Algo raro y precioso

Raine Miller

Algo raro y precioso Raine Miller

Encontrar el amor es raro...

Vivir un amor así es precioso...

En la cuarta entrega de la exitosa saga El affaire Blackstone continúa la historia de Ethan y Brynne, dos almas heridas que luchan por conservar el amor que tanto les ha costado conseguir, ahora con la esperanza de que su felicidad pueda llegar a ser eterna.

Tras regresar de una idílica luna de miel en la costa italiana, los Blackstone aguardan el nacimiento de su bebé mientras se enfrentan a los desafíos que supone establecerse en su nuevo hogar y la recién estrenada vida matrimonial.

Sin embargo, surgen de nuevo los fantasmas del pasado y traen con ellos las dudas... El temor a lo que desconocen del otro, algo que, a pesar de lo mucho que se esfuerzan en entenderlo, amenaza los cimientos de su relación.

Esta es la historia de dos almas que se necesitan para estar completas...

De un hombre y una mujer que deberán aprender a valorar lo raro que es el amor verdadero cuando corren peligro de perderlo...

De dos amantes que tendrán que confesar sus más ocultos temores para poder encontrar la paz...

Ethan y Brynne lucharán más que nunca el uno por el otro en... Algo raro y precioso.

«Te necesito tanto como el aire que respiro. Tú eres mi aire, Brynne» -Ethan Blackstone

4 Ethan stars!

*Rare and Precious Things* is the final installment in The Blackstone Affair. I've enjoyed every book in this series, and there is one big reason for that. His name is **Ethan Blackstone**.

*Note to readers: If you haven't read books 1-3, there will be some story line spoilers*

??The book starts with Ethan and Brynne anxiously waiting to consummate their marriage. They've been waiting for this moment and now it's finally here. They are husband and wife. Ethan has won over his American girl. Although their time together has been short, it's been intense and it's been real. They mean the world to one another.

“My eyes have only really been opened since we met. You gave me everything. You made me really want to open my eyes to what was around me, for the first time in my adult life. You made me want you. You made me want... a life. You were my greatest gift of all, Ethan James Blackstone.”

“Brynne was my life. The last piece of my puzzle that had finally completed me. I just need a way to tell her somehow. I wanted her to know how happy I was because I had been blessed with the rare and precious gift of loving her.”

Married and expecting her first child. Brynne Blackstone would have never imagined that being in her near future four months ago when she first met Ethan, but here she is. She's happy, healthy and in love. What could go wrong?

The Blackstone's have come a long way, but they still have things to overcome. Things from the past that play into the present for both of them. As husband and wife, they have to find a way to lean on each other and talk out their feelings, not just keep the issues to themselves. Ethan really found a way to move forward from the things that haunt him. Being able to open up and talk to anyone about his past is a big deal for him. He is such an amazing man! He is still that lovable alpha male with a dirty mouth. And Brynne is still the only girl for him.

The connection these two share throughout the book is beautiful. Even with Brynne being pregnant a majority of the book, you still feel the passion, the heat, the need between them. They have amazing chemistry.

Written in dual perspective like book 3, you get to see inside both Brynne and Ethan's heads. Two people, broken by their pasts, coming together and becoming whole. The Blackstone series nails it. I was nervous about this book. I liked the place book three ended, and I wasn't sure how book four would pan out... but I was really happy with the direction it took. I feel like readers will get more insight into this couple's pasts, and closure from their story. An emotional, beautiful and sensual read. This is a series I would recommend.

