Soldiers of the Craft: The Rebirth K.E. Moody

On her 25th birthday, strange and unexplainable things are happening to simple coffee shop owner, Deandra Sullivan...or rather, she's making the strange and unexplainable happen around her. Deandra is scared, confused, and feeling completely alone until she meets mysterious Donovan Walters, who carries a secret that is the same as hers...they are Witches.

While Donovan takes Deandra under his wing (and into his bed) to teach her about who and what she is, they discover an unavoidable tether between them. Along the way, something is tugging at Deandra's instincts that danger is coming, and she and Donovan are tasked to find, recruit, and protect other Witches like herself.

Follow Deandra as she finds herself, and her powers, in this sexy Urban Fantasy novel by new author, K. E. Moody.

Jen Gilbert says

Read this on a cross county flight. When does the next one come out? I was so enthralled I was suddenly landing and had not even noticed the flight. Need I say more????? Loved it!

Brigitte says

The introduction to this story brings an instant fascination. It starts off in Salem during the time when witches were persecuted and prosecuted, then it goes straight to the present day.

Deandra has been through some drastic losses and is now running her own business. She is dating Troy, her boyfriend of five years! Everything changes on her twenty fifth birthday when she suddenly finds herself with magical and supernatural abilities. She doesn't have a clue as the how and why she is having these experiences. Pretty unsettling!

Donovan is in the renovating business. The first time that he happens to drop in Deandra's cafe, she feels his presence and he is intrigued by her. He does some investigating of his own and realises what Deandra is going through. He has already been there himself and still learning about who he is. He decides to offer assistance to Deandra and enlighten her to what is actually happening to her. Despite, the obvious connection to each other, they start off on a friendly basis as Deandra is the ever so faithful girlfriend even when her instincts tell her that Troy is not completely honest. Will he show his true colours? What would happen if he does?

This story is very well woven. There are numerous unanswered questions, such as who is responsible for the "accidental and unexplained" deaths of the parents of all the pretransitional witches? Where is Donovan's father? What is going to become of Troy after what happens to him in the end? Will Deandra succeed in her mission?

It captured and held my interest from beginning to end. It's full of magic and intrigue. There is betrayal and heartaches. The romance is heartfelt. It's sizzling hot. There are ongoing revelations. The suspense at the end is a promising indication of what's to come in the next part.

I fully recommend this book to lovers of the paranormal. This take on witches goes to a totally new and different level.

I received this ARC in exchange for an honest review.

K.E. Moody says

This was a fun one to write and I actually enjoyed reading it...30 times

Bre Reynolds says

Soldiers of the Craft was a Great book!!It was a refreshingly new concept with great characters. You fell in love with the main characters and HATED others. I loved how she tied in the Salem witch trials! Overall a great page turner.

I am desperately twiddling my thumbs for book two! I need to know more about Farell and Becky!!

Meaghan Royce- Love Infinity Book Blog says

I loved this book! It keeps your intrigued from the beginning to the end. Deandra and Donovan are such great characters and they have fantastic chemistry. The story starts with Deandra on her 25th birthday when strange things start to happen. That's also the day she meets Donovan. The storyline is unique and I can't wait to read more about Deandra, Donovan, and all the other characters.

Laura says

If you like witches with a side of erotica - this IS the book for you.

Meet Deandra, normal girl until her 25th birthday when her special genetic make up turns her into a witch. Fall in love with Donovan with his fierce loyalty, kind heart and amazing body!

I highly enjoyed both characters and their journey. This book made me smile, laugh out loud and gasp. I definitely am counting down till book 2!

No spoilers because this is a book you just need to read!

Praise to KE for her first book and an amazing one at that!

Tammie King says

This awesome debut novel is the perfect introduction to a series, or at least I hope it becomes a series. While some of the characters and situations may feel over the top, over all this story is truly well written. The introduction almost feels like it doesn't connect....

** ARC provided in exchange for an honest review. **

Loved this. Absolutely peeved it ended as quickly as it did but a TON of information was provided in the available pages. This story is full of magic, has bits of time-travel, action and suspense themes, and the sex scenes - whether magically-enhanced or "normal" - were thrilling. This is a wonderfully entertaining and compelling read that satisfies my paranormal fancy and adrenaline junkie tendencies. What a fabulous start to a series.

Amanda Masters says

Amazing Book! I couldn't put it down! K.E. Moody is an incredible author!

Dianne says

The witch trials of Salem and the wild witch hunts of uneducated masses have all but wiped out witches. They no longer live together and are scattered over the globe, another secret from the world of humans. Each generation relied on the previous to teach the ways of a witch, but what if you had no one to teach you? What if, like Deandra, you were clueless as to what was happening, how, one day you could be a coffee shop owner and the next you were making strange and frightening things happen? Would you think you were going insane? Terrified, Deandra had no where to turn, no idea what was happening until Donovan shows up and he senses who and what she is, but convincing her will take time and patience, of which he has the patience of a saint, he also holds his own secrets, some dark and one that only the heart and soul understands. Follow along as grimoires and ancestors lead the way to a turning point in the history of witches and the roles Deandra and Donovan will play.

Deandra is dating Troy, who treats her like a mushroom that often becomes his punching bag. How can Donovan convince Deandra to wake up and smell the coffee before Troy really hurts her, or worse? Loyalty and dreams are little protection against a fist. I can't say Deandra didn't come across as rather naive, but her heart is pure gold.

Meanwhile, they sense there are more witches out there, near their change and it is time to bring them all together to prevent any from going dark and to re-instill and protect the pride of their heritage.

Soldiers of the Craft by K.E. Moody is a fabulous start to a new series where the intense world building sets the stage and raises questions that are sure to lead to more witchy magic and sizzling romance. Great attention to detail, lots of steam, fully rounded characters, and well-defined relationships between them all brings each page to life, ready for the action that is sure to come. K.E. Moody has brought a new twist to the world of witchcraft, no brooms involved.

I received this copy from K.E. Moody in exchange for my honest review.

Eva Millien says

Deandra Sullivan's 25th birthday is edging into the twilight zone and only one person seems to have the answers...the mysterious Donovan Walters who carries a secret the same as hers in this thrilling start to a new series.

Once Donovan takes Deandra under his wing, they discover an unavoidable tether between them and the readers can't help but be pulled into the excitement as Deandra finds herself. The chemistry between Deandra and Donovan is a sizzling magnetic force that neither can deny but the relationship has a few bumps along the way because the closer they get, the more they learn about the past and what their future has in store for them, so there is plenty emotional turbulence along with surprise and discovery for the readers to latch on to. These characters are strong, compelling and grab reader's attention right from the beginning and the steady to fast paced plot thrills readers with lots of suspense, excitement and romance.

Anticipation builds continuously throughout the story with very intense moments of excitement and while not all the story is intense, it still holds readers captive, in fact it almost feels like the story has a magnetic pull of its own because readers are constantly on edge wanting to know what is going to happen next, what are Deandra and Dovovan going to discover next and with the added excitement of the danger that they suspect they are in and some ex-boyfriend drama (I love the way Deandra handled him), readers are certainly going to want to stick around until they know every last detail. The scenes are well written and full of vivid details that easily capture the imagination and make it easy for the reader to picture each of those scenes as they happen.

The author has created a fascinating world with some very interesting and different traits and as a series has tons of future possibilities and I for one can't wait to explore it more.

4 ½ STARS
