Sarah says

Ive basically finished this book, and found it useful and full of lots of information. I have yet to try any of the spells in this book yet, as i haven't brought all the equipment yet to preform the spells, but am in the process of ordering them.

This book is good for beginners to experts as it clearly explains everything, but i would advise beginners to read it more then once (as i had to :D).

A good, interesting, well written book xx
