Claymore, Vol. 4: Marked for the Death Norihiro Yagi

Teresa, a powerful Claymore, saves a young girl from her bandit captors and leaves the child in the care of some villagers. But triumph quickly gives way to despair when the situation takes a tragic turn, and Teresa is forced to kill a human--an act that will condemn her to death at the hands of her own kind.

Peter Barr says

The series has taken a new direction. It goes to the point before Clare becomes a Claymore. This is the tale of the beginning of that journey. The Claymore series is about a world where flesh eating beast called Yomas disguise themselves among humans and kill them in secret. Human women are created as part human, part Yoma with silver eyes who can kill the Yomas and they are called Claymores because they use the large swords called Claymores. This episode tells some of the culture of the Claymores as well. It is an interesting tale.

Cassia Watakabe says

Seeing a female fighter like Teresa in action makes up for any story. It has shown us that rules are made to be broken and that life is to be lived. And that only the power of love makes us powerful to protect people who are precious.

Petra says

I have to say this review is completely biased because I loved the anime so much and so far there aren't really any deviations.

Also, c'mon, what's not to love here: a rich dark fantasy world, bunch of well-rounded kickass female warriors with cool nicknames, tragedy, revenge, great action scenes, mystery? It's easy to overlook any flaws. 4.5

Ash says

Teresa broke the organization's law and when she went to take her punishment she escaped, just for the little human girl.

The story was AMAZING and the MANY wonderful fighting scene of Claymores but not a claymore Vs. Yoma, but Claymore Vs. Claymore. I think this book is the best book in the series so far.

Tormenta says

Esta fue la parte más oscura y cruel hasta donde leí. Las escenas comenzaron a ser bastante repetitivas (sobre todo en las luchas y momentos de tensión) pero los diálogos son los mejores y la historia de Clare y Teresa te parte el corazón. Fue la parte que más me gustó (~~soy tan mala que digo esto~~).

Kristian Dobson says

Attack of the Claymore. Great action and more knowledge of the Claymore organisation. Love it.

Teresa <3

5/5

Chris Hamilton says

Teresa is tough

An all out war with the claymores against Teresa has begun because she killed a band of raiders who were kidnapping Clara and other women. The claymores are not allowed to kill humans no matter what and have unleashed a kill team of the best claymores to take her out. She holds her own in this volume with lots of great action. I'm really enjoying this series!

Vaitiaré González says

4.5*

Aún sigue tan buena la historia al igual que el anime, lo único malo son las escenas de pelea, obviamente no es lo mismo a cuando lo ves en la pantalla, son dibujos que a veces logran confundirme, no sé ve la diferencia a cuando uno recibe un golpe o viceversa, es algo a lo que tendré que acostumbrarme pero de ahí en fuera como lo dije, la historia muy buena, ese fue el único detalle por eso no logra las 5 estrellas lamentablemente.

Johnathon says

Another fun entry into as Clare's past is further explored when the Claymore, Teresa of the Faint Smile, makes a fateful decision on whether to keep her or not that has serious ramifications. Norihiro Yagi continues to explore the Claymore's & the world they inhabit, particularly the rule that Claymores can only kill Yoma but not humans. His art is second to none as well, particularly when depicting the action as Teresa shows why she's the highest ranked Claymore in the field. Fun issue by one of the better manga's on the stands.

C. Varn says

This becomes clear that it is the origin story of Clare, and as such, continues to the dark fantasy manga trope of the third arc being an extended flashback. The conclusion of Teresa of the Faint Smile arc ends with a transgression that leads up to the Marked for Death arc which introduces Priscilla. Norihiro Yagi's art is clear

and clean, making action easy to follow. Enjoyable

Lynn says

Today's post is on Claymore volume 4: Marked for Death by Norihiro Yagi. It is the fourth in the long running Claymore series, you need to have read the three volumes to understand the story. It is 189 pages long and is published by Shonen Jump Advanced. The cover has Clare and Teresa in an action scene from the volume. The intended reader is someone who likes dark plots, high action, and strong female characters. There is mild foul language, no sexuality, and lots of violence in this book. The story is told from third person close of the main character. There Be Spoilers Ahead.

From the back of the book- Teresa, a powerful Claymore, saves a young girl from her bandit captors and leaves the child in the care of some villagers. But triumph quickly gives way to despair when the situation takes a tragic turn, and Teresa is forced to kill a human--an act that will condemn her to death at the hands of her own kind.

Review- Lots of action in this volume from Teresa killing all the bandits in the first half to Claymore versus Claymore in the second. Teresa kills a Yoma that was scaring away the bandits that she had fought with earlier and they descend on the village and kill everyone but Clare. They have plans for her because of Teresa. Teresa goes back to stop the bandits but she is far too late. In her rage at what they had done, she kills them all. So Teresa and Clare are on the run together. The people that run the Claymores' send others after Teresa but she is the best for a reason so they send a group of five after them. Teresa is a great character and I like seeing where Clare came from but I know that it will not end well but what the real cost will be I am not sure. The art is great in the series showing us what is going on without getting too gory. More Action and Drama Ahead.

I give this volume a Five out of Five stars. I get nothing for review and I bought this manga with my own money.

Michael Sorbello says

I wasn't expecting a deep story going into this. It started off as an episodic, Conan the Cimmerian type of format with lots of mindless action and moving from objective to objective, but things have taken a sad turn with a story about pursuing one's own individual happiness and freedom over simply living a harsh life of doing what you're told.

That's what makes the Claymores so interesting. They're not cold-blooded killers, they're capable of deep emotion and complex thought, which in turn makes their cruel business and brutal deaths all the more tragic.

Sena Ya?mur Yalç?n says

Teresa reis.

Karissa says

This is the 4th volume in the Claymore series and was another excellent installment in this series. This series continues to be a very well done dark fantasy series, full of excellent characters and stunning action scenes.

Teresa did the unthinkable in protecting Clare, she killed humans. Now Teresa has to deal with the aftermath of that. There is a bounty on her head and other Claymores are tasked with killing the rogue Teresa once and for all. Teresa continually tries to convince Clare to stay in towns along the way, but Clare insists on following Teresa.

Now we are following Clare's story before she became a Claymore and it is fascinating to read about her background. We watch Clare and Teresa interact a lot. Both of them have changed some; Teresa is starting to feel human emotion and Clare is starting to have more of a sense of self worth.

We meet quite a few new Claymore as well and learn about how they are ranked by ability. There are some absolutely spectacular fight scenes between the Claymore too.

The whole series continues to be well drawn with excellent action scenes, wonderful characters, and a fascinating story.

Overall this was a wonderful continuation to this story. I am excited to see what happens next. I would definitely recommend this whole manga series to anyone who loves action-packed dark fantasy manga.

k.wing says

Okay, now I'm into it. Love the new storyline of the other Claymores coming to put Teresa down. Exciting!