*\*ARC kindly provided by author in exchange for an honest review\**

♥ Barb ♥ says

**5 stars for Mr. and Mrs. Blackstone**

*One thing was for certain. I wanted it all. No doubts. Not a one. All Mine.*

***This is book 4 in the Blackstone Affair series. If you haven't read this yet...this review may contain spoilers.***

***After surviving the first 3 books, Brynne and Ethan are now married and expecting a little Blackstone. Both of them are trying to overcome issues from the past...and they are doing it together.***

***Rare and Precious Things is the story of two people who both need the other in order to be complete, but learn just how "rare" their brand of love is when they have to risk everything in order to hold onto it.***

*"I need you like I need air to breathe. You are my air, Brynne."*

*He filled my mouth with his tongue as he started to thrust, both parts of him moving in tandem to take me. As our bodies connected in a frenzy of sex, and heat, and carnal lust, he told me all of the things I loved to hear from my man.*

**"They are, but my EYES have only really been opened since we met. You gave me everything. You made me really want to OPEN my EYES to what was around me, for the first time in my adult life. You made me WANT you. You made me want....a LIFE."**

*I'll be kind, if you'll be faithful  
You be sweet and I'll be grateful  
Cover me with kisses dear  
Lighten up the atmosphere  
Keep me warm inside our bed  
I got dreams of you all through my head  
Fortune teller said I'd be free  
And that's the day you came to me  
Came to me*

*Come to me my sweetest friend  
Can you feel my heart again  
I'll take you back where you belong  
And this will be our favorite song  
Come to me with secrets bare  
I'll love you more so don't be scared  
When we're old and near the end  
We'll go home and start again*

*Today's the day I'll make you mine*

*So get me to the church on time  
Take my hand in this empty room  
You're my girl, and I'm your groom*

*Come to me my sweetest friend  
This is where we start again, again*

*In the hours of the darkest kind, Brynne has ever been my light. My lover who saw inside my battered soul and freed me.*

*Only Ethan's love gave me the security I needed to trust again, and to love myself again.*

BR with D & J \*

## Catarina says

### 4 Precious Stars!

This book starts right after Brynne and Ethan's wedding. They off on their honeymoon, getting ready to become parents and everything is finally in their place. They are happy and with every intention of keeping that way.

But ghosts from both of their pasts are restless and insist on getting back to haunt them and their new found happiness.

And when a marriage begins to being haunted by the past, how long can you keep the ghosts away?

This was a pretty good ending to this series. I loved to see more of their lives after the wedding and I ended up with a nice feeling about their story. ;)

**Rating:** 4 Stars.

**Storyline:** There was too many cheesy moments were I just rolled my eyes and tought " really, again?", but other than that was a pretty enjoyable reading. I'm not a huge fan of too much unnecessary drama but I missed that on this book. It lacked a bit more drama. But, oh well, I liked it anyway.

**Writing Style:** Firs person, dual POV. One of those books you just can't put it down.

**Character Development:** I love Ethan's alpha-male personality and Brynne is a really strong female main character. The supportive characters are pretty good and there are some of them I would love to read their story.

**Steam:** Hot.

**HEA:** (view spoiler)

## Deanna♥Pink Lady♥? says

Ethan and Brynne.....you are both rare and precious♥?♥?

From the moment that I found *Naked*, I was *All In* with my *Eyes Wide Open* to finding out that Mr. and Mrs.

Blackstone were the most *Rare and Precious Things* in the world.

This book is their HEA, their perfect ending to one amazing and wonderful ride. We, the readers, have watched both of these flawed creatures grow into a loving couple that have endured their fair share of heartbreak and sorrow only to come out on top with each other and their soon to be "little Blackstone".

Raine Miller writes with passion and desire. The love story she created was incredibly beautiful and moving. This 4th book was the icing on the cake. There were still things that needed attention- things in their past that kept creeping around. But together they managed to conquer their pasts and overcome.

**No matter how far gone I ever got, I didn't lose sight of the truth: This woman owned me from head to toe, and everything else in between. And she always would.**

**Seeing Brynne that first time...brought me back to life somehow, some way, and none of it was planned or expected. It just happened that way.**

**"It's true. You made me want to live, at a time when I knew I'd never really thought about, or cared much about, what the future held," I repeated.**

**"I love you, Ethan."**

**"I love you more, my beauty."**

BR with ♥Jxxx and Barb♥

In closing, I would like to thank you, Raine Miller, for creating the one and only....

