His Name Is Sir Deena Ward

This is a new/alternate cover edition of ASIN:B00CKSM24W

Why won't the past stay where it belongs?

Nonnie Crawford seeks a destiny outside society's norms, mapping her own sexual journey into the realm of BDSM. She puts the past behind her and looks forward with a newfound sense of freedom and purpose.

Gibson Reeves, the enigmatic businessman, refuses to be relegated to the archives of Nonnie's story. He claims his share of her sensual narrative and leaves her confused about the fine line between aversion and attraction.

Meanwhile, the opportunistic playboy, Michael Weston, continues to make unwanted appearances in her life. He wants her back, and her adamant refusals don't dampen his desire.

Nonnie's world is about to be rocked to its core. She doesn't know it yet, but the worst has already happened.

Warning: adult material. This book contains explicit language and scenes of a sexual nature, including exhibitionism, f/M/f/f, light bondage and consensual domination and submission, which some readers may find objectionable.

His Name Is Sir is book three of The Power to Please, a BDSM erotic romance series. It is approximately 94,000 words, 340 print pages.

"The Power to Please," is a planned four-part series of novels chronicling Nonnie Crawford's journey into the alluring but sometimes dangerous realm of BDSM.

After ending her disastrous ten-year marriage, Nonnie finds herself irresistibly drawn by desire. She yearns to submit herself, sexually, to a powerful and dominant male.

Two Doms vie for Nonnie's submission, the enigmatic Businessman and the charming Playboy. Both men want to guide her sensual journey and lead her to places she never imagined she might go.

Knowing who to trust is always a challenge, and the odds of Nonnie making a mistake are multiplied when she's gripped by the thrill of new passion. Her choices prove the difference between perfect bliss and utter ruin.

In the end, she must answer a critical question -- in a relationship that's all about the exchange of power, who holds the ultimate power to please?

Darreth says

I don't know if I was hooked by the first book, but I was was sure hooked by the second one. Now, as I finish up the third I am really hooked and am a loyal fan of Ms. Ward's writing. Well done! I am anxiously awaiting the last book. This is a story that gets more and more interesting.

Judy V says

I'm not certain who referred me to these books but I am so glad they did. This series, up to this point has been eye opening (newbie sub making major errors in judgement), emotional, suspenseful and sexy. What more can you possibly want in a story.....oh yeah, did I forget to mention hot Doms? Patiently waiting for book 4

??Charlotte?? says

4 Stars,

Nonnie's life is about to be redefined...

She's discovering who she is and what she wants...educating herself in the process...however the past betrayal of

Michael continues to haunt her...(I can't wait till he gets his!)

Lovin Gibson! ♥ He certainly has redeemed himself!

Cindy Marchant says

Oh wow, what a ride! This series just keeps getting better and it's going to be a hard wait for the 4th book to come out. I loved the 1st book (free at the time) in the series enough to buy the 2nd. The 2nd book was pretty upsetting to me but I think it's good to remember that there can be a very dark side to this life style if you aren't careful and are too trusting. That said; Michael Weston needs to die! A long painful death would be most desirable!

Michelle ♥ The Romance Vault ♥ says

.
4.5 stars. Cracking series.

Wowers! What a ride, I kept thinking at the start how this was going to be as good as the past two - this book is all about Gibson and Nonnie with only a smattering of Michael. But with a whole pile of The Hoytes this made for extremely fun reading, their scene enacted out for Ron's birthday made me smile a lot with the comical element and was definitely steamy too, never read a BDSM scene done like that before!

I found this book had more of a romance feel running through it, but by God what happens next is riveting and off it kicks into another gear again and the sheer intensity of what happens to Nonnie and what she is put through just keeps you on your toes.

These books are definitely more than, erotic romance, they've got depth, very well written, full of wit and by crikey steamy as hell.

Can't wait for the fourth and final book out in a couple of days, I need to find out what happens next and hopefully Nonnie gets her HEA.

Katherine says

His Name is Sir is the 3rd book in the Power to Please series by Deena Ward and the series should definitely be read in order. The 1st book showed Nonnie's introduction to the world of BDSM, the 2nd book showed how badly things can go with an untrustworthy partner, and this book shows Nonnie exploring a relationship with Gibson and learning about trust.

The book had very steamy sexual encounters and was definitely hot. But the book wasn't all about sex - it had an interesting plot (with some surprises) and it continued the character development from the previous two books.

I cannot wait for the 4th book to be released.

Sylvia says

It just might be time to start a "I hate Michael Weston" club. Wait, that would be too good for him. I just can't believe what happened! My stomach is still in knots.

If you haven't already, read the first two books in this series. Out of order will never do. At first you may think, oh a delightful intro to BDSM story a la Cherise Sinclair. It's fun to think that. We all want that nice big Dom taking us places we really want to be. (cough, cough...in our book fantasies of course!!) But wait, it is so much darker, so much more of what I didn't really want, but am captured still by the tale.

