Double Dare

Jeanne St. James

Double Dare Jeanne St. James

"What could be better than waking up next to a hot guy? Waking up sandwiched between two of them."

Quinn Preston, a financial analyst, is not happy when her friends dare her to pick up a handsome stranger at a wedding reception. What better reason to give up men when her previous long-term relationship had not only been lackluster in the bedroom but he had cheated?

Logan Reed, a successful business owner, can't believe that he's attracted to the woman in the ugly, Pepto-Bismol pink bridesmaid dress. And to boot, she's more than tipsy. After turning down her invitation for a one-night stand, he finds her in the parking lot too impaired to drive. He rescues her and takes her home. "His" home.

The next morning Quinn's conservative life turns on its ear when Logan introduces her to pleasures she never even considered before. And to make things more complicated, Logan already has a lover.

Tyson White, ex-pro football player, is completely in love with Logan. He has mixed emotions when Logan brings home Quinn. But the dares keep coming...

"Publisher's Note: This book contains explicit sexual content, graphic language, and situations that some readers may find objectionable: Anal play/intercourse, BDSM theme & content, male/male sexual practices, menage (m/m/f)."

From Reader Review Double Dare for online ebook

Pam Nelson says

I picked up this book because of a recommendation not thinking anything of it. I listened and enjoyed it, and then I went to review it on GR and found I had already read it.

It is interesting because I don't remember reading it and usually I do, but I will say it was pretty great there are parts I am not completely sold on and parts I loved. There were a lot of sexy times. So if you in the mood for some MMF this has the story and the sexy times.

For me it's all about the story, I want to know how they find a third if they want a third and why. How each person brings something new to the relationship I love that. Because they could have chosen to stay a twosome but they both knew something was missing. That is why I love MMF so much.

I wanted more from the end. I think Quinn was acting a little selfish and that whole coming out part just didn't work for me. But the rest was great.

I very much enjoyed the narration I think all three narrators did a great job. The growls... I swear swoon!

Crystal Viverette says

This is a hot MMF read. A unique read that will draw you in and hold you while tugging at your heart. I love the character's and the storyline. This is a five star read all the way.

I volunteered to read an advanced readers copy of this book

??Charlotte?? says

4.3 dirty sexy stars!

Review to come!

Chase says

Have you ever met someone and found them to be kind of off putting, but then you have sex with the person anyway (because the person is hot) and then the sex is awesome so you don't really care that the person is kind of annoying? That's this book. You might feel dirty afterwards (because you don't really like the person or the characters that much), but it was fun so what the hell? Besides it's just a book. Minus one star for the pony tail, creepy introduction of Ty, and all the other annoying stuff. Plus four stars for hotness.

A??ela W. says

This was a really good book that was picked for me in a pick it for me challenge. Quinn Preston, a financial analyst, is not happy when her friends dare her to pick up a handsome stranger at a wedding reception. What better reason to give up men when her previous long-term relationship had not only been lackluster in the bedroom but he had cheated and broke up with her in an email. Logan Reed, a successful business owner and dominant, can't believe that he's attracted to the woman in the ugly, pepto-bismol pink bridesmaid dress. And to boot, she's more than tipsy. After turning down her invitation for a one-night stand, he finds her in the parking lot too impaired to drive. He rescues her and takes her home. Tyson White, ex-pro football player, is completely in love with Logan. He has mixed emotions when Logan brings home Quinn, but the dares keep coming. This was a really good book this was my first time reading this author and I liked the dynamics between the characters like Ty knew that Quinn had never been with black man or a man of his size or how they each had insecurities. I wish the author would have went into more detail about each of the past when it was clear that Logan and Quinn had been hurt by their parents for who they were especially Logan. This book was hot the sex scenes were very well written and I had to stop to get some relief several times. I would definitely recommend this book it's a very hot m/m/f.

Adriana says

Double Dare by Jeanne St. James

I read this book a while ago but what I remember most about it is that the two men were awesome together. I mean scorching, sweat dripping and mouth watering (aka drooling on my part) hot together!!!

Laz the Sailor says

This is definitely one of the better menage books I've read lately. Despite the rapid development, the story is warm and wonderful. The guys have money, but it's not unlimited. The woman has a career and a family. The sex is steamy but not over the top.

I'll read the next one.

Steph says

Yes, please!

When Quinn Preston met Logan Reed, the sparks immediately flew. When Quinn went home with him, she didn't expect Logan's longtime boyfriend Tyson White, but Quinn's more than willing to be the filling in a hot guy sandwich! With Logan and Quinn's wild chemistry, Ty isn't exactly certain where he fits in the scenario anymore, nor is Quinn sure of her place with the established couple. Thankfully, Logan is certain enough for the three of them.

