King's Property

Mina Carter

King's Property Mina Carter

Her debt means the King owns her body... her heart is a different matter. Or is it?

In order to pay off her debt, Zara shares cagefighter Logan Reese's bed...or rather a wall in the locker rooms or the back seat of the alpha werelion's limo, since actual beds don't feature large in their arrangement. She tells herself it's just business, that she's not his property, not really. It's just a short term arrangement.

She doesn't want more. Honest.

She's his. End of story.

King of the Ring, Logan Reese, knows two things. The curvy little female is more cat than she appears, and she's all his... He'll take her, and keep her, any way he can....

Fair Warning: This is a raunchy little shortie that contains one hot as hell werelion using any excuse to get his hands on the sexy, curvy woman he wants. It does not end in a HEA (at the moment) but does have hot changing room sex (and in a limo)

King's Property is Book 2 in Mina Carter's Shifter Fight League Series.

Zara Hunter still has no qualms about fulfilling her end of the deal to pay off her fathers debt in Logan's bed, or rather the locker room wall or back seats of limos as the case may be, and is happy it's just a short term, business arrangement, right? Right?

Logan Reece is the King of the Ring and with good reason. He knows the curvy and fierce female Zara is more cat than she appears and he also knows she is his, she just doesn't know it yet.

This is a great continuation to book 1 In Debt to the King, and I hope we keep getting more Zara and Logan. I also hope the story doesn't suffer overall because we are only getting small glimpses in these shorts and the story hasn't yet had a chance to develop very much away from Logan and Zara's physical attraction, which it should do well if given the chance to expand and create some drama and tension. These characters and storyline are strong enough and interesting enough to explore further in a full length story. Having said that, King's Property was a good read, a good tease and leaves us wanting more.

Logan's and Zara's story continues with a second book. Logan proves he is also the king of ring and dominates the rest of the fighters. There are two hot scenes in the book: one in the changing room and one in the limo where Logan proves that he owns Zara. It seems that everybody knows now that these two are in a relationship but nobody knows the details. This realisation pisses off Niko the werebear, her secret admire. Alex, my newly wed favourite boy, passes by to say "hi" at the VIP private party after the ring fight night. Nice :). Give us more of Alex, please!

Generally I had a very nice break with this short story which I finished fairly fast and now I am looking forward to what's coming next.

Too short

Rather interested to see what Logan does when he realizes he was too rough, too angry. Wondering how much before she gets angry and tries to walk away.

Keep them coming Mina!!!!!!

WOW that was gggggggggoooooooddddddddddddddddddd and sexxxxxxy !

Zara is now Logan aka King's property as he mentioned "What I want, when I want, kitten. Remember that." But Zara has failed to take note to the subtle changes in Logan because this alpha shifter can't take his mind off of the shifter who can't shift. He is possessive, controlling and very, very dominant to Zara and she loves it! His little kitten is giving him more and more reasons to take pause! Yes, Zara is turning Logan, "the king of the jungle, into a cat on a hot tin roof." lol

5 hottttt and sexxxxxxy stars *****

I am enjoying the story of Zara and King, and seeing how it unfolds.

King is all growly, dominating and possessive, and while I love that in an alpha hero, I'm not sure I'd like to live with a guy like that. Zara too has a moment when she's not all that keen on his possessiveness and how it's been interpreted by others. That said, Zara does end up pretty much convinced that King can have her any which way he wants. And why not? He's super sexy.

I like Zara a lot. I like that she's feisty and she stands up for herself. She probably has a thing or two to learn about herself too since there seems to be more to her than meets the eye. We get little hints of who or what she could be and I look forward to finding out.

I still love King, growly, dominating alpha-hole and all. He's unapologetic. I love that in an alpha hero. It's a confidence and power thing, I think. I'm highly attracted to both, just ask my Steve. Confidence and power is sexy.

Because these are so short, they are a quick, easy read. I'd be a lot happier if I had the whole series together and being able to glom it all. The waiting in between books is going to be frustrating.

I'm looking forward to the next installment in this series though. I wonder if there's any way I can get Ms Carter to write faster?

ALL HAIL THE KING !!!

Title: King's Property

Series: Shifter Fight League

Designation: Book Two of Serial, NOT a Standalone, Cliffhanger Ahead

Author: Mina Carter

My Rating: Five Purrr-fectly Sinful Stars*****

All Hail the King! Mina Carter knocked it out of the park - AGAIN - with King's Property, the second release in her riveting new Shifter Fight League serial. And yes, I said serial so that means multiple installments and cliffhangers ahead but never fear, folks, she never leaves her readers hanging for long! I've been a diehard Mina Carter fan for years and never tire of reading her always imaginative storylines and highly addictive prose. I know before I read the first page, I'm guaranteed a mind-blowing read. Carter never fails to deliver a well crafted, fast-paced, delightfully entertaining story filled to the brim with heated attraction, fiery passion, steamy sex, dreamy romance and swoon-worthy characters. And King's Property is no exception. I've never found another author who could pack so much wickedly delicious goodness into one sexy short. I loved it! So, sit back, buckle up and get ready for another wild ride!

