Rivkah says

On the back of the book, this book states it is a teen book.. so I warn you that there is swearing and one picture in there that shows a picture 1/2 of a girls' anatomy.. and that's rated adult plus, but is apparent allowed for YA..

Anyways.....The ending is a cliffhanger,

CJ - It's only a Paper Moon says

Machika needs to be just a bit older before I'm ok with a bath scene.

Shareem needs to be taken out

Reem says

Volume 2. Chapters 6-10

Robert Beveridge says

Kaori Ozaki, Immortal Rain vol. 2 (Tokyopop, 1999)

Ozaki continues one of the best series in manga, picking up just where volume 1 left off. Machika and Rain's train is attacked by the Desert Pirates, and the two are stranded in the desert after some heroics to save the rest of the passengers. They have to neutralize the desert pirates, find some transportation, and resist the whole falling in love thing all at once. Is anyone strong-willed enough? Only one way to find out, and that's read it. Highly recommended. ****

Peter Salva says

The age difference between the characters creeps me out a little, but overall the series progresses well in this second volume.

Melissa says

Gah!! The end!! Where is volume 3!!!

Karen says

Love this series:)

Kat says

The saga continues. Rain is a hilarious-yet-tragic immortal, and Machika is the girl that follows him in his quest to find the person that cursed him with immortality.

Nidah (SleepDreamWrite) says

This was a pretty good volume. And that ending. Of course it had to end that way and leads up to the next volume. Thanks for that. Anyway, like I said, pretty good volume. Got new characters in this one this time and some returnees.

Hillingdon Libraries says

Alixendra says

This manga gets better and better as you read it! Reincarnation, "angels" created by an insane lunatic, and a plot that makes you keep reading to see what happens next. I haven't been this addicted to a manga in a long while. The character development is great so far, especially when it comes to Rain and the strength to protect others from Machika, and add in a guy who wants to kill every living thing on the planet?? Yeah...that makes for a good story!

Christina says

When Rain and Machika's train is hijacked by desert pirates working for The Corporation, will they be able to escape with their heads? Or Rain's cherished violin? Later, we are also able to dive deeper into Sharem's psyche, her past, and her intentions.
