Hopefully you've started at the beginning and know where we are!!

joanne.heaver says

Awesome writing, Left on a cliffhanger noooooooo can't wait to read the next book counting down the days .

Beth C. says

Such a good series!

I love this storyline and the growing relationships Zara has with all the guys, but even more so, with Zach. Happy that she finally feels like she fits in and has a new family and that she's safe. She's progressing so well in school and has been given her first assignment. But this book kind of "ends" on a big cliffhanger. The author should have reversed the order of the last two sections of the book, or added another chapter break or something. The cliffhanger would have been so much more effective and made readers so much more anxious for the next book.
