Fun with Kirk and Spock

Robb Pearlman

Fun with Kirk and Spock Robb Pearlman

See the Enterprise. See the Enterprise go boldly. Go Go Go, Enterprise! Go Boldly! Join Kirk and Spock as they go boldly where no parody has gone before!

This Prime Directive primer steps through The Guardian of Forever to a simpler time of reading, writing, and red shirts. Fun with Kirk and Spock will help cadets of all ages master the art of reading as their favorite Starfleet officers, Klingons, Romulans, Andorians, and Gorn beam down into exciting adventures.

Ron Charles says

Parody: the final frontier. These are the jokes of "Fun with Kirk and Spock." Its 60-page mission: to explore familiar old episodes, to seek out old gags and old cliches, to boldly go where no satire has gone before!

Every boomer geek on earth – and off it — will want to beam up a copy of this hilarious picture book by Robb Pearlman. Using "Dick and Jane" as his base camp, Pearlman has recreated the 1960s sci-fi show in all. . . .

Zoe's Human says

Would make a nice gift for the Trekkie in your life. As a run-of-the-mill fan*, I had a couple of out-loud belly-laugh moments, but it was mostly just smiles of "oh clever" and general appreciation of the familiarity.

*I've seen them all more than once and I love it, but I don't make a lifestyle of it.

The Flooze says

Picked this one up today at New York Comic Con. Great, detailed illustrations. Hilarious references to the original series. Definitely a worthy purchase for any fan who likes to poke fun at the moments of over-the-top camp from Kirk, Spock, and the rest of the crew.

See the crewman.

What is the crewman's name?

It does not matter.

Why does it not matter?

He is wearing a red shirt.

It is best not to get too attached.

Jim Shaner says

A humorous retrospective of the original Star Trek TV series, written for adults in the style of a children's early reader. The outstanding illustrations accurately depict beloved characters in scenes from various episodes. Author Robb Pearlman injects a humorous perspective in describing aspects of each episode's plot. "See Bones. Bones calls Spock a pointed-ear hobgoblin. See Spock. Spock calls Bones illogical. Spock and Bones help each other. Spock and Bones are worried about Kirk. Spock and Bones are frenemies." I would

recommend this for fans of the show, especially those who maybe haven't seen an episode in a few years. This book pokes a little fun at the characters and plots, without taking anything too seriously.

Helix says

Technically wasn't reading either but who cares. Had lots of fun. Wishing it was longer? Didn't get some of the references since I still haven't finished watching TOS but it was great. I loved this. Please make more and take my money.

Sithy says

Extremely funny parody, a must have for aby TOS fan! Celebrates all the weird TOS things we love

Erica Martinez says

SO GOOD. So funny.

Bryan Brown says

I laughed until I cried. Everyone who loves Star Trek TOS needs this book.

glass.curtain says

Great book!

Once I'd read one of the "stories" in the book on google I had to have it. It's certainly a great gift for any Star Trek fan, plus it solves the Khan mystery, who knew he just wasn't a morning person ;-)

Ronna says

BEST. BOOK. EVER.

Wendy says

Hilarious! A must-read for every TOS fan.

Alemanita says

Ma-ra-vi-llo-so. Este libro debería estar en la biblioteca de cualquier trekkie que se precie, especialmente si tiene criaturas a las que «trekizar» en inglés. Go boldly, go!

Charles says

It's a joke book written in the See Dick and Jane mode. I found it quite funny but then I'm a huge fan of Star Trek: The Original Series. I could only wish it had been a lot longer.

Laura Verret says

This slim little book parodies both the Dick and Jane readers as well as Star Trek TOS by retelling the adventures of Kirk, Spock, and Co. in the style of the Dick and Jane stories. I purchased the book thinking that the text would be humorous simply because a retelling of any aspect of the Star Trek universe in pre-k language must be funny, but Robb Pearlman far surpassed this admittedly low bar by slipping in lots of cheeky little jabs at particular incidents in various TOS episodes. Admittedly my heart was stolen by the very first sentences of the book (see below). ;)

See the *Enterprise*.

See the *Enterprise* go boldly.

Go go go, *Enterprise*!

Go boldly!

Just yes.

Dave says

What a funny read. Pearlman taps into just about every classic Star Trek moment and character via the children's book medium skewering everyone from the show ala Mad magazine style. My favorite laugh out loud had to be "See the Gorn. The Gorn is tall. The Gorn is green. The Gorn is wearing a one-piece sleeveless tunic with brocaded accents and matching gauntlets. The Gorn is fashion-forward." Too funny. And Pearlman's artwork is spot on capturing the crew, aliens, facial features, and even Abraham Lincoln spot on! A must read for Trekkies!