Mmmmmm, yea...that's the stuff! I love nothing more than a hot as hell MMF read, and DOUBLE DARE delivers! The book is light on plot, but seriously, who gives a damn when there's so much yummy delicious guy on guy on girl action going on! The three of them together was like throwing a frozen turkey in a deep fryer, heat boiling over from the word go. There wasn't a whole lot of depth with any of these characters, nor was there a giant misunderstanding or fight, but for what this was, hot bisexual ménage erotic romance, it was just perfect. Except for the ending, that I thought was abrupt and I'd have loved to have had a nice tidy little epilogue wrapping up the decadent threesome.

Bottom Line: No OM/OW; MM, MF and MMF sharing; some condom use; lite BDSM/kink; no sexual assault; no violence/murder. - See more at: <http://gibt.theromancereviews.com/vie...>

Clorie says

2 good idea stars

Something different, a ménage with 2 guys. One black one white and a white girl. The author was trying really hard to be inclusive but every time she mentioned the black guy she always referenced his color. It wasn't needed and thus felt forced.

Plus when you find yourself skipping through the sex scenes that doesn't bode well for the book. This felt like a forced we can love who we want regardless of gender or race, with a little bit of reality thrown in. And I mean a little. It skimmed the surface of reality.

Good premise and idea but poor execution.

Caitlyn Lynch says

Extremely hot sex scenes, but I struggled to get into the book rather. Logan in particular I found off-putting; it was never made clear if he had Tyson's consent to bring Quinn into their home and had sex with her, which makes his behaviour cheating. Which is something I don't care for.

Well written and full of scorching menage sex, including plenty of m/m action, but not quite my cup of tea, I'm afraid.

jenjn79 says

Another of my "I'm-on-a-total-bi-menage-kick" purchases from All Romance Ebooks. Maybe the best of the ones I've read so far from my ebook shopping binge. There was only one area that kept the book from being really great.

Series Note:

No known series.

Summary:

Quinn Preston has just been through a bad breakup when she has to attend a wedding and wear a wretched pink dress. She's chugging down some yummy drinks at the bar when she meets just about the sexiest guy ever, Logan Reed. Attraction sizzles but Logan has no intention of sleeping with a drunk girl. So he takes her home and lets her sleep it off at his place. Soon as she's sober, though? Logan has her naked and bent over a table.

Which is what Logan's live-in lover, Tyson White, walks in on. The pair had been talking about maybe bringing a woman into their relationship so Ty is not all that surprised to find Trev with a woman. Quinn, though, is totally shocked to find out that Logan is bisexual and has a lover. The two ask her to stay and "spend some time" with them, but she's not sure at first.

Eventually, Quinn gives in and the three share some smokin' hot sex. Trevor is convinced Quinn is meant for them. Tyson isn't so sure...he's worried that Quinn will come between him and Logan. And Quinn...well, what started out as a hot affair is getting more complicated by the second.

Review:

There were quite a few things about this book that I really enjoyed, and one area that held the book back from being a really awesome read. I'll start off with the good parts...

I liked the beginning of the book: a scene at a wedding where Quinn is drowning her sorrows, hating her dress, and meets sexy Logan. It was just an intro that worked for me and gave me a good sense of these two characters.

And let me be shallow for a moment...but yet, the two heroes in this book were seriously smokin' hot. Two buff studs, one a white guy with long hair, a pierced nipple and tattoos. The other a dark-skinned black man, former football player with lots of muscles, a hairless body and tattoos. Ummm....yeah, can you say YUM!!! I was more than a little distracted at times by how hot these two sounded and how much I would have loved to have seen them together ;)

All of which made the sex scenes in the book really really hot. Logan and Tyson alone were hot together, but the scenes with Quinn were well done. Hot, hot stuff.

On a less shallow note, I liked that the author dealt with some of the emotional, cultural issues dealing with the three together. Tyson has insecurities about Quinn adversely affecting his relationship with Logan. Quinn has to deal with her prudish, staid family and how they will deal with her not only being involved with two working class men, but with one of the being black. That kind of stuff definitely added some realism to the story. And made the development of the relationship feel less like a sex fest and more like a romance.

