With Buffy incapacitated, Amy the witch has taken the opportunity to get this-lay siege with an army of the undead. Willow takes her on in a witches' battle royal as hundreds of Slayers defend their Scottish citadel, but without the kiss of true love, Buffy will be out of commission indefinitely-with an unwelcome familiar face, and an image you won't soon forget.

Buffy creator Joss Whedon brings Buffy back to Dark Horse in this direct follow-up to Season Seven of the smash-hit TV series.
