## **Advent for Everyone** N.T. Wright

Advent for Everyone: A Journey with the Apostles provides readers with an inspirational guide through the Advent season, from the first Sunday in Advent through the Saturday after the Fourth Sunday in Advent. Popular biblical scholar and author N. T. Wright provides his own Scripture translation and brief reflection, helping readers understand Advent in the wider context of Gods love.

Wrights engaging and accessible writing and imagery help us see Advent both in relation to the Bibles message and in our own lives today. Each week discusses key themes for the season: thanksgiving, patience, humility, and joy. This book is suitable for both individual and group study and reflection.

## From Reader Review Advent for Everyone for online ebook

### Carol says

Advent For Everyone is one great book for Advent – in fact it is the one book I will be using for my Advent with my family – this season – after all the ones I have read this is the one I chose to read – why you ask? Well for instance in the forward it said that, " Advent means "coming "or "arrival " isn't that so interesting ? I never knew that. Then the authors book goes like this – Scripture which is standard – when they go on and talk about the Scripture – A talk like that tells you some good information on it – then they tell you a personal story about the subject and it is the few pages long – which is unusual for Advent books we read , but no questions or reflections – that is the end , I still enjoyed it so very much – so will you. I received a copy of this book from the Publisher and Netgalley; all the opinions expressed in this review are all my own.

### Matthew Colvin says

Reads like some ghostwriter recycled Wright's observations from his "For Everyone" series of popular commentaries and arranged them with readings from a lectionary for Advent.

---

### Jeanie says

**Only when we remind ourselves of God's holiness do we fully appreciate the significance what Jesus achieved. The appropriate response to all this is gratitude and worship. True gratitude both for the present world and for the world to come, is the deepest and truest form of worship, reaching places which the entire sacrificial system never could.**

Advent is about worship. Anticipating what God will do and waiting for what is to come. Advent is broken down into 4 weeks.

A time of Thanksgiving

A time for Patience

A time for Humility

A time for Joy

I appreciate that each week is centered around worship, it prepares our heart for what God is doing and who he is.

A short devotion to prepare our hearts not only for the Advent season but anytime when we may be reminded of what worship really is.

*A Special Thank You to Westminster John Knox Press and Netgalley for the ARC and the opportunity to post an honest review.*

## **George Love says**

Solid Advent devotional. Thoughtful, helpful - what you would expect from N.T. Wright.

---

## **Scott Firestone says**

While we often think about focusing on Lent in preparation for Easter, we're often less intentional with Advent. We light a new candle each week, and dive into the craziness and busyness of the season. N.T. Wright's new devotional gives us a chance to slow down and consider Christ's arrival, and what it means for all of us. I'm a big Wright fan, so I was inclined to like this anyway. But it's another solid, approachable, and thoughtful approach to this important season. Definitely recommended.

## **Eric says**

Like all other books by N.T. Wright, this one is also 5-star. This volume, an Advent devotional for Year B of the Revised Common Lectionary focuses on 3 of the Epistle lessons, and one Gospel, for each Sunday. From each reading comes a theme for the week - Thanksgiving, Patience, Humility, and Joy. The daily readings which follow each week are from random biblical texts that focus on each weekly theme.

These daily bible reflections are largely rewritten from chapters in his famous "For Everyone" series. Still, when pulled together in such a manner, the lessons are fresh and ever insightful.

I have said it over and over - you will never go wrong or be lead astray with anything written by N.T. Wright. So I would highly commend this to anyone who is seeking a helpful, insightful and anticipatory daily devotional or reading for the Advent season.

---

## **Jason Stanley says**

This is a sensible collection of reflections for the Advent season. True to Wright's "For Everyone" series, this is an approachable, good for beginners book. Ideal for personal study and reflection, it could also be used in a Bible study/book group setting.

## **James says**

Tom Wright is undoubtedly one of the greatest living public theologians - his writing is accessible to everyday Christians, but he sacrifices neither theological integrity nor depth. He continues to provide solid scholarship. I particularly appreciate that the former bishop is both an evangelical and mainline Church of England clergy. Each of his daily devotions are insightful, particularly into the early church, as many of the scripture readings he has chosen are from the epistles. However, these devotions do not seem to have much to do with the traditional Advent themes like waiting and preparation for the Incarnation. In fact, his reference to Advent in the last devotion almost came as a jolt - having had few other explicit references to the Advent season. So, if you are looking for an Advent devotional that focuses on themes commonly

connected to Advent, you might go away disappointed. Nonetheless, it provides theologically sound and insightful commentary.

### **Melinda M says**

Advent for Everyone by N.T. Wright is a good way to prepare for Christmas. It is an inspirational guide to help focus on the reason for Christmas and to forget at least for a few minutes every day about the commercialization of Christmas and the rushing around. It is well written and includes a short scripture and a little discuss of it. I highly recommend this as a way to prepare for Christmas.

I received a copy thru a Goodreads Giveaway.

### **Sharon says**

Good meditations, although they might have been shorter given the stresses of the season

---

### **Libby says**

I appreciate the discipline of an Advent devotional during the lead-up to Christmas, but it's hard to find one that doesn't leave me feeling bored, like it's walking over familiar territory without pausing to really look. Wright's devotional was so much more - familiar, and not difficult to read, but his words led me to stop and look beyond the familiarity of the words. The only reason I didn't rate this as 5 stars is because I didn't always follow the connection to Advent. That being said, this is an excellent devotional for any time of year. Review based on copy from Netgalley.