And now I wait. I wait to see if I can get over what happened and if Nonnie can too.

Lucy says

And finally she starts to get it. Finally she sees there is good in a Dom. And then all hell breaks loose. I can't say I wouldn't have the same thoughts as her. I think I would. It's the ultimate betrayal and the most public humiliation for her. I will say The Businessman had my vote after the warning in a closet. I think this betrayal will help her and her Dom to figure out how deep their emotions run for one another. Now if the douchebag of the year never returns, can't say I would be unhappy. This book helps to reinforce that what

took place in the previous book...wasn't what BDSM is at the core. That manipulators are just that, manipulators. I can't wait to read book 4 and find out if two people meant to make a life with one another can get past all their baggage and give it all an open minded try or if douchebag actually can ruin a good thing. I'm rooting for the two good ones!

Fab Fun & Tantalizing Reads says

Book 3 was my favorite. That could be because we get a whole bunch more Gibson Reeves! Now, that is a man that fans my flames ;)

"This is new. Where'd you get your claws, little cat."

Without a moments thought or hesitation, I blurted out, "I earned them."

Gibson is The Businessman. The one from book one in the club hallway and the Fredrickson Hotel. Yep, you know the one. The mirror man. *fans self* I agree that their encounter at the hotel wasn't 'ideal' but I figured that there was a reason for it, and it turns out there was. He's the man that brings out the real Nonnie. The one who speaks her mind and doesn't back down.

"...you say you want me, but that you don't want to want me. You ask me to move in with you like you're doing me some kind of high and mighty favor. I guess I'm supposed to jump at the chance to be your grateful, bowing slave. I should've been thrilled, I suppose, that you're gracious enough to allow me some scheduled free time with my friends, when it's convenient for you, of course. And you were so kind as to insult my home, my job, my experience, my age. What about me didn't you insult? God, I can't imagine why that might put me off you."

Again, I loved and loathed this book. I loved seeing more of Gibson and learning about him and his past, and I **loved** the new Nonnie. The Nonnie that was trying to work out where her place in the big wide world was, the Nonnie that made deals *wink wink*. I LOATHED Michael. OMG, I didn't think it was possible for me to hate him more than I did in books one and two, but Ms Ward is clever like that and he totally made it to at least second, if not first, place on my scum bag ladder!

I remembered how, less than two weeks later when I dumped him, I believed I reclaimed myself. Believed I belonged to me again. I hadn't known Michael had already stolen everything, that there was nothing left to reclaim. Nothing left of me.

There was a lot to love in this book, so much. The encounter at work (*fanning again*), Nonnie's show she was part of for Ron's birthday in front of a crowd, the beautiful friendship she has with Elaine, but mostly just the way Nonnie sees herself. Don't get me wrong, that twist was just all kinds of messed up and I wanted to smash things and just break down and cry at the injustice and cruelty, but *swooooooon*, the things Gibson could make happen for her just made me sigh aloud. That man is in love I tell you.

I seem to like you any way I can get you.

I'm very much looking forward to the next book and seeing Nonnie and Gibson's relationship evolve even more

"What I want is for you to accept what I give you, and I'm giving you myself. Everything I have. Take what you want, Gibson. Please yourself. That's what I need and what I want."

This quote was from book 2 – The Playboys Proposition, but I felt it belonged with this book because I felt time was standing still when I just wanted more, more, more Gibson!

I attribute this to the phenomenon of time passing normally until you decide there is something you want to do. At that point, the universe conspires to slow the rotation of the Earth, the solar system and the Milky Way itself, resulting in a few days of normal time stretching into the length of a month.

Santa Pala says

Best book of the series so far, rooting for Gibson and Nonnie, look forward to book 4

R P says

I enjoyed this the best of the trilogy. Excited to see a 4th book in the making. Hoping it will conclude the series well. 4 star rating b/c this could have been the completion of the series but left my hanging. Hoping 4th book will be better than this one....

Kristin Campbell says

I didn't realize until I read this third installment that it is a parody of Pride and Prejudice with a lot of BDSM. Well, the BDSM part is a given, but the similarities of the characters and plots is very much like P and P.

Tara Marie says

By far best in the series..Michael will stop at nothing to get Nonnie back.. God I despised him by the end of the book... And I wish Gibson wasn't so cold all the time but overall best book in the series so far I can't wait

for the next one

Jessie Verona says

[Ok... when the disaster happened toward the end it actually made me tear up a little. I just felt sick that such a horrible thing could hap

Jyoti Achameesing says

It was a pleasure discovering layers of this relationship between Gibson & Nonnie. Spicy scenes no doubt added a new dimension to the bonding of this couple. Well awaiting the final book to see if they reveal their sentiments.
