Jessica says

This was the best one so far. Can't wait for the next one & I'm already sorry it's the last.

Nancy says

Enjoyed this series SO much ! :)

TRACI says

This book was so confusing with so many characters to keep track that it's a wonder I finished it at all. The storyline was a jumbled mess too.

Carol says

Some parts of this book were quite amusing, but there were so many references to previous books in the series and so many characters to keep track of that I did not enjoy it. I think it might have been different if I had read this book as part of a continuing series.

Susan says

When David proposes, Hannah can think of a lot of reasons to say no. But before she gets a chance, the two go to a farewell party for an unpopular Valhalla Springs resident, and are caught up in a revenge shooting by a disgruntled employee. David and his chief investigator, though, are not quite satisfied with the easy answer. Meanwhile, visiting one of the injured elderly, Hannah gets a hint of a thwarted, long-time romance.