My big complaint about this book, and it's one I've had with several of these bi-menage ebooks I've been reading, and that's with character development. Once again I was left feeling like there were too many things left unsaid about the characters. I wanted to know more about how Ty and Logan met. Logan had been involved with a man before, but had Ty? It's never said. If he hadn't, how did he deal with attraction to a man? What about Ty's family...I don't think they are mentioned at all. I wanted to know more about Logan's marriage and the badness of it. Etc etc etc. Like I said, I was just left feeling like my knowledge of the characters was incomplete. And for me, that takes a lot away from a story. I think I've said it before...if you can't connect completely with the characters, it's hard to fully connect with the story.

If it hadn't been for that one issue, this would have been a really great book...4.5 stars or so. But it was still a hot, enjoyable story. I'd love to read a sequel about these three and how they are dealing with the repercussions of their relationship coming out.

WARNING, this book contains: explicit sex and language, m/m, m/f, m/f/m, bi-menage HEA, oral,

anal, light D/s & bondage, a little role play

Allyson Morris says

3.5 stars

It was cute and hot.. the ending seemed rushed, it just kinda ended. I wanted to find out what happened to her parents and to the boys business. I would definitely read this author again .

Purplegirl says

I read mostly m/m romance books but I always have my eye out for a m/m/f ménage, especially one where there is still some m/m action and not just m/f action in the threesome. Double Dare fit the bill. I even liked Quinn from the beginning, she did not annoy me throughout. Oh, Logan and Ty...where can I find two men like them? Definately going on the hotness shelf. Beyond the well written sex scenes between the three of them, the two guys or a combination of the two, there was a connection between them all. There was also some light Domination, spanking and bondage, phone sex, very low angst...what is there not to like?

Logan, Ty and Quinn proved to be a good threesome and I loved them together. 4.5 stars

Erica Lynn says

Wow. Just... wow.

Jeanne St. James just popped my menage book cherry, and she wasn't gentle at all. Not in the slightest.

Double Dare is book 1 of her Dare Menage Series, and I have to say I really enjoyed it. I wasn't sure what to expect in a book like this, and I was pleasantly surprised by how intertwined the character's relationships are.

Was it hot? Of course. Smokin hot. I blushed and giggled more than once, y'all. But it was more than that.

Quin Preston meets Logan Reed at a wedding reception, where her friends dare her to try to pick him up in an effort to get over her ex-boyfriend, Peter. She does end up at Logan's house, although not for the reason you might assume, and the next morning they have a little tryst. Everything is awesomesauce...until Logan's lover, Tyson White, walks in. And oh boy oh boy....crazy hot and insane times ensue.

What I loved most, though, is the way the romantic relationships are explored and progress between all three of them. It made for a very interesting read, indeed!

Nile Princess says

Ok, so I started off liking this one but the m/m/f factor never really worked for me. Everytime Quinn talked

about 'her boys' I cringed and wanted to yell, "Heiffer, they're not yours!" The whole point of including a 'third' is they're supposed to provide something that wasn't there before (balance) or enhance what's already there. Quinn did neither.

Issues:

I appreciate that the title is Double Dare, but the guys getting her to come over the second weekend by saying, "We dare you" was silly. How old is she?

Quinn just seemed like a horny s-word, and I don't know why that is. I have read other m-m-f books and really rooted for the female.

The three of them didn't DO anything together, other than have sex. This gave the menage relationship zero depth. By contrast, Ty and Logan cooked, roughhoused and worked together. You could clearly see the love there.

Their possessive need for each other, Quinn as 'theirs' and Logan and Ty as 'hers' was unconvincing to me. I didn't see it.

Quinn's need to solve every problem by getting drunk was not endearing.

I didn't like that my Ty was jealous and that Logan didn't seem to do anything to fix that. He told him to talk to Quinn but by the time Ty did, he was already over it. Awesome! *rolls eyes*

The auction - Uhh boy. First of all, the guys were right to call Quinn out on being selfish so to have them not only do a 180 on their decision, but 'out' themselves as a couple at the charity event (something they'd avoided doing before) was way too fantastical for me. I was rolling my eyes the whole time. Also, they didn't have the money to make necessary repairs etc for the business but they had 30K to drop on an auction for her just so her ex wouldn't win her?? Riggght. Don't even get me started on outing themselves as a threesome to the attendees.

This all really sounds like I don't like m/m/f books but, while I do prefer that women stay out of grown men's business :-), I have totally read a few that I really liked! This one, however, I only completed so I wouldn't waste a loan.

PS. +1 for making Ty(son)..not Tyrone thank God....a dark skinned brother with dark brown eyes and a bald head. A welcome respite from cafe au lait MCs with blue and green eyes.

-1 for the 'Nigerian scam artist' comment that Quinn made when Ty when Ty sent her the email. Not funny or cool.
