### **Gracey valladares says**

my mayne.

---

### **Coral says**

It wasn't as funny as the SpongeBob episodes or the other SpongeBob books. The writing was very wooden and felt a bit forced.

---

### **Faith Jurni Kay says**

#### **Cute**

it was cute and I'm 13 and I love spongebob so much. it was a fun book to read. I loved it.

### **Alyn says**

My son really liked this book, thus the four stars. If it were up to me, I would have given it one star only but then that's because I have a strong dislike of anything Spongebob.

It is Easter and Spongebob and Patrick team up to make a float. The problem is, they have been slacking off instead of working on a float. Patrick makes one but it pales in comparison to all of the other floats to see. When they get the chance to use a float that isn't theirs, they take it even though Spongebob has some qualms about it. His guilt eventually wins during the parade and he confesses that they cheated. So what happens after his confession? Nothing. Nobody cares that Spongebob and Patrick cheated. Everyone is a winner and they all live happily ever after.

### **Tina says**

Henry and I read this on October 9th. Just your average book.

---

## **Meathead says**

YOU SHOULD READ IT!!!!!!!
