Gracelynn M.B. Forester-Smythe

James Michaels was only supposed to visit an old buddy. He didn't plan on being reintroduced to his ex-fiancee or to admit he still loves her.

Gracelynn Hall never thought she'd see him again. She thought she'd moved on but knows she'll always love him.

She still wants him and he's going to prove he's willing to make it work by making her fall in love with him all over again.

From Reader Review Gracelynn for online ebook

Lauren says

I really enjoyed this book. I like to read books about real life situations. In this book, two people had a relationship and almost got married but something happened and they called the wedding off. Then years later, they meet up again and he does everything he did the first time to make her fall in love with him all over again. I would recomend this book to anyone who likes a good love story and who loves real life stories.

Nicole says

Gracelynn by Mirriam Smyth is about two lovers finding each other again after ten years. This story is a sweet, quick read. I would recommend this to someone looking for a fast, enjoyable read that has a happy conclusion.

Terree says

The reason I didn't like it was because it was rushed, the characters were unbelievable (even for fiction) and there was no developement of the story. at the end it was like a kid says, ummm, while you weren't looking, he went and bought a house that they looked at online together, oh, and while you weren't looking, he went home and got his own car. oh yeah, and the church that was so important to them that we knew nothing about... we brought it up at the end of the book??? ummm If you want to bring up that much information, write a longer book and work out the details.

Jacquelyn Smith says

Dereck went into the bar where Gracelynn worked as a barterder. He had broken her heart and now here they are again.

Cute and short

If you are looking for a clean and quick love story you will love this one.

Lani says

Short, sweet, and completely Awww worthy! It was just the type of story I needed at the time. No teenage angst, no "will they won't they", just solid romance that turned me into a giggly girl. James was sweet and adorable and I loved the theme of second chances.

Carly says

Lame. Thankfully it was free. Apparently, I find nothing romantic in a hastily rekindled relationship between a bartender and a mechanic.

Gigi Ann says

I was in a funky sort of mood today, and didn't feel like starting a book that would take me a few days to read. Well, I noticed on my Nook the book "Edith" a novella...a story that was compact and to the point. I decided to give it a whirl, I sometimes like to read a story that is not filled with a lot of unnecessary details, and this book hit the spot. What a pleasant surprise when I finished the book "Edith" I was invited to download "Gracelynn" and read it also. Both "Edith" and "Gracelynn" were free downloads. Thank you Ms. Smyth for the pleasant afternoon of reading, and the two free books. Nothing can top spending a cozy afternoon in my Reading Corner reading my Cinderella stories.

Trina says

Good story I kept thinking 10 years!!! maybe 5 but 10!! even if I never stopped loving you it wouldnt go like that but thats me :). Really enjoyed that story and of course the age difference in the men. lol

Whitney Washington says

Gracelynn is a very simple book. It is quick and to the point, but very well written. Even though the overall layout of the book is not original, the details make it stand out from the rest. The way the author describes the characters and the relationship between all of the characters, is eloquent, and beautiful. I would recommend this book to others, who want a quick and easy read. It was amazing.

Judy says

Another short story but packed full.

James Michael is taking a break from work and visiting a friend. When his friend wants to introduce him to a girl he thinks James will like, he did not expect to see his ex-fiance as the bar tender and thus said girl.

Gracelynn was surprised to see James as well.

Cute short story.

VLynch says

Wow, talk about a short story. I am a big fan of this author's work and I guess I have just read too many lately. This was bust for me. It was way too short, I am not a fan of short stories and the character development was very thin. I read it, but it was boring and drab. I guess its time for a little break from this author.

Norma says

I have discovered these short romantic getaways.....this is the second one I have read, and I like them very much. There is just enough romance without being over the top. And, they always end well.....just like romance should.

***Sandra says**

This is a short story that I downloaded on my Nook for free. It was okay, but it needs some editing and refining. I am not sure if this is a published book. From what I read on the Nook, it doesn't seem like it. I think M.B. Forester-Smythe has some good ideas for love stories, but possibly needs some feedback to make the story a little better.

Robin says

Well I can't say too much for this one other than it's taking up space on my iPad so I should just delete it!

LAWonder10 says

What a wonderful but predictable short love story! This was clean and well-written. Mirriam's talent is very enjoyable yet sometimes uncomfortable due to her steamy situations. This, however, is very clean.
