Running from the Vampire into the Arms of the Wolf

E.A. Price

Running from the Vampire into the Arms of the Wolf E.A. Price

Melanie Ramirez is on the run. For three years the little witch has been stalked by a vampire who just won't take no for an answer. She needed to disappear. Which is why she changed her name to Melody James and showed up one day in the small town of Rose. All she needs to do was lay low, go unnoticed and live quietly. Not an easy task when faced with a wolf who excites and irritates her in equal measure...

Hans Lucas is infamous in his pack for two things; hating witches and being the most aggressive wolf around. He doesn't like other people and they don't like him. Wolves and humans alike know not to mess with him. Even family members are wary of him. So then why does the newest witch in town purposefully choose to rile him? Why does it bother him so much that his better looking, younger brother has taken a shine to her? And why should he care that she's lying about her past?

Will Melanie be able to escape her past and will Hans accept her as his mate?

Please note this novella is approximately 35,000 words in length (a quick read whilst waiting for the washing to dry!)

But I must advise caution! Contains scenes of a sexual nature intended for mature readers. (And quite a bit of swearing too!) Naughty wolf...

Rhonda Jones says

H/h Just Click

The hero and heroine go so well together. He's an Ass and she throws it back at him. Sounds harsh but actually it is very funny. You will have to read the story to understand why. They are good for each other in so many ways. But first there is a vampire that has done unspeakable things. He really needs to die.

Dani Hodge says

Just keeps getting better and better! I again found myself not being able to put this one down. Could still use a better editor but I find myself being able to overlook that, as you get dragged into the story line. I cant wait to read the next one I have been looking forward to reading about Mac and Andy since book 2.... I recommend this series. Its a great light read for the summer.

Anita Brunson says

Sarcastically Sexy

I love this series so far. This book was the best, I finished it in one day. You have an angry wolf who hate witches but can not seem to stay away from this particular witch. The attraction between the two is written all over them. This is what makes this book a page Turner. If you have started reading this series it gets better and better.

Jennifer says

Hold your hats this one will take you for a ride!

While all of the books I've read are well written by EAP, violence against a women is not always easy to read. I can say it's well played out and has Melanie going thru effects of her experience. She does get her HEA, but I really like that fact EAP incorporates the fact that she may still had residual side affects. Thumbs up for tackling a hard issue and coming out on top, with a another great book! On to book 5!!!

Susan Otto says

RUNNING FROM THE VAMPIRE INTO THE ARMS OF THE WOLF

Another Grey Wolf romance that is sexy, sometimes funny, and scary dramatic story. A new witch comes to

live in the town of Rose and meet her match.

S. Otto

Connie says

I liked this book! Shifter storyline that was entertaining. Hans and Melanie seem to have a love/hate relationship. Hans was so determined not to accept that Melanie was his mate due to her being a witch. Good lord that man frustrated me and made me want to smack him. This series continues to be interesting and can't wait to read more.

Rachel says

This one was a little more memorable in the series. The plot is different than most "running from the vampire" type of books which is good. I liked the two characters together and the writing wasn't bad in this one, however this is a little darker of a story because her living nightmare is an ongoing thing until the end.

I didn't really get a romantic feeling between the two main characters, it just felt like he needed to protect her out of instinct rather than love. Maybe that's just me.

The ending felt rushed, but overall I would say this is one of the better ones in this series and I do enjoy it.

Christine says

This is one of the better ones in the series so far. Fun, passionate, with a good anti-hero who is a angry ass and makes no apologies for it.

Trina says

Good read

Good easy read, like all the books I've read by Price. Good story lines and different stories that overlap but don't interfere. Haven't read a book by Price that I didn't like.

Shelley says

This was the first book I read by E.A. Price and as a result I'm now a firm fan and have read all the books prior to this one in the series and am looking forward to the rest of the series.

Melanie has had to run away from her previous life as she is being stalked by a vampire. She joins the witches circle in Rose, as she thinks she will be safe from her stalker. However the circle is disbanded, and she starts working at a Pizza Parlour where a very moody, albeit sexy wolf Hans works.

Enjoyed her sharp tongue, and his stormy character. Looking forward to the next one.

Becca says

So this isn't my first and I am really jumping around in the series as I want because I am curious about certain characters, etc, etc, etc i think it is allowed in this series, while there are overlapping storylines i think it is still possible to read them out of order, I will be reading the rest of the series most likely just not...in ...order because im weird now XD

This one while i thought might have been a favorite because I really really really liked Melanie in the other book I read, i think it was the 8th in the series, and i wanted to read her story unfortunately i was a little off put by some of the points of the characters.

I still loved Melanie but i found her development unnatural, I found that Hans was a little tooo aggressive to find really lovable but I think that he is an acquired taste, and there is nothing wrong with that, I wouldnt attack the author because of that but I just found that he wasn't really my cup o tea. Also at the end there were some major inconsistencies unless I was reading it wrong and perhaps i was

Alright im off to read another one of these books because I am *slightly* addicted

Robin says

[this is her "witchness protection" name (hide spoiler)]

Michele Ahmed says

Great little story....nice way to spend time in the afternoon! E A Price writes great stories. Love these novellas! Can't wait for the next one!

Missp says

Favorite Grey Wolf

Melody and Hans are my favorite couple. Both have difficult back stories. Neither changes the other. They learn to love each other as is. Accepting the warts and all. Perhaps that's why they are one of my faves!

Taz Will says

This one was better seeing it had a bit of a twist going on with the Vamp. Not just the twist but his reasoning behind what he was doing was a bit shocking. We never get his name or any details about him though, then again you don't get details about Melanie either. Good read just enough to read the next one.