♥♥

**Sharon ∞☞ is an emotional book junkie ☞∞ says**

This is the last book (*that is out at this time*) for Ethan and Brynne and it's a really nice wrap up. Just back from their honeymoon and with nothing threatening their lives, they're ready for some peace and quiet.

There is a little contrived drama with members of the opposite sex, which if you ask me is just plain silly at this point. But there is also some resolution to both their histories and more drama with the both of them not being forthright.

Ethan also has a security job that takes him away unfortunately at a time when things are unresolved between

him and Brynne. Of course, something happens and all hell breaks loose.

Luckily, they have all their friends and family there to support them. And I really loved all the time they spent at Stonewell Court. And also the new addition, well, times 2!

I thought the ending wrapped up well and left them all in a good place. Maybe now there will be that peace and quiet...for a while anyways! ;)

No new book in the works but RM said never say never.

### **3 (Pregnancy and baby) Stars**

I am not sure if this is the last of the series, but I do know, the Blackstone Affair is overdue for an ending.

**Rare and Precious Things was very sweet, but nothing really happened but a pregnant Brynne having lots of sex with Ethan**

I really enjoyed the series and I am all for non-angsty books but this one was just kind of .... Blah

#### **Brief Summary**

- Brynne and Ethan are on honeymoon, lots of sex
- Brynne goes through pregnancy, and there's lots of sex
- Brynne and Ethan confront the past (even though to me, it didn't seem like a big deal)
- And lots of sex

Rare and Precious Things is basically Brynne and Ethan's relationship, except now she's pregnant. Sure, Ethan, has PTSD so he has night terrors, but other than that, there's really no drama.

It was cute seeing Brynne go through the pregnancy. She was really insecure as she should be because she's pregnant.

Overall, Rare and Precious Things was a sweet novel and if you are a Blackstone fan, then you will get a little more of your beloved story.

## **Michelle says**

We've traveled along with Brynne & Ethan as they meet and fall in love. The journey that may have only been four short months, but those months were filled with drama and suspense that all led them to the day they marry and await the arrival of their baby.

Although Raine Miller has not said if this is the last we'll see of the Blackstone Affair, this installment was a fitting epilogue to their story. This book follows their journey from the wedding night to a few months after baby-makes-three. Along this journey we get a little more of Neil and Elaina as well as a few bits with Ivan that are making me want to know his story badly.

I won't go too much into what happens since there were only a few points where things get stirred up a bit and those little nuggets are best experienced through reading them firsthand. And although this is one of my favorite stories, there was just something that took me much longer to read it than I would have expected. Without the drama of a major reveal or major plot twist I found that my eyes weren't completely glued to the book. Raine Miller's writing was beautiful and she gave us all a great sense of closure for this couple, both who had their own scars of the past that needed to heal. The love that shines through these pages was done so beautifully and it made me fall even more in love with Ethan than before.

We also get some great steamy and possessive scene's in this one, in pure Ethan style. I was a little worried that with the baby, that Ethan might lessen his need to really claim her in bed. But he was just as aggressive as ever and so gentle at the same time. He's just fucking perfect, and he has a filthy mouth to boot.

### ♥ Jx PinkLady Reviews ♥ says

**My heart says 5 Precious Stars....***I always listen to my heart.*

**“For you, Ethan. For your eyes only.”**

The Blackstone Affair gifted us with one very gorgeous book couple, *Ethan and Brynne*. In the first 3 books we witnessed their delicious whirlwind romance, their highs, their lows, and their joys. They have a *rare and precious* gift... **each other**... and their whole lives to look forward to.... *together???*

“This woman owned me...”

Could it be that straight forward? *I want them to be happy.....*

So what more could book 4 give us? That's the question I asked before embarking on this read.....

