## **The Forgotten Night** Becky Andrews

Cassidy is in love with her best friend's brother, Andrew. Deep down, maybe she has always liked him.

Their families live close and every year she looks forward to seeing him at the annual family holiday parties. One drunken Christmas Eve will change their relationship forever. Cassidy is overjoyed, as it finally seems that Andrew feels the same way she does and maybe always did. She sneaks off in the night to let him sleep, overjoyed by the best night of her life and excited for the future.

Except the next day Andrew acts as though the night never happened. Does Andrew really not remember their connection or was this is a ploy just to get her into bed? They struggle to reclaim their relationship as danger threatens Cassidy from all sides.

A story about love, betrayal, and deception.

## From Reader Review The Forgotten Night for online ebook

### Joyce says

Wow..this book had so much drama! It really captivated me from beginning to end. I love Cassie and Andy so much. Loved how their romance blossomed. This book had some spelling mistake...but it is still worth reading. I wish there was more to the ending, however I am satisfied. This book was so cute and had me laughing.

### PAULA says

THE FORGOTTEN NIGHT by BECKY ANDREWS

It was an okay read. Nothing so spectacular about it nor bad. If you like to read a short story that is light then I recommend this book. But just a heads up, don't expect too much or you'll end up disappointed. I was expecting that this story would be something that will make me feel alive at some point but it didn't. The story was okay but I felt that something was lacking. So there.

### ♠ Becca & Cerys ♠ | Spitfire Reviews says

2.5 stars!

Right down the middle of the ratings...

I liked Andrew as a character, he was sweet and caring, and he really had no issue being honest about his feelings when he remembered...

My issue was, I felt there was a lack of emotional depth to the characters, half of them were nutsy and I found that for a fairly long book, there was very little real detail.

It was fairly well written and well edited, overall I enjoyed it, I just wanted a little more from it.

### Kayla Dawn says

#### Pretty good for an extremely dramatic book

I'd probably read it again. It was an easy read. It was quite dramatic, but kept you entertained. Did however seem a bit rushed towards the end.

## **Akyraa says**

DNF at 50%...i had hoped it would be a good one buttt...nothing interesting happened...flat characters...Boring with a capital "B"

---

## **Mackenzie says**

Minor spoilers...sorry, it was necessary for my peace of mind.

I'm not entirely certain how I feel about this story. I've read one other book by Becky Andrews that I really liked and it was the reason I gave this one a shot. However, this one didn't quite hit the mark. It wasn't bad but I found myself alternating between smiling and cringing as I read it. The story was mostly good. The premise of the forgotten night was intriguing and I was glad that the author didn't make the reader wait until the end for resolution on that front. It was also very romantic and had a satisfying conclusion. What's my problem then? There were just a bunch of little things that I would normally brush off but they just piled up. Eventually I couldn't ignore them anymore. Honestly, they were probably things that wouldn't really bother most people but they bothered me.

Here are a few examples: 1) For a master of linguistics Cassidy had pretty poor grammar. 2) Cassidy was remorselessly mean to the people who caused bad things to happen to her before they ever deserved it. (Though she did not deserve their chosen revenge). 3) So many things just happened with no foreshadowing or build up at all as if the author just decided to throw it in there last minute. 4) Everyone is old money mega-rich. That one is just my issue. I just prefer reading about people who earn what they have. 5) Is it really that easy to finish school early? 6) Seriously Cassidy? There is a mad man on the loose and you are just going to ditch your police protection and yell at your family for smothering you because they are justifiably afraid for your safety? 7) And seriously Andrew? How many times are you just going to sit back and watch her do something stupidly dangerous? 8) Andrew, Drew, Andy, Anthony...whatever your name is.

There are other things but they just get more and more petty and I'm already ashamed that I complained about these things. Well, most of them anyway.

Actually, now that I got all of that off my chest, I feel a little better about the story as a whole. I would probably enjoy it more if I read it a second time but I kind of doubt that will ever happen.

## **Danielle Oldfield says**

I really loved this story, I couldn't stop smiling ,Andy was always so sweet :)

---

## **The Magic of Books Blog says**

My god this had drama from the start and I was completely hooked on Cassidy and Andrew's story. I really enjoyed it so much and the twists and turns always kept me on my toes. Andrew and Cassidy have loved each other for a long time and I never thought it was actually going to happen but they have a lot of ups and downs along the way. I loved the supporting character Rachel. She is fun and makes a lot of the situations

light hearted. Very enjoyable and so happy to have read it.

### **Perks Of Being A Fangirl says**

After reading this I was like.. *well, that's cute.*

This book was a decent read, it took me 2 days to finish this and I was glad that I gave this a chance. I wouldn't necessary say this is one of those books that I would treasure and shrine forever.

The characters in this books were likable which is a key point for me since it can sometimes persuade me to finish this book even if it isn't a fantastic read.

I would recommend this if you have nothing left to read and would like to give something new a go.

### **Melissa says**

It was ok. The writing was good, but the storyline was a little lacking... It also reminded me a little too much of her other book "my brothers best friend"... But for .99 I'm not going to complain too much... It's a lazy Sunday and gave me something to do!!

---

### **Lyn says**

It started great then all throughout just plain sappy & cheesy. Too much "I LOVE YOU's" yeah I get it they love each other but come on.

Story is ok. Could be better but I did enjoy reading it. & I would still recommend it. ;)
