“Trinity...”

He devised a specific road map of how they’d carry out their covenant—without input from her. She determined she needed to chart a new course in order to stay true to herself.

Love Belvin has done it again!!!! I stumbled upon this Author in January by accident. I was looking at other Authors and Covenant with Ezra came up. I took a peak and was intrigued. Then I went to her web page and browsed. Next thing I know I'm purchasing all 10 books on sale. I have read and re-read almost all of them again. Bonded with Ezra did not disappoint. It is well written and weaves a love story. Ms. Belvin made the characters come to life and you wanted to get to know them better. Lex is his GIFT. She was created just for him. I found myself not wanting to put the book down. There was always something that kept you coming back for more. When you thought you could come to a stopping point you couldn't. Ms. Belvin truly casts a spell on you. Congratulations on another OUTSTANDING and EXCELLENT JOB. Waiting for the next story. Be Blessed.

Worth the Wait

Bonded was more than expected, once started I couldn't stop reading it. As with all Love's writings the wait was worth the read; another well done accomplishment to a very talented writer. Looking forward to your next project. Since imitation is the most sincere form of flattery (I want to be just like you when I grow up)

The thing about a Love Belvin book is that I know going in this story is going to be something I need time... a lot of uninterrupted time to consume. I started this series when it first came out and I knew instantly that it wasn't going to let me go have a life while I read it or that I'd be able to be patient (I'm tolerant, not patient) while waiting for the next one. So rather than battle with my desires for immediate gratification I put it on my TBR and waited. This was a staycation week for me so I spent a good deal of it with Lex Grier and Ezra Carmichael. Ms. Belvin, starts Book 3 (this book) and the one before it with a scene that includes the author and her characters. It was a unique prologue device and at first I was confused by it but when I finally got it, I was amused and then I was intrigued. Why? Because in reading these unusual and erotic stories about a powerful and intense evangelist pastor's love affair and tumultuous relationship with an independent, street wise, social service rep, and around-the-way woman I wonder where in the heck does the inspiration for a story like this come from? After finishing the series, I've come to the conclusion that Ms. Belvin was obviously anointed to tell it. Her interesting characters and deep comprehension of where they're going in the story, her sophisticated skill in expanding the story over and over again into places that are socially, globally, or politically conscious, and her way of letting a little bit of the story come out at a time for her characters as well as her readers, is all particularly gifted in its conception and makes it much more than a highly dark sexual tale conceived for a mature audience as the blurb suggests. And that's not to say the steamy bits won't

open your eyes and your pores too. I guess what the Love Unaccounted Series has above all is something for everyone. Lastly, Ms. Belvin is one of only a very few writers that I find myself often checking my dictionary. I'm a vocabulary geek, which makes the disruption a-ok with me. But in this story for the first time I felt it dovetailed nicely with her main character's voice. Ezra was exactly the kind of guy who would speak that way, as well as in tongues. And Lex, was exactly the kind of girl who would roll her eyes and blow him a kiss while he did it.

I'm truly loving this author. You have to have a lot of patience for this series because the main characters are real and flawed. I kept screaming at Lex to leave Ezra for the first two books, he was such an ass...But boy does the last book blow you away. This whole series is a build up and shows the growth of these two characters. You can see the spiritual growth of Lex and the emotional growth of Ezra. These are real people with real issues and the author does a great job of illustrating to the reader that religious leaders are flawed and not super human. By the end of the series I loved Ezra myself and Lex truly grew on me. I actually liked Lex more than Rayna from the Love Impossibility series because Lex spoke her mind with no filters and went out of her way to make her relationship work. Once again this author has hit it out of the park.

I believe Love simply knows how to make her characters jump off the pages into our hearts. I love the connection of her other books and it brings me one page closer to AZMIR! I enjoyed this entire series and look forward to the next "Love-capade".

