Lauren says

Logging mostly to keep stats somewhat accurate as I just reread Divergent, but there's no way to indicate it. I had expanded that in my memory to be the plot of the second book, too, so now I'm looking forward to finishing the second one again.

Anyway, this is a good, super fast, read. It's always fun to see the story from other characters' perspectives, and this is no different. I hear there will be three more of these short stories, so I'm really looking forward to that!

Booknerd14353 says

After I heard that Veronica Roth was coming out with "Four: A Divergent Story Collection" this summer, I immediately started wondering what the Divergent story would be like coming from Four's POV. So when I saw this link, I got super excited! The minute I started reading it, I just wanted to read more! KAT013 really grasped what I thought Four would be thinking throughout the whole story and after reading it, a lot of things just made sense! I love how this shows how much Four loves Tris and has from the beginning!!! So overall, this was great! I highly recommend it!

Liney_doirnan says

I thought this book was done very well. The book by four is fantastic! This book is just amazing!

Lianne Van doorn says

KAT013 did an amazing job when she wrote the book.

Edma says

4.4

Alexa says

I didn't even know that this was fan made!!!! It was when I got to chapter 7 that I realized!!! Even if you don't become a writer, KATo13, (which you totally should, definitely keep on writing!!!!!!!!!!!!)

Maya says

GREAT!

Lisa says

This was really well done. Fan fiction at its best. Divergent from Four's Pov. I had read Roth's Free Four, the one scene in divergent from Four's pov and it left me wanting more. This fixed my "Four craving" nicely. My thanks to the author for writing it and honoring Tobias's voice , character and personality throughout the scenes

Emma says

I'm not going to rate this book 'cause i don't want loads of fanfic coming up in my recommendations but this was very good for fanfic. it doesn't necessarily add very much to the story but the parts where tobias is on his own were very well written and were a nice insight to what was possibly happening. It was actually very ahrd to tell the two different writing styles of Veronica Roth and KAT013 apart so that was also very cool. All in all, a solid 3.5/5.

Vivian Kilman says

Amazing. Amazing. Amazing. Usually, I don't read fanfic, but I really enjoyed this. I could read this again and again. I recommend it!

Debbie Hase says

Wrote a review where I read the book already. Follow Authors link. Thanks.

Laura Elizabeth says

This was my first fan fiction read! It was really nice to be able to read "Tobias/Four's" story! I think the author did a great job, and my only complaint is that there wasn't more!

Danielle says

This was a nice supplement to the Divergent series and it really provided an insight into the character Four.

Koko.Luvs.Books says

This is an amazing story! For those who haven't read the actual Free Four book by Veronica Roth, this is a wonderful alternative. KATo13 uses quotes from the Free Four story, so you might recognize them if you have read VR's book. In my opinion, KAT gives a great insight of Tobias/Four's mind throughout the entire Divergent story, and also for Insurgent, if you've read her other story. This gives you an entirely different point of view of the Divergent world, and shows you what Tobias thinks of Tris. I personally loved this, because the entire time I was reading Divergent, I couldn't help but think, "What is Tobias actually thinking right now?" For all of those Divergent fans, this is a pleasant read, and isn't too long. It reveals a lot of questions you might have had when first reading Divergent. You revisit lots of the scenes in Divergent, and I loved it! I can't wait to read Free Four: Tobias Tells the Story.

Emma says

I didn't really know what to expect for this book after reading the Divergent series, and, of course, loving them. To be honest I think I loved Four more when Tris wasn't around and it was his friends and him, taking risks and drinking and pulling pranks. What I loved is how, when Roth writes, it isn't a teenager using big words and thoughtless speeches because the writer is an adult, but she really gets into the head of this young boy and I think she has discovered him so we'll in these stories compared to Allegiance.m
