Flynn is a native American shifter who feels compelled to check out wood henge which was supposedly built by his ancient ancestors. While there, something weird happens and he wakes to find himself the captive of two native warriors. At first he thinks it's a gag, but soon realizes he has gone back in time and that he's in a society ruled by a high priest who is a shifter. They two men talk about "testing" him, and it becomes clear that the high priest must be gay and there is a test to see if he can be aroused by women, and the current high priest in training is a bad guy who gets off on creating tension and blood shed. Both Koda and Amara were childhood friends who are now in conflict over power, however both believe it's their task by the jobs to keep Flynn chaste before the test. Little do they realize he's as gay as they come and this is right up his alley and he soon realizes that it's up theirs as well, although their culture doesn't allow for gay warriors. After the big show-down with the bad guy, Flynn decides to defy convention and take the two men as his spouses rather than the bevy of twinkles that are usually reserved for priests. This is kind of a wild twist on time travel and shifters and menage. It's very sexy and each character was quite distinct. I found Amara a bit of an ass, but he came around, especially once he accepted his desire for Koda and Flynn. If you're in the mood for something sexy and a bit different a good choice.

Ok, this was a very sexy book, the characters were well defined and the story flows quickly, I loved how the characters fell into lust at different paces, after all Koda and Amaro were warriors, Koda breaks in more easily, but Amaro still has doubts and goes at it more slowly, the villain was stupid and silly, the book left me with a grin on the face.

Interesting premise, but for some reason *Unchaste* is the only m/m book of the Phases series that I couldn't really get into.

Flynn is on a tour of holy grounds of his people, he is a descendant of Cahokia Indians. He starts thinking of his past and the past of his people, he feels called and is somehow thrust through a portal 600 years in the past, and as if that wasn't a shocker he also turned into a fox.

Now, that is a way to start a day, but that isn't all, nope, two very yummy hunky warriors find him and decide he is a high priest.

They see it as their duty to prepare him, \*cough\* priests aren't allowed to lust for woman only for men, NOT a problem for Flynn in the least, but hey, if the guys want to make sure, and make sure and test the theory a few times, who is he to complain?

Well, there is one problem, Koda and Amaro are warriors and warriors aren't allowed to lust for men, only priests and their mates...and there is the soon to be high priest apparent who is actually a very bad man, they are caught, there is a little intrigue, but that doesn't deter from the sex fest much, anyway, Flynn, Koda and Amaro and the old high priest get it all sorted out.

It was a cute, fun read, even if I have to say, being a god, having two really hot lovers is great, but personally...I need indoor plumbing, what can I say, I'm spoiled! ;)