The Carmicheals

Love Belvin picks up where In Love with Ezra leaves off and we continue on Ezra's and Lex's emotional journey. Lex leaves Ezra because she wants to put herself first for once. Ezra stubbornly believes that he can get easily get Lex back. Lex lets him know otherwise. I loved the growth that they shared as they bonded. I really hate that their story has ended for now, but all good things must come to an end. Amazing read Love!

What can be said to properly articulate how Love delivered on the last book in this "Love Unaccounted" series!? Well for starters, since I first encountered Ezra in Love's "Waiting to Breathe" series, I'd hoped he would be featured as the hero in his own story and was ecstatic when Love announced the planned release of this series.

Ezra and Alexis' love story was the first of Love's series that I experienced in real time. It was during the summer of last year that I stumbled across one of Love's books on Goodreads and have been hooked ever since. Upon my initial discovery in mid 2015, I wasted no time and devoured her 7 previously published

books in record time to get caught up. Almost instantly, I fell in love with Love's ability to, (as my former pastor would say) "help rebuild broken walls in people's lives" via the characters in her novels. Her characters are flawed but real. To many they may have weird and sometimes unloveable tendencies but they are almost always redeemable.

Ezra's story is no different and as Love states in the acknowledgments of Bonded with Ezra, he's "flawed but holy". This last installment brought everything full circle for the often misunderstood but beloved Pastor Ezra Travois Carmichael. Many of the issues that frustrated readers about Ezra (and even Alexis) in the two previous installments were addressed.

I can usually finish one of Love's books in 24 hours and for those who are familiar with her work, ya'll know that's not a small feat because our girl is long winded--which I love :) But for this closing book in the series, I wanted it to last a bit longer so I gave myself a few more days so I could let it soak in and savor the story.

As always, Love brings the drama, romance, comedy and everything in between. On several occasions I laughed, slapped my forehead in shock, my heart skipped a beat and my eyes threatened to water. When I tell y'all that she delivered--she DELIVERED!!

There are several scenes in Bonded that moved me SO much and there were many different statements by the characters that made me reflect on my life. I swear I have more notes and highlights in this book than probably any other romance novel I've EVER read. It's just that rich and awe inspiring.

To avoid giving out any spoilers, I'll move to end my review. This series is THE BEST romance series I've read and Love Belvin's work is truly remarkable. With every book she releases, Love continues to solidify her place as my favorite romance author. And let's be clear, the word "favorite" is NOT being used lightly from my mouth (or digital keyboard) in the same way that I don't throw around "best friend". I say all that to note for those who don't know, Love's the real deal!

Now that the series is finished (tears) I look forward to the group discussions to be organized by #TeamLove on this piece of art, Bonded with Ezra.

Even more so, I look forward to continue growing in my appreciation of Love's work as she uses her God given gift of storytelling! She has done it again and I couldn't be more excited to have discovered her work. Well done and bravo, Ms. Love!

Sigh.... Well my journey with Ezra and Lex has come to an end... extremely bittersweet! But I won't whine about it.. "much" all great things come to an end and I have truly enjoyed the ride.

On with the review right? Okay!

I found myself giggling in the first 15% of this book, reason being? well simply because I knew I was in for a treat, Love Belvin has a way with words, she really makes you think while reading her book. So let me warn you, if you are under the impression that this book will be "simple or basic" you might want to carry on (As I've stated before.. it's truly a mind fuck) ... Ezra is not a simple or basic character.. hell if we are being honest neither is Lex.

This book had an abundance of growth on both parts, I was excited that the issues were not glossed over but

addressed in full.

Ezra... I think this is the first and only pastor I have lusted over and if book spank banks were a thing.. well this dude would be front and center LOL. He is different because he is a man of god but still a man nonetheless... He struggles with things like everyone else, it makes him relatable just the way that he goes about handling things which makes him different. He has a great appeal and of course Love made him irresistible because of not only his physical connection with Lex but his mental and spiritual connection as well.