Zara Hunter may not be a lion shifter like her brother Kylan but of the two, she was way more dangerous, especially when she's mad and she's pretty darn angry. Maybe it was a good thing the shifter gene had skipped right over her. Dear old dad, owner of the The Scarlet Moon Fight Club, has left the building....as in run off with his main squeeze who just happened to be his secretary and left Zara and Kylan holding the bag....an empty bag! Now, they have no way to pay the protection money owed to Logan Reese, lion shifter and reigning champion of the Shifter Fight League, who just happens to be King of the Ring. Oh no! Unfortunately, it looks like it's up to her to find a way to square her father's debt. How the heck is she supposed to do that when daddy dearest left with a lot more than just his secretary - he also absconded with all the money...as in every single cent! Oh my! What's a girl to do??? Well, she could start by offering him a repayment schedule. Fortunately, Zara and Logan were able to come (pun intended) to a mutually agreeable arrangement with her body used as the currency to pay the installments and satisfy the debt! Oh my! Sounds like a mutually satisfying deal for both Zara and the handsome, hot lion shifter cage fighter. But there's just one little problem.... She never wants the debt to be paid in full!

Alpha Lion Shifter and reigning King of the Ring always get what belongs to him. And now that he's had a taste of beautiful, sexy Zara Hunter, he wants more, much, much more. He has no intention of ever letting her go. His little kitten is more cat than she realizes. If she isn't an alpha lioness under the human disguise she insists on projecting, then he'd eat his freakin' hat. And now, she belongs to him, every single luscious inch of her. She's his property.....she just doesn't know it yet.... but she will! Lawd, have mercy! Beautiful club owner's daughter trying to save her club-check! Handsome, hunky, no nonsense alpha lion shifter and reigning champion of the Shifter Fight League-check! Heated attraction, raw passion and dreamy sex-check! Fabulous entertainment and an awesome read!

Enjoyable

I'm having a great time so far. I love both of these characters for sure. I can't wait to read the next book. I already have it to read next. I'm not one for reviews and spoilers, but if you like lots of sex with a bit of drama surrounding the couple then this is a good series.

Susan Underbrink says

2nd book in the series....I guess short novelettes. I think you can read it as a stand alone but you should probably read them in order so you have a better understanding of the characters. I have to say that I love Mina Carter's books-but sadly this one seemed unusually short!!! I think that means I want more of this story. Quick...write more. I wish this was a full length novel-but then I guess I would have to wait longer. Anyway, i think that any paranormal romance reader will love these books. Don't let the cage fighter scare you off-give it a go. Let me know if you agree.

Intense! Owned by the lion to survive her way through the ring. Zara, alpha lioness, is paying her father's debt to Logan. Quick read with a cliffhanger, I am so eager to get my hands on the next! I enjoyed the character, Zara. She is sexy, quick-witted, and fierce. I am not sure she is a good match for Logan, he seems a bit arrogant where Zara needs a soft touch at times.

Dawn says

Finally action YAY
This book picks up where the last one left off. It is about 40 pages I think.

L M says

I cannot in all honesty rate it better due to the short length of the book and being poor value for money. Logan is starting to realise Zara is more than just a body to him and Zara thinks he is hot and looks forward to seeing him. When she is accosted in his club and reminded that she is Logan's plaything, Zara loses her cool and causes a scene with Logan. More hot sex ensues and then this book ends.

Not much continuation of the story in this book.

Mina Carter writes great books but these short little excerpts are becoming annoying for me. I end up paying way too much for what is technically still a short book by the end of it. As least part 2 was twice as long as part 1 was for the same money so I don't feel so badly done by.

Addendum- You can now buy the whole 5 books as one book for better value.

Daria says

well my my I've never been so interested in cage fighting before. (smiles) Mina you so rock, I've started loving these sexy sassy novella's you give us and find myself looking for more of them to read.

It was easy to put me into Zara's place whew, bring on the heat. *fans face* loves Zara her strength and talent to get the job done. You can tell there is something there just under the surface.

Logan one hot, sexy confident Lion shifter he carries himself just as he should. Zara's family owed him a debt and he's collecting payment his way. He sees her cat that she herself hasn't seen. Is it just his nearness that pushes it to the surface.

I think because this is a short read Mina managed to give us just the right amount of detail and character personality to make it a fun story. Cant wait for the next one! Enjoy

Monica says

Not a fan of the cliffhanger types of books. However, since its Mina and I'm a huge fan...I waited until the story was completed before reading the last remaining 2 books in the series. I wasn't disappointed. I loved this one.

You know there were times I wanted to say to Logan duh...no wonder she thinks that! He got pissed at her because she would rather he NOT parade her as a W around his friends at the fight. I mean lets be honest, she's a glorified hooker. Paying off a debt with her body. There is a difference though between a W and a hooker. I can see how he'd get upset with her. Reason she even said anything to him is because she was accosted a couple minutes earlier. I dont think he ever found out about that. In her defense though all they have is sex. Thats it. Nothing else. Not even in a bed so what's she supposed to think? Anyways, she's naughty and kinda likes him talkin dirty. :) They are both sorta realizing at this point they "might" be having feelings. Might is the key word because they are both stubborn. Sex is way hot though. Damn! :)
