### Carmen says

The love triangle is so strong, but overall the story development is so good and the artworks were brilliant.

### Sandra says

As they say, **The road to hell is paved with good intentions.** Sometimes what you think is best for someone isn't always what is really best for them. They have to make that decision on their own, and this lesson is what Jughead and Betty learned in this issue. While this might not be my favorite issue, i am still enjoying the heck out of this!

PS: **BRING BACK FIONA STAPLES!!**

### K. says

I adore this cover. Veronica Fish is an artist I've been seeing around in comics more and more lately and I can't get enough of her style. She is a perfect addition to this series.

Reggie is himself, but *more*. I don't know if my expectations are so low because the originals were basically caricatures of people, but I am still loving the depth Waid has given the cast. Reggie Mantle is, and always will be, kind of a dick, but he's also got a lonely upbringing and a desperate thirst to *be* someone to round himself out.

(He's almost certainly talking to Jughead - their dynamic has always been my favorite.)

### Gabrielle (Wishes she had more time to read) says

Oh look. Another comic series that's going to ruin me. Never thought I'd see the day, Riverdale gang. Tch.

Love the way the story is progressing, and I'm digging Veronica Fish's artwork. A step up from the previous issue, I thought. (No offense in any way to Annie Wu.)

---

### Holly Letson says

Decent issue, but I really don't like the way that Veronica is using Archie. I actually enjoyed the old-school story in the back of the issue better than the main story.

### **Renee says**

Love that Archie finally stopped jumping every time Veronica called him by the end of this issue. Not so happy with how he walked away from Jughead and Betty though. Curious to see how things go with them in the next episode.

Also like that we are starting to see more and more side characters now.

4.5/5 stars! :)

### **Shadowdenizen says**

Still a smart, savvy title absolutely worth reading, this is nonetheless the first issue where I felt a tiny bit of a let-down after finishing it, though I'm sure they're building to something in upcoming issues.

### **ZeN says**

This is why we can't have nice things..

(We miss you Fiona Staples)

---

### **James Rodrigues says**

Veronica Fish's art is good, but makes me miss Fiona Staples. The story gets more interesting, as Archie and Veronica's relationship develops.

---

### **Caitlin says**

I am really enjoying the new tales of the Riverdale gang. The issues feel too short!

---

### **Meera says**

The story with the centipede is hilarious ?

---

### ?????? ?????? says

Liked it more than the last few issues. Mainly because of the super villain of Riverdale, Reggie Mantles. The rivalry between Archie and Reggie is going to boil up in the next issues probably. It was kinda disappointing to see Betty give up on Archie so easily. And then Archie misunderstanding his best 2 friends Jughead and Betty over the mix up with Reggie. This issue created a lot of build up to the next issues storywise, but the artwork took a dip compared to the previous issues.

### Abbie says

I don't know why but I will always prefer Veronica Lodge over Betty Cooper (call me shallow all you want).

---

### Erika says

2,85 ?

like the very fashionable and expensive-looking queen bee veronica lodge once said:  
it's all about orange + freckles + sweetness + taking those things and making them into your own.

---

### Liberty K says

The story is good, the art not so much. They should stick to one artist and not change them because it's confusing.