I could only imagine how amazing it would feel to be connected or I should say bonded with someone on a level that has no ending or beginning... beautiful thing and it was beautiful to read.

Lex.. well I will say I am extremely proud of her, accepting nothing less of what she felt like she deserves... I was literally like "whoot whoot!"- Not all the time, of course I was folding LOL and screaming like PLEASE JUST....well that would be telling now wouldn't it lol (READ THE BOOKS!)

So in order to make sure I don't spoil anything for anyone I will end my review here.

Thank you Love for giving us Ezra and Lex it has truly been a pleasure (No pun intended lol) I look forward to meeting the next set of characters in the future.

Lata folks!

I really do not know where to start, I will ramble on and let everyone else figure it out. I am overwhelmed with so many different emotions. I am happy, intrigued and sad that this book has come to the end. I could never imagine my level of respect rising for one individual that I have never met. Love Belvin, you are that person. Am I surprise that "Bonded with Ezra" could surpass the last two books, no I'm not. When I am having a hard day and need to relieve some stress, I read and this book had me laughing, crying and using it as foreplay. An X-rated movie is not necessary, read one of Love's books it will start the juices flowing and then.....well I am sure you can figure that out.

You can tell a book is good when you read while standing at the stove cooking and when you have to be up at 6am and you read until 10pm and can't sleep and pick the book up again and read until 2am. I could not stop thinking about Ezra and Lex, they were a match. With her fierce attitude and stubborn ways and the language she would use when heated, oh my! Ezra, what a FINE specimen! I'm not into bondage but I would take a whipping from him in any form he would be willing to give. He does not need the whip, handcuffs, feathers or anything else because he is a walking weapon with his "Magic Missile and that tongue!!!! Ezra is the man any women would want as a lover, protector and a Bishop. I was happy that Nyree got what was coming to her. Sometimes you don't have to waste your energy on revenge because comma is a bitch. I really wished she had gotten a Harlem beat down and Precious deserved one also. Lex cut her with her tongue in church and she fell out. I was hollering "YES" out loud!!

Well, that it I'm not saying anything else because I could go on and on about this book. It is a 5-STAR book all the way. Thank you Love Belvin for being the woman and author that you are. I am and will continue to be a fan.

The Book Chick says

Love Belvin is the truth! This is the completion of the series and if I could rate the entire series as a whole it would be off the charts. I'm not going to go into how she has created something for a specific group of readers as I have before in my other reviews of 1 and 2. Well, yeah.. I kinda am. I think it's important to note that in some books this is a very dangerous series, which is the way Ezra felt about his attraction and unrevealed love for Lex. I say dangerous because Love appeals to the erotic Christian if there is such a thing... Christians who can deal with reading a greatly in depth story that has some extremely raw, sensual, and kinky love scenes. This is not for everyone but darned if she hasn't opened the door to something I've never seen/read before with characters that are palpable.

So this particular installment wrapped up the series in a very layer peeling type of way. Ezra was peeled open so to speak and he became less rigid. People complained about his rigidity, but it was always attractive to me. Lex, of course needed something more from Ezra and this book details that journey. I did feel a bit sorry for him though. He really had tried as best he could but not enough to appease Lex at times and so I found myself frustrated with her at moments especially during her extended hotel stay. But don't get me wrong. I liked Lex. I did. She just had a very difficult time getting what she needed and I felt her. It's just that Ezra was a different breed... I digress. Ezra was just everything to me. I don't care what other reviewers say. I was disappointed he was trinitarian in doctrine lol! But most of Christendom is. I would've ran hollering if he would've Acts 2:38ted Lex at her baptism and also had her to honestly repent before he took her under but it's not my story! I heard Ms. Belvin loud and clear in the beginning and that in itself was genius. I love how she started out with Ezra barging into her office.

