Karsyn says

Enjoyable, for a short story.

Maura says

Too short to be anything but smut. It's basically just sex scenes between 3 roommates... It's sexy sure, but there's hardly any story to it.

Yalda says

hot!!!! i liked it a lot, but i kinda feel that derek was deeply madly in love with callie...

Mitabird says

This didn't do anything for me. I had a hard time getting into the story. The characters didn't have any chemistry and nothing about the scenarios felt real.
