That Girl is Mine - Part Two Eve Cates

PART TWO of THREE

Avery

I asked Dylan to be normal so we could work out how we really feel. I didn't expect him to be this normal. I didn't expect him to go back to the way he was when we first moved in. I didn't expect him to quit coming home for lunch and dinner. I didn't expect him to quit spending time with me... Where does he go every night anyway? I mean, I know he comes home, because I see him in the morning before work. But things are strained. Maybe I shouldn't have asked him to stay. Maybe it would have been better if we spent time apart instead of this...this avoidance that's going on. I miss what we had. I miss our friendship, and most of all, I miss him.

Dylan

No matter how this ends, I feel as though we're all going to lose. There is no way to make this end well. There's no way to come out on top. There is no way to come out of this and feel good. I will either lose my oldest friend, or I will lose the only girl I've ever felt something for. Or maybe I'll lose both...

Again I'm thinking of Kiera, Denny and Rockstar Kellan, but in this book there names are Avery, Josh and Tattoo artist Dylan.

There are some similarities that are just too much for me to not continuously compare to Thoughtless but again I enjoyed reading it.... unfortunately whilst reading it my head just kept going back and forth from both books.

Now saying that it ended and I was pissed because I REALLY wanted to find out what the hell was going to happen, what she would tell Josh and how her and Dylan (because we know there gonna be together) would make it work...

Damm I'm thinking of thoughtless again and wondering how similar the endings will be...

Either way I'm excited to read it and find out.

That Girl is Mine Part 2 Eva Cats

Avery and Dylan discovered that they have feelings for each other it was more than a kiss, but Avery still loves Josh. He was everything to her. She cant decide what to do. Should she leave Josh and everything she knows and loves to try the bad boy? Or should she just forget the growing attraction that she has with Dylan and stay with Josh?

She decides that she needs to stay away from Dylan, she tells him he needs to leave for a while she wants to know what her heart is telling her. When Dylan listens to her she is devastated that he isn't there every day for lunch and dinner and no more text messages. She still cant make up her mind the bad boy or the doctor? Avery doesn't want to make the choice she wants to be with both of them they both make her feel something different and she loves them for that.

Dylan is miserable with out her even if he cant have her the way he wants her he decides to come back home and prove to her that she needs to pick him.

Josh is always at work and he cant spend time with Avery like he use to, he has no idea about the budding relationship between the two of them. Josh feels bad that he isn't around a lot so when he finally gets a night off they all go out. Unfortunately it is killing Avery that she has feelings for both of them so she gets drunk to avoid sleeping with Josh until she has time to talk to Dylan.

Josh cant stay home the next day, when Avery and Dylan get some time to talk over this whole attraction they don't do much talking at all.

Avery gets so depressed over this whole situation she never thought they she could love two men at once and be so happy with each of them she is almost leading a double life.

Being Josh's girlfriend in public and hooking up with Dylan in private it is almost to much for her but she just cant decide. Does she really love Dylan or is he just so attractive because its a secret?

Josh decides that he wants to do something for Avery because she acts so depressed when he is home so he decides that she should go home to NYC for a weekend to see her mother. Avery is so overcome with emotions that she tells her mother everything and together they decide who she should choose and why.

When Avery leaves NYC she has a fresh start ahead of her no more secrets and cheating she has made her decision and she ready to face all the consequences and the hurt that will come with it.

But who did she choose?

This is the second part in a three part story and at first I thought that Avery was the bad guy but when you

get to know her and see all the pain she is going through it is easy to see her side. Dylan is so easy to like he isn't really the bad boy or the play boy to me he is lost and needs to find his other half. He found her but the way he did isn't always the best path in life.

I loved this book I give it 5 stars the characters are more developed and easier to relate to because the story is more set up.

Holy moly

I'm not big into the whole cheating but I'm also not one to discriminate. This book is written well that it has you questioning...man this could happen to anyone. Its clearly a human mistake. We are emotional beings wanting to be loved. I can't believe I feel for her..but I do.