I will miss Ms. Remah. Can I say how much I was endeared to that lady?! A freaking fictional character. I will just miss thie uniqueness that this series offered. I read some street fiction and deuces to those who don't respect it, but Love adds an element of street in her writing and then she couples it with intelligence that I find in some of my favorites like EJD. Then there are humorous aspects. I don't care what nobody says, Ezra had me laughing.

I'm not sure what to do now after this Love Unaccounted series...I mean these characters have been like

house mates for me and I'm sad to see the journey end! I think I will cry now. But since I bought all of this author's materials I will just go open up another one of her adventures which I'm sure won't disappoint. Anybody got any ideas how a sista gets into the therapy room?? IJS

Lala Prsbry says

And this is why I've always loved Ezra

Love delivers again in this thoughtfully paced and thorough closure to the story of Ezra and Lex.

I have never wavered in my affinity for Ezra because while he may have flaws he truly is a perfect character that goes through realistic transformation for the love of a woman. You can feel his growth and the torment he goes through as he incorporates mainstream ideas of love into his unconventional ideas of covenant. The articulation of the bond between him and Lex was a true depiction of what it really feels like to be in true love even when it is imperfect.

I like that the characters experienced moments of self awareness that required them to humble themselves in order to right their relationship and that they demonstrated how you can still love someone even though you may not like them in the moment, or appreciate their behavior.

The evolution of the characters makes you feel more connected to them because you feel them making adaptations for the success of their relationship. Seeing and feeling in the moment with Ezra as he showed his vulnerabilities was needed so readers could finally understand that this man definitely had a heart and was capable of demonstrating love.

It was great to see Ezra lose control even if it was just for a moment dealing with Rasul and to see wavering but fleeting moments of doubt related to his hope and faith. You get a back story to his ties in Kamagu which was great though Lex was slightly too controlled but again that's her growth.

Lex wins in the end with the perfect mix of sin and saint with Ezra. The story was well rounded out and will remain my favorite for a long time coming.

Thanks Love!

Love is very patient and kind, never jealous or envious, never boastful or proud, 5 never haughty or selfish or rude. Love does not demand its own way. It is not irritable or touchy. It does not hold grudges and will hardly even notice when others do it wrong. 6 It is never glad about injustice, but rejoices whenever truth wins out. 7 If you love someone, you will be loyal to him no matter what the cost. You will always believe in him, always expect the best of him, and always stand your ground in defending him.....1 Corinthians 13:4 Living Bible (TLB)...

Ezra showed himself Approved..... so much so I want my own personal Ezra.... (more specifically the Lounge Ezra and the Art Gallery Ezra... lol) First I will say this has become my favorite series by the incomparable Love Belvin. I loved that Ezra was unexplainably Man.. And unwaveringly Godly.... He knew himself in the latter but became anew in the former. Growth is about change and there can be no growth without it.. Ezra and Lex both changed in this last point in their Trinity, because they were open to the growing process. I love the display of relationship verses religion. Once again we are taken on an emotional journey that may or may not comport with your views on the direction you wanted them to take in their Love walk, but I feel it was all worth each bump, pebble and stone along the way. "Ecclesiastes 4:12Living Bible (TLB) .. And one standing alone can be attacked and defeated, but two can stand back-to-back and conquer; three is even better, for a triple-braided cord is not easily broken". We saw this unfold before our eyes with

each part of their story, ending with the final cord. Ezra and Lex's love is not ordinary, nor simplistic. It is fire meets fire and baby lets burn... The beast was tamed and tempered by the only thing that can tame a beast LOVE.... Lex discovered that removing the veil does not mean you become less of who you were before the reveal, she is still Harlem Pride...just better. You get answers to questions from some characters (I know I did) and I was not surprised. If you are already a fan you already know.. And if you are not a fan... become one with the quickness....

I have told Love Belvin on more than one occasion that God is using her Pen for a real purpose... Her gift has made room and I can't wait to see the fruits of its increase
