Reese has the life that every woman has dreamed about. As she helps women plan and execute their special day, Reese is secretly waiting for the day it is her walking down the aisle. It may be easier said than done, though.

Anthony is a rapper, and to the outside eye, he has everything. The money, the cars, and the picture perfect trophy girlfriend, Elysia. However, with her continuously pressuring Anthony to get married, he strongly doubts their relationship and where it's meant to head. When he meets Reese, the inevitable happens. With her outgoing and vibrant smile, he finds himself easily attracted to her. However, all is not fair in love and war. Will their hearts be the casualty?

I need part 2 now . Who knew that Elyasia was hiding a whole baby for three years that's crazy and shows how selfish she is I'm glad that Ant left her. I'm happy that Reese left Cordell as well he is no good for her and i wonder if Rick set him up to get shot that's what he gets. I'm happy that Reese gave Ant a chance they make a great couple i want friends like hers can't wait for part 2

Great Read

Really loved this book from beginning to end and what a ending. Enjoyed the storyline and these characters and I couldn't put it down....a page-turner. Very well written and flowed smoothly at a steady pace. So many secrets, twist and turns that kept me wondering what's happening next. Really loved Ant and Reese together and how their relationship is blossoming. I know it's more secrets to be revealed and I couldn't wait. I knew it was something about Roz that Elysia didn't want revealed, but I didn't see that cliffhanger ending. So ready for P.2..... Highly recommend this book. Job well done Cherice Harris.

Reese finally found her knight in shining armor but there exes would not let her and Anthony be great. Elysia was a very evil conniving woman and she deserves what's coming to her. How will Ant explain to Reese the child he is holding in his hands. This series just got real!#839

Wow

I can't believe things end like that I know that Elysa was trifling but to just give her baby away is to much which it probably not Ant own. I really love Ant and Reese as a couple also Cordell must go too. Can't wait for part two.

Treva Charleston says

This is so good can't wait for part 2 I don't know if Beauty and Born will still be together after this, I knew that Beauty was gonna fuck herself by keeping items from all of those victims. I don't understand how the girls got use to chopping bodies up and shit. Luca and his wife are some crazy mfs. I knew that something bad was going to happen to Navy but I thought she had laced the weed, Pasha and Toy good as dead.

Monisah says

That cliffhanger doe!!

First Elysia needs her ass whooped. Not just any whooping, I'm talking about a big mama ass whooping. Cordell needs to leave resse alone, and let her be happy with ant.

This storyline on this book was pretty good... It moved at a nice pace... The was a few areas in this book that contradicted itself... So this kind of messed up the flow of the book a few times because I was like wait didnt it just say this... One example was when they said Cordell drove to the hospital then walked in the door then

collapsed... But later it said he was brought in by ambulance then back to saying he drove himself.. It was just distracting and a little confusing... Other than that I did like the storyline...

I hate seeing all that Reese keeps going through... She is a good hard working, faithful woman... Yet she is with this no good man named Cordell... He just did not appreciate what he had... Well this time he may have over stepped his boundaries one to many times... Because he definitely brought Reese out of character to set the house on fire with him and Vonna in it...

I could not stand Cordell... Just because he was a DJ he thought he was the man and was just out here sleeping around when he has a whole girl at home... But that didn't stop him from bringing women back to that same house he shares with Reese and the same bed... He is just dirty... He thinks it is all a game... But like they say Karma will come back on you hard... He thought things were all good while messing with Vonna but we can quickly see that things are just not going to well for Cordell... Then he got Caught up in some mess with his friend Rick.. But something is just not right... I cant put my finger on it but something is off about Rick...

Ant is a rap artist... He is very well known... He is in a relationship with a girl named Elysia... Now I did not like her either... She was just after Ant for his money and what he could do for her... She wanted to just sit on her butt and have Ant take care of her... Little by little she kept being aggressive about things and she kept saying that she does not feel like she needs to work... Ant kept telling her that she needs to work... Then she went and got to comfortable and went against what Ant told her... Now look at where she is...

Once Ant and Reese cross paths once again... It was like the universe brought them together... They had a chemistry so strong they could not explain it... Just as things really start to build with them... They start getting hit left and right with secrets and drama from their exes... This was a whole hot mess going on...

We have Cordell and all his mess along with his jealousy interfering with Reese's happiness... Then we have Elysia bringing all kinds of mess... An wait why did she keep this a secret and how did Ant not know... Now once again Reese will be hurt... I just hate seeing her hurt... Now to see how part 2 will bring all of this out... #839

Excellent Story

He Captured My Heart: A Miami Love Story by Cherice Harris is a good and wonderful read. Cherice does a good job. This book is drama and more drama queen. It's a well written and page turner.

Anthony and Reese are cute together. They're deserve to be happy without drama. Cordell is a something else. Anthony's ex girlfriend is doing too much. She's not thinking about his feelings and not focus on herself. The end of book is shocked and surprised to me. I'll not give any of details about what's happening to end of this book. I can't believe it that I finished reading this book in one day.

I'm looking forward to read part two of this book. I'll definitely continue to support and read more this author. I know I have lot of catching up to read her work.

Excellent Job:

Phenomenal

I love Reese and Ant relationship. I want so bad to know what was Elysia action with the baby. The ladies bond was beautiful beyond words. Cherie Harris I can't wait for the next installment your pen game is always fye

KayKay Guice says

Wait...what

Just when I thought I couldn't dislike Elysia any worse...she proved me wrong. She's a real life dead beat, money hungry, gold digging, opportunist. I can't stand her and don't see how Ant dealt with her as long as he did. I like Reese but hate how soft hearted she was behind that bum Cordell. I hope she doesn't lose a great man for a bum. He's so dumb, I really think Rick set him up. He and Vonna deserve each other, they're just alike...delusional. I cannot wait to see how this plays out. I'm definitely #teamAnt #teamSpiff
