Eryn O'Shaughnessy says

Read it to my daughter but the french version. My french sucks but it was cute enough.

Kelli Bullock says

Not my favorite Mo Williams series. But still cute.

midnightfaerie says

We love Mo Willems and have been picking up all his books as of late, but these are a little past us. We enjoy them, but a little too simple for even my 3 yr old twins. It loses their attention and seems to blend in with the other animal books we have, whereas Willems piggie and elephant books don't. Still, worth the read and a lot of fun for the younger crowd.

katsok says

Perfect for my Kindergarten reader.

Milton Moon Louie says

Can the hippo fly? B

Cara Byrne says

A board book with a "high flying" ending.

Nicola says

Miss 4 liked tracing the flight paths with her finger.

Miss 4 and I like to explore different books and authors at the library, sometimes around particular topics or themes. We try to get different ones out every week or so; it's fun for both of us to have the variety and to look at a mix of new & favourite authors.

Suzanne Kunz Williams says

A fun book about animals that fly with a surprise ending.

**Talking points - Animals are limited in what they do by what God has blessed them with. Are humans? Why or why not?

Kristin Fletcher-spear says

great for very beginning reader with simple language & repetitive nature.

charlie liked the different ways the creatures flew...especially the rhino.

great artwork as always. I really want to decorate a playroom with willems artwork...

Jennybeast says

On my highest choice for very beginning readers. Mo Willems, I don't know how you manage to rock absolutely everything you write, but this series is no exception.

Sarah Souther says

I love Mo Willems, but this book was just okay. My 4-year-old daughter would give it 4 stars.

Carlie Elson says

This is a great book for beginners. It is very repetitive. It shows the different things that animals do. For example how birds fly and how bats hang upside down. Showing the characteristics of animals is a good thing for kids to understand so they can start distinguishing the differences of each animal.

My 2016 Book Riot challenge - a book you read aloud to another person: Morgan!!!!

Super cute but not Willems best .

Kelley says

Great book for beginner readers. Good simple sentences with repeating words. Fun, too.

Kelly says

It's a cute book, but I like his Elephant and Piggie books better.
