The Billionaire's Proposal Olivia Saxton

Calvin Michelson needs to get married and produce an heir so his fly by night cousin won't inherit the family legacy and fortune when he dies. This is business for Calvin. He has every intention of resuming his playboy life after marriage so he needs a woman who is willing to bear a child and can put up with his ways. After a quick conversation with a family member, Calvin realizes that the perfect bride was right in front of him all along.

Yvonne Moore has worked for Mr. Michelson for ten years. He was a good boss and he had never expressed interest in the efficient assistant with dark framed glasses who always wore her hair in a bun. So when her billionaire boss asked her to marry him, she laughed her head off– until she realized he was serious. Yvonne wants time to think about it. Calvin is not a patient man. He's in hot pursuit in convincing Yvonne to marry him and have his child. What Calvin and Yvonne didn't bank on was falling in love.

Rosa says

Cant put the book down!! Surprisingly entertaining, I had a good laugh here and there, it's a typical Billionaire's romance book but it sooo good! I really enjoyed it!

T.M. Pigatt says

?

I must say I was pleasantly surprised by this book. It was so much more than I thought it would be

Lisa D. Watts says

Great book

I loved this story and the characters were believable and delightful. But I did have one peeve about this book; what's up with the word "authority" being misspelled in several places and being capitalized. It's goofs like this that can really ruin a story for an avid reader like myself.

Bianca D. Lewis says

Pretty ok*spoiler*

Overall cute and sexy story. I had a few personal issues with the *spoiler* an** sex scene...after a decade of Zero activity...Zero prep time could not make a realistic pleasant experience**for her! Makes the H seem inconsiderate to say the least of being less then a perfect lover. Some editing vocab issues...depth when should have been deft for example...Overall I liked it and will read more from this author.

Lisa Davis says

Ok....

The idea of the book was good but not unique. There were grammatical errors all over to the place to the point that I had to try and figure out what the author was saying. There was a lot of unnecessary text that I skimmed over. I didn't like how the author emphasized "black friend" "black maid" etc. And the way that she wrote the "black" lines was super over the top and stereotypical. Overlooking all that the book was just ok.

Presly Jones says

THIS WAS SO LAME. IT WAS JUST SO LONG AND BORING. THE HERO WAS CHIDISH. I JUST GOT TIRED AND BORED. COULD NOT BRING MYSELF TO FINISH IT.

Gina Bowman says

I enjoyed this story. I found it an easy read that kept my interest throughout. I think most people could pick up this book and read it in a couple of hours and say they enjoyed this love story.

Yvonne thought about marrying Calvin and did know that she wanted to be with him. She wanted to be the mother of his children. She wanted to be with him. Once she accepted her feelings for him she knew she was going to marry him.

I liked that Yvonne realized she had feelings for Calvin early on and that her friend Toni had challenged her to test out the theory that Calvin liked her too. He especially liked that purple suit.

The night before the wedding and the next morning had me laughing out loud. Friends can be the worst! and the best.

The attorney section had me laughing out loud, the silly things they were going off on and trying to slip in were silly and not at all what the couple wanted.

It was a little "Pretty Woman" when Yvonne tried to find an event coordinator/wedding planner but it was well done.

I was surprised the author threw in anal sex. I thought it was just unnecessary. That's the only thing in the book that I felt was out there. Didn't need it.

He's in hot pursuit in convincing Yvonne to marry him and have his child. What Calvin and Yvonne didn't bank on was falling in love.

ILoveToRead says

Good Read, BUT-

What I liked about this story is the fact it did not include an exorbitant amount of overly used tropes as you would normally find in a book about an arranged marriage between a billionaire and his long-standing assistant. There were no angry exes trying to separate the couple, no disappearing for years, no hidden pregnancies, no racist family members... This author took a different approach with a story that has been done many times by adding her own twist and infusing a bit of humor.

What I did not like was how unnecessarily and ridiculously long this book was, the amount of glaring grammatical and syntax errors and the fact that she referenced someone in the office using a Rolodex. Seriously? Do they even exist anymore? But maybe I missed the context clues as to what era this story took place, because as I stated, it was a long a\$\$ read.