Okay so this book picks up really quick...right from part 1. This book is about Avery and Dylan's (her boyfriend best friend) relationship. Now I'm off to part 3! Xoxo

When I read Part 1 of this story, I didn't really know how Eve Cates was going to write part 2. The story took me through the emotions of Avery and Dylan's thoughts. The story was put together in such a way that you don't think it is wrong as to what Avery and Dylan think of each other. I was completely enthralled in the story.

Avery is given a trip back to New York to visit her mom. While she is there she tries to sort out her emotions between each man that she loves. One of my favorite quotes from Avery's mom is "It just means that you wouldn't have fallen for Dylan if you were really in love with Josh."

The story is mesmerizing and you feel the emotions of each character throughout the book. As the story continues, I have hopes that all three characters will come to terms with their real feelings and it seems to me there will be surprising events to take place in their story.

Diane says

Sorry, Avery's character is not convincing. At this point I'm in it for the conclusion, however lack luster. You know what would be great...if the three of them stayed together and continued the love fest...that might be my ending. Lol.

Wow... what a cliffy!! I'm usually not a huge fan of love triangles. I don't stay away from them, however I definitely don't jump to the chance to read them. This one is addicting!! It reads so smoothly and as I've said before even with being on the shorter side the character development is there. So much that you feel badly for Avery... at least I do. I don't envy her situation. On one hand she has her boyfriend of several years, Josh, who is always busy working his internship. I think he does love her, but at this point in his life he is putting his career first and there is nothing wrong with that. He still treats her right and always makes attempts to spend his little free time with her. Then you have Dylan, the bad boy/non-committing manwhore that befriends Avery although he is old friends with Josh. There is something about Dylan that Avery is drawn to even though she doesn't believe they could have a solid future together. Avery feels about Dylan the same way she feels about music. As a dancer, she feels that same rush with Dylan and she can't deny it! I'm so curious to see how this series ends. Thankfully, I won't have to wait long!!

Continues to get better, just uh... painful.

3 Cranky Stars!

That Girl is Mine, Part Two, continues on directly from Part One.

Avery is confused and feeling guilty about the kiss she shared with Dylan. She knows she has undeniable feelings for Dylan, yet she is still very much in love with Josh.

Things between Josh and Avery cool down while everything with Dylan becomes an addiction. They don't want to hurt Josh but at this point it is inevitable.

After a trip home to New York to visit her mom she finally makes a decision only to be stuck in a sticky situation when Josh declares he found an apartment and they're moving out.

I am not opposed to cliffhangers, novellas, short stories et al. I really do feel, however, that this story lost its tension and character development due to its brevity. It made it difficult to connect with the characters and understand their motivations. As stated in the review of Part One, I think this story would have been better if both stories were combined because the reader would have more continuity.

Rhonda Beard says

So I almost gave up on this serial at the beginning of this one because it was just too similar to another series but I felt like I needed to continue and glad that I did.. this section was all about the choice, the decision of the heart and the ultimate universal heart break.

Ashleyjo says

Dammit!!! Why do authors ruin a perfectly good story by making the characters completely selfish ass hats.

Misleading Blurb

The blurb for Part Two is EXTREMELY MISLEADING!!! The blurb reads like they are avoiding each other and trying to platonically figure out their feelings. Nope, this is a full-on physical and emotional cheating book.

Avery developing feelings for Dylan, her boyfriend Josh's best friend, is understandable. Being in love with two men and being confused is understandable.

Readers can both feel sorry for Josh and still empathize with Avery and Dylan struggling against their feelings in book one.

In book two, readers would've respected Dylan and Avery if they'd have just been honest with Josh about said feelings... Let the guys fight it out over her... Let her figure out what she wants... Let whatever happen - happen, but in light of the truth!!

BUT, what I and a lot of other readers can't understand, respect, or empathize with is cheating!!!!

