#### Great great great

Diamond den did her time n she still out here being loyal to bobby, after all they been thru. Diamond jus can't win for nuthin, I like Zoe but it's crazy how she in love wit him n bobby n they both at war with each other. Zoe don't play no type games he could have ended bobby so many times already but because of diamond I think he keep sparing him. I want the baby to b Zoe baby but the way things happen it prolly be bobby. Beamer she ain't ish man how could she even be so evil like that. Only Ian saved her. I need Zoe to save diamond n kill justice

#### Who is the father?

Diamond can't catch a break at all. I was hoping we would have known who father Diamond's daughter.. I figured that Pete was Diamond's father in part 1 because he was so protective over her but what I didn't like was her back and forward between Zoe and Bobby. I feel she was doing too much. I love the new Choppa. I need for Pete to pay more attention to his no good wife!!! Overall it's a good storyline/book but I really expected more!! Especially if you where going to bring Cookie and the new characters in. I hope baby girl is Zoe and I hope Zoe and Diamond works out but he treats her like a Queen. Team Zoe all day... Ready for part 3

### Tesha Joyner says

I was hoping Diamond & Zoe was finally going to get it together. I feel Bobby just wants her cause somebody else does. He loves her but not like he should. Zone actually loves her & wants her. He just can't deal with her loving them both. Beamer should be a shame of herself for what she done. I know she was hurt but why hurt Finn cent people. She claims to love her son if so then she should make things right before everyone gets killed. Cray needs to go on & find somebody else. Bobby does not want her. I hope Diamonds baby is Zoe. I feel she would have a better future with him. He .actually was doing good by her until all this Bobby stuff. Justice should be a shame of how he did her. Sold her out for the money. Ready for the next part to see what happens. Great job.

#### Wow good .book

This book was crazy and all I wanna know is in the end who will she choose. This was a great book and if it wasn't for some minor errors it would have been five stars. It was a lot of dumb mistake like....one min they said diamond was walking through the club....and a page later one of the twins was talking about how diamond had stayed home because she was pregnant. A lot of the chapters seemed to be rushed and left out

some details but all in all this still was a great book and ill be waiting for part 3.

In this one Diamond is torn between Zoe and Bobby. Bobby is trying to get Zoe out the way while trying to juggle Cray, Beamer and now Cookie. Beamer finds out about her mom and wants to make things right but goes against what Zoe said. Star and Sky both get into situations with Rich and Choppa. Choppa finally steps up when he realizes what he wants.

Diamonds relationship with Juss is turned into a mess that leaves her in a situation that she just may not be able to walk away from. We find out what's going on with Pete, but I figured as much because he was always popping up. As much as Zoe has put Bobby through you'd think he'd get a clue that he needed to relocate and regroup fully before coming at Zoe again. I'm just ready for one of them to fall back and this beef to end. On to the next one.

### **Jasmin Watson says**

This book pick right where part 1 left. I swear Diamond kind of gotten on my nerve with the back and fourth. I hope that baby is Zoe because I like him better then I do Booby. I hope that everything work out because I hope that find Diamond and the baby safe. I can't wait for part 3.

#### **Oh my**

All I can say is oh mythic book realignment a big punch who knows what will happen next this is one of those books that you're just itching for more and on the edge waiting. Although I like Bobby I am so team did and pray that him and Diamond end up together. I feel as though she has ran her course with Bobby and their relationship needs to be strictly friends. Lucinda John always delivers in each book that I read from her. Great . Job with this one.

Whoaaaa!!! Lucinda John done went and murdered yet another read. I couldn't go to sleep without reading this tonight. And I must say your pen game done got sick. Part 2 flowed flawlessly. You always capture my attention from beginning to end. So the plot just got real with Diamond being kidnapped and US not knowing who fathered her daughter. I'm still team ZOE. There so many dynamics to the story and I love all of them. My favorite character is still Tootsie ROFL. In impatiently waiting for part 3. You representing for BROWARD hunni. I love it!!! 5 stars definitely ain't enough!!

### **Organized Chaos**

Now this was drama all over the place,I kept waiting for at least one character to really stand up.This was a story riddled with some very immature people,but this is what you get when its young people.This was one explosive follow-up,but it lacks that kind of feelings the first one gave.There are moments when you stand and cheer and there are times when you want to scream.I was a little disappointed in Diamonds character because in the first story she was more together,in this story she questions herself a tad much.There are some funny moments,that make you laugh out loud.This is a good solid follow-up it just lacks a little sparkle.

### **A banger**

Picked up where 1 ended. Diamond is confuse on she loves Bobby or zoe and not knowing who fathered her child is so hard. Zoe lives diamond but he doesn't fully trust her. Bobby wants his cake and to eat it too with Cray,beamer,and diamond. Choppa and rich want star and Skye but not fully opening up causes a few problems for them. Beamer ignites a war between Bobby and zoe but zoe is a step ahead of her. So many secrets and when diamond gets kidnapped zoe an Bobby team up to go to war to rescue her.

### **Yasssssss**

This book was better than the first! She brought all the characters back! I hate that the book ended where it did but I'm happy it got as far as it did instead of ending early to read apart of some other book. Idk what all these other reviewers are talking about we clearly don't need a DNA test, I just can't wait for part 3!!!

### **Team Zoe**

I really hope Zoe is the father. Bobby is pathetic and the way he did Cray is wrong on so many levels. Karma is a B and I hope it comes back to kick his tail. Diamond is so typical. She is willing to give up the love of a good man to be with a buster. Hopefully this traumatic event will get her mind right. I hope in book 3 you let Bobby and Beamer grimey butts sit on the outside looking in at everyone they tried to destroy, get their happy endings. Please hurry up with book 3!