If you can suspend all preconceived notions of how you think this story should really happen and ignore the two normal romantic bull\$^&t cliches that pop up, you'll enjoy this long read.

ALF says

Awesome Read!

This book was recommended by one of my friends on Goodreads and I must say it had me laughing out loud. Calvin and Yvonne were great together and this is one of the best books I have read this year.

Pearline says

Calvin is a billionaire investment banker whose 38 years old and in need of a wife and heir. His reasoning is that he doesn't want his lazy alcoholic cousin to inherit his family's legacy. After discussing his dilemma with his mother he realizes the perfect solution is his assistant Yvonne, who he has been resisting his attraction too for 10 years.

So this is your typical billionaire romance where both people are great friends who have been secretly in love with each other but too scared to tell the other. While it's the typical dynamic it's told really well.

I found myself really invested in Yvonne and Calvin's relationship. Things that hooked me was that Yvonne is not ambiguously Black nor is her friends or family. Yvonne easily code switches and is the neighborhood "babygirl" who everyone loves. Calvin's uncomfortable at first when he first meets everyone but embraces everything about what makes Yvonne who she is. From her love of African art to some of the pimps and hustlers who protected her in the Bronx. I even enjoyed Calvin's crazy friend Max, his drunk cousin and his over the top mother. Everyone from both sides were rooting for this couple and went out their way to play matchmaker.

My only issue with the story was making Yvonne pretty much asexual because she loved Calvin so much.

Authors need to stop making these women nuns while the men are man whores in these stories. There's no way this woman hadn't dated in 10 years. Finally, her willingness to accept anything from Calvin as long as she was able to marry him and have his children was a no go for me. She's a strong woman but insecure when speaking up about what she wants from Calvin.

Overall this was a very enjoyable story. I would definitely love to see a story between Max and Toni both are a complete mess and full of comic relief.

sjoyce says

Humorous Proposal

An interracial romance that was as hilarious as it was unbelievable. It was much longer than any interracial book that I've read. Hopefully no one would take any of this seriously. It should be labeled an interracial, romantic comedy.

Calvin was a typical, arrogant, white, male billionaire. Yvonne was pretty atypical as the black, female heroine in this book. Both were extremely loyal to each other. The proposal Calvin made to Yvonne was never meant to be based on love. Yvonne had worked for Calvin for ten years and knew what a womanizer he was. She was his cleanup woman in every sense. Calvin knew that Yvonne knew everything there was to know about him. The book opens with comedy and there were plenty of laugh out loud moments throughout the book. The characters were not fully developed but there was enough backstory that you knew what motivated both Calvin and Yvonne. Even the secondary characters were as funny as they could be.

The sex was not sensual and at times was a little too erotic. It seemed the author decided at times that some overly, descriptive, graphic sex was necessary. It added nothing to the book. Spanking is a complete turnoff and there's nothing erotic about it - at least, not in this book. The grammatical errors were due to carelessness of both author and editor, if there was one. Still, this was a fun read but could have been so much better. Better editing and less unnecessary, graphic sex would have improved the book.

Diane West says

The Billionaire 's Proposal:A BWWM Billionaire Romance

I loved this book it was wonderfully written,fun to read and and sexy.I loved reading about Yvonne and Calvin and how their arranged agreement turned into a wonderful love match.

Maria D says

I love how the author let us into the backgrounds of the characters. It made them more real and relatable. The story was more about the romance and emotion with hints of sex which for me, made it a story I didn't want to put down. I couldn't wait to get back to it. I love the writing style...a few grammatical errors but it wasn't

so disruptive to the flow of the story.

Gabrielle says

Loved it!!

I absolutely loved this story!! I couldn't put my kindle down! First, let me say thank you for none of that over the top drama! You kept it simple and sweet and I truly loved every character in here. Yvonne and Clavin!!!! Omg, I loved their relationship.. The banter here and there and their love for each other which was obvious from the start. This was perfect. I would definitely recommend this story and look forward in reading your other stories!!
