## From Reader Review Girl Got Game, Vol. 2 for online ebook

### Winnie Yang says

This is the next book of the series "Girl Got Game". It continues about the life of Chiharu trying to hide the fact that she's actually a girl. The interesting thing is that Chiharu starts to fall for Aizawa; the one who she'd said was a jerk!

Since I read the first book of the series, and since that book was so interesting, I just had to read the second book! I needed to find out what happened to Chiharu and Aizawa.

I decided to complete this book because I love this book and it's storyline. There's the main idea of how Kyo's trying to hide her identity, but there are also other problems such as falling I love with Aizawa. I love how the writer made this story so unpredictable.

I would recommend this book to whoever read the first book in the series because I, personally hate reading books without knowing the beginning.

---

### Treasure says

I enjoyed the "Girl Got Game" part, but then an entirely different story, "Makeover", begins and it is just random and not well done. I know there is often other manga or bonus material at the end, but this one took up a large portion of the book. When I pick up a sequel in a series, I expect it to be the story from the series, not a new story.

---

### Nidah (SleepDreamWrite) says

I like the other author's series. The art style is good to a bit weird at times but overall, a good volume

---

### Liza says

3/5 for the main story and 2/5 for the one-shots. They were nicely drawn but both had problematic parts to them.

---

### Selsara 'Misfil' says

Ngakak habis-habisan lihat Chiharu yang kelewat konyolnya! :D

NB: Ada dua cerita lepas di volume 2 ini. Belum kubaca sih. XD

---

## Minty-chan~ says

so sweet! i hope they get together soon~

---

## Jessi says

This series as a whole is mediocre. It starts off strong but gets weak. I started to notice it with the slap-stick silliness. It seems like the author put it in as a filler and it throws the plot off course. The writing is lacking and that is the most important thing, even with a manga.

If you like the girl pretending to be a boy theme you should go with one of the more popular series, like Hana-Kimi or W Juliet. I haven't read them but they have to be better than Girl Got Game.

---

## Chelsea says

This volume was just as good as the first volume. I really like the characters in this series. The bonus stories "Makeover" & "False Girlfriend" were also pretty interesting.

---

## Kereesa says

While this manga does have quite a bit of basketball in it, *Girl Got Game* is much more about the draaaammmaaaaa, often crazily exaggerated, surrounding the two main characters: Chiharu and Kyo.

Thought to be honest, I doubt anyone reads it for the basketball content. The series is too hilarious on its own to be a true sport manga. Plus that whole romance thing really does steal the show.

~~Mmmmm...Chiharu~~

I really enjoy the gender bending qualities of the story, however. They make it that more fun!

Even the short stories included in a few of the volumes are fun to read, ~~even if I do begrudge the space they take away from my precious Chiharu~~

Keep those fangirl feelings in check, Carissa.

4-4.5/5

---

## Cleo says

It's a cute story, but I was disappointed that it was cut short. It's nice to have bonus material, but I was expecting a full volume.

---

---

**Aleksei says**

Why so short?

---
