## His Canvas Ava Lore

Sadie isn't certain what to make of Malcolm Ward, but it seems no one is. Intrigued and intensely attracted, Sadie decides to spend more time with him to get to the bottom of things. But when he invites her again into his studio, this time using her very body as the medium with which to express himself, it's Malcolm who starts to uncover parts of Sadie that she would rather leave buried...

## His Canvas Details

## From Reader Review His Canvas for online ebook

### **N. Kuhn says**

And now I'm disappointed. \$2.99 for 10 minutes worth of reading? This installment was as short as the free intro to the series and again, no BDSM. A little sex, sure it was hot, and I was getting into it, then realized, omg, the books over already? Really? I doubt I'll waste my money or time on the next installment. Sure I want to know what happens, but I feel the price is not right for what I'm getting/reading. I'm highly disappointed.

---

### **Amanda says**

Intriguing...I was surprised that Sadie ran away from Malcolm. It's good to she she is in fact the damaged one and maybe not Malcolm. I am looking forward to reading the next book even more now...I want to see how this plays out.

---

### **Anya says**

On with the next one...

---

### **Tia says**

This billionaire dude is really weird and kind of creepy. I don't get him, at all.

---

### **Jen Mcnamara says**

Sexy. That's how I'm going to sum up book 2. Malcolm is a hoot. I don't want to give anything away but for a decent part of this story I wondered if he was psychologically damaged in some way. It didn't match up though what with his profession so I knew there was so sort of "twist".

---

### **Leonie says**

I don't really know what to think of this book. Malcolm is still cray cray and Sadie has definitely some shit that happened to her.

---

## **Cecily Kyle says**

This book is totally sexy and gets right to the heat of things. Absolutely got my creative juices flowing...