Would issues from their past resurface and put their happiness at risk???. *They have to face things they'd rather not.*

**“It felt like we had the luxury of forever.”**

*Did they have forever?*

**Rare and Precious Things** is about being happy with what you have and not wasting a minute.... Every second is precious. Don't dwell on the past, face it and let it go. Live for the now, for the future *and cherish. Always*

Lots of lovely feelings

Raine Miller gave me so many pretty pictures with her writing. Beautiful, sensual, erotic love scenes, touchingly tender moments. The pregnancy story telling journey is just beautiful, it made me feel warm and content inside. *It was all just lovely.*

Brynne's voice made me smile, she's loving and giving, brave and strong with bags of personality. Ethan was his British, gorgeous self, with his usual dirty mouth, he made me swoon and smile. *Love his dirty mouth.*

“Ethan Blackstone was a wonderful man, with a beautiful heart....”

Rare and Precious Things is a celebration of Ethan and Brynne's deep feelings for each other. They have an indescribable connection; they're each other's destiny.

Book four in **The Blackstone Affair** series is like an extended beautiful epilogue. It made my heart fit to burst, and made my eyes shed a few tears. It gave me a small slice of drama, just the right amount, to make this a wonderful heart melting and touching read. It was beautiful and tender and sexy. Boy was it sexy.... They love each other with their bodies, their minds, and their souls. If, like me, you fell in love with Ethan and Brynne's love affair in the first 3 books then you will adore this gorgeous story.

**SueBee★bring me an alpha!★ says**

**★★★★★! Rare & Precious Things, book 4 of 4. The final chapter in potty-mouth British alpha Ethan Blackstone's all-consuming romance saga with his American girl!**

*“It always ended the same way. Volcanic sex. Extraordinary fucking.”*

### SOMERSET HISTORICALS

#### **Book 1: The Passion of Darius**

*Darius & Marianne (year 1837)*

#### **Book 2: The Undoing of a Libertine**

*Jeremy & Georgina (year 1837)*

### THE BLACKSTONE AFFAIR - Ethan & Brynne

#### **Book 1: Naked**

#### **Book 2: All In**

#### **Book 3: Eyes Wide Open**

#### **Book 4: Rare and Precious Things**

#### **Book 5: The Blessings of Ethan Blackstone**

*Blackstone Affair, book 1-3 followed world-renowned security expert and owner of Blackstone International Ltd., **Ethan Blackstone** in his whirlwind romance with American born university student **Brynne Bennett**. When Brynne's past came back to haunt her, Ethan set out to protect and solve a treacherous and deadly high stake political game with ties to people in the most powerful of places. No one nor nothing was safe, including the heart of sworn playboy Ethan.*

**Rare and Precious Things, book 4** is an full-length epilogue of sorts. Deception, greed, power, set-backs and unspeakable losses has riddled their journey, but **they fought through**. Moving forward their **romance will have a chance to breath and blossom as they embark on their life together**; family, home and special connections to their heritage and past.

**Ethan Blackstone** has been relentless and possessive in his pursuit of Brynne from the moment they met. Ten words to describe **Ethan**: Unforgettable, dirty-talker, commanding, enigmatic, ruthless, determined, flawed, overprotective, intense and larger-than-life.

Under the constant threat to her life plus the onslaught seduction by Ethan **Brynne Bennett** has been forced to dig deep and learn her strengths. Seven words to describe **Brynne**: Tenuous, determined, fragile, enchanting, survivor, reflective and captivating.

**Rare and Precious Things**, told from dual POVs, wrapped up what has been a mixture of suspenseful political intrigue, a whirlwind romance and a journey of self-discovery and fulfillment for Ethan and Brynne in their **all-consuming co-dependent and unending love!**

**Spectacular! Unforgettable! Epic saga! 6-stars!**

*“He was still the same, deliciously possessive, handsome, dominant, and sometimes irrational man I’d met...”*