Avery screws Dylan and just hours later screws her boyfriend vs telling him the truth. THEN she wakes up and screws Dylan again. No condoms here BTW!

Avery and Dylan begin an affair..

"At first, our affair follows a pattern of passionate sexual encounters that could happen at any time if the day. It gets so I'm not sure where Josh's and my relationship ends, and where Dylan and I begin."

"The guilt is surprisingly easy to live with."

Ruined

A story of tough choices and the complexities of love is ruined with a nasty ass threesome that one dude doesn't even know he's participating in. Ehhh... Done and done!

I can not wait to see how Eve ends this one. I love a good love triangle! Who will she choose? Will the "music" win out? Is it possible to fully love two men at the same time?

Here we get more of the story of Josh, Avery, and Dylan. Things are getting pretty steamy.

I will not say much as I do not want to give it away. I kind of hate Avery but only because I would kill to be her. Two hot men. One pre-med hottie and one tattooed bad boy that has never been tamed. Which would you choose?

A shorter reincarnated "Thoughtless" series.

Christine says

I really enjoyed this book The characters were strong the plot concise and the writing was very good. Keep in mind this is a three-part book, each one except the last being a cliffhanger. I didn't mind the cliffhanger thing (I usually try to stay away from them), since all three were on Kindle Unlimited. Just so you know this is a review for the entire three book series

This is your typical love triangle story. Avery and Josh move in with Josh's' old friend, Dylan. They are new to California and need a place to crash until they settle in.. Avery gave up her dreams (being a dancer in NY) to follow Josh to California to follow his dreams of becoming a doctor and interning at a children's' hospital. Dylan has always been a "bad" boy player type. Never having relationships and living the party life style. When he sees Avery, the attraction is instant and fierce. Throughout the book he tries his hardest to stay away from his friends girl, but it gets harder and harder as they get closer and when Avery starts realizing she may have feelings for Dylan as well. Most of the book consists of Avery trying to come to terms with loving two men and trying to chose. Throughout it all Dylan tries to be understanding and supportive and give Avery the time she needs to make her decision. Throughout it all you can feel the strength of their love and it touches your heart. I did try to hate Avery for being wishy/washy and for putting both men through it, but I really couldn't do it, I really believe she REALLY loved both men. Throughout it all my love of Dylan never wavered (swoon), he's sexy and sweet and just amazing throughout the whole book (except the back stabbing your best friend part, but he even managed to do that without being a total jerk). Eve Cates did an truly amazing job with the character of Josh. He manages to be a gentlemen (for the most part) even when faced with some truly shitty circumstances, AND he manages to not look like a total push over while doing it. Although there are many miscommunications, mishaps and obstacles standing in the way of HEA, true passionate love does eventually triumph.

This picked up where part one left off and my goodness, it's only getting better!

Avery and Dylan have crossed that line and even though they both know it's wrong, neither one of them want to go back. Dylan has tried to fight what he was feeling for Avery but damn it, his heart had other plans and none of them included him walking away from Avery.

Avery, on the other hand, is torn because she isn't supposed to feel anything for Dylan but thankfulness for allowing her and Josh, her boyfriend, to live there while they get their own place.

I have to say that I loved Avery's mom and the advice she gives her, not making the decision for her but making her see what she refuses to see. And THAT ENDING! It had me wanting to throw my tablet because O.M.G!!! I. Need. Part. Three. ASAP!! ~ Kara, 4.5 stars

Princess J. Antoinette says

My one and only complaint with this book and the last one, is they were too damn short. Why oh why must authors taunt it's readers with short books and there be like 3-5 books in a series with the same stories, same characters, with the same damn problems? I mean Eve Cates or her stupid publishing company could have made all 3 parts into one damn book! If you haven't guess by now that really pisses me off to no limit. Ughhhhhhhhhh!

Okay woo-saw... Okay I'm back, anyway this was a really good read and I just love the storyline and the characters dilemma. So I guess I will track along and read book 3, jeez.
