A Good Move Rocklyn Ryder

Gavin:

Options are slim and none in a town this size and I sure as hell ain't getting any younger. If I aim to find a wife and start a family, I'm gonna have to get creative. Moving out away from the family farm isn't an option, so hiring a professional match maker might be my ticket to finding a wife-- if she's willing to make the move.

Jillian:

I used to take pride in my single girl status but lately I'd rather be home on a weekend than out at a bar. Truth of the matter is that I want what my girlfriends have now-- a husband and a family.

I knew relocating might be a requirement to get my happily ever after when I signed up for an arranged marriage but Indiana is a long way from LA and I'm starting wonder if this was such a good move after all.

This was a quick, sweet story of another Raven Swann match of Jillian and Gavin. When it comes down to it, can Jillian really leave her friends and family two thousand miles away...trading in sunny Cali beaches for a farm and snowy winters? Check it out for a bonus pairing! I received an advance reader copy of this book and am voluntarily leaving a review.

Another little gem from Ms Ryder. I would highly recommend signing up to her newsletters I love hearing about her next adventure.

I class Rocklyn Ryder's books as a naughty little treat. There always short, sweet but tasty ;).

Gavin wants a family. He knows he isn't going to find the perfect lady in his own town and decides he needs help. An arranged Marriage seems like the perfect answer. As we all know Ravens online matchmaking service is guaranteed to find his perfect match.

4.5 stars out of 5.

An Awesome Read!

I loved reading A Good Move: An Arranged Marriage Romance, all about Jillian a young women looking to get married and having a family in an unconventional way and Gavin a thirty-two year old Farmer who is also looking for a wife and a family in the same unconventional way! Both are looking to a modern marriage broker named Ravin Swann. The author wrote a story about a man who lives in a town that has no women so no marriage prospects! Read about Gavin & Jillian and see what happens! I have read the first six books in this series and each one is better then the last! I can't wait to read book 7!

This book definitely wasn't the greatest arranged marriage book I've read. It was interesting, and I did like the characters, I just felt like it moved too slow (especially at the start) and that the romance and conflict was lacking in a few places.

This story was so darn cute! When Jillian gets desperate enough to sign up with an arranged marriage group her friends think she is crazy but they help pick the man for her Gavin. Gavin is tired of being single so when

he signs up to the arranged marriage site he figured it would be a while but his brother Abe and Jillian's friend Alli fix him and Jillian up. Abe can't stand Alli but for his brother he will sacrifice. I really enjoyed this story and even though it's a quick read it makes you feel good

This is a short novella at about 91 pages. I went into it not expecting it to be a full length novel so for what it is I was pleasantly surprised. It was a 2 for one deal which was nice because we not only got the main characters arrangement, but we also got the HEA of the secondary characters. This is a sweet story, no surprises or hiccups in their love story. If you are just in the mood for a quick little read that will make you smile then this will be perfect.

Loved it

Gavin and his brother Abe run their large Indiana family farm. Their small community has a shortage of women. Gavin is tired of heading to the city looking for a women to settle down with. He signs up with Raven Swann.

Jill is looking around and her friends are all married and settling down, and thinks it's time doe her to do the same.

Gavin and Jill are half in love before they even meet. The first date seals the deal. Jill's younger friend,Allie, 24, and Gavin's older brother Abe, 35, have a insta lust going on. Raven may have just pulled off a two for one.

Loved Jill and Gavin and Abe and Allie's stories. Sorry at Derek and Lyle didn't get a happy ever after.

Loved the epilogue. Nice slice of life three years letter. Allie and Abe's bonus scene was priceless.

Meh

No real drama, we didn't really get to know the characters, I don't even know what Jills career was before she upended her life and moved to a farm.

Quick read with no depth.

Fun treat

Gavin and Jillian are adorable! I loved their relationship story. Jillian is so sweet and not classic California girl. Leave that to her friend Abby. Gavin is as yummy as apple pie.

Books all things Books says

Perfect book if you are looking for something quick and instant. There's no angst, drama, or turmoil. This is a straight up read in 1 sitting book. I like the Raven books. This one just didn't provide much story. You could have seen times where the author could have taken you for a ride, but didn't. This was written with the intention of it being short and to the point. Mission accomplished!

I am totally into these short little arranged marriage stories.. This was sweet, sexy and of course no cheating or ow/om drama. They are feel-good reads for me. My only beef is the need to have to search out bonus content. While I appreciate that there is more for us to enjoy, I wish it was just a part of the book instead of all the run around.

Rebecca Johns says

For an arranged marriage, this cute and sexy couple sure have lots of love to share with each other. Gavin and Jillian know right from the start they are meant to be together. The side story of his brother and her friend is a really great bonus love story. I absolutely loved this book and all the arranged marriage series by Rocklyn Ryder. Gavin was filled with insights about his life and himself that I haven't see in a lot of books. Jillian knew what she wanted and wasn't afraid to go for her dreams. I voluntarily read an Advanced Review Copy of this book.

Leanne Bryson says

If you are looking for just a fun, fast, HEA read, look no further than An Arranged Marriage Series by Rocklyn Ryder!! Each book has it's own twist on the arranged marriage thing and all the characters are looking for their happily ever after. Gavin and Jillian may come from different worlds, but the chemistry is there and it seems to have rubbed off on some others!! Great job!

Melissa says

Gavin and Jillian are both tired of the single life, they are ready for the next step in their lives. Gavin lives on a farm in a small town and has little choice for a partner and while Jillian lives in a bigger town she has no prospects in her life either. Both decide to sign up for Raven Swann's matchmaking service.

When the two meet they are both instantly attracted to each other, their chemistry is off the charts! After sneaking away from their chaperones and spending the night together Jillian has to decide whether their incredible connection is worth leaving her life behind in California and starting a new one in Indiana? This is a very quick, light and sexy read! I love Rocklyn Ryder and I can't wait for her next book! I voluntarily read an arc copy for my honest review!

Patricia says

This was one extremely fast read for me but was not left wanting.

Complete, sexy, sweet, and a great way to pass an afternoon.

I can honestly say I'm addicted and can't wait for the release of the next arranged marriage books.

A city girl who feels left behind while all her friends are marriage with children meets a country boy or should I say man who has little prospect in his home town. The sign up through the marriage broker site and things could not have worked out more perfect.

Even those this was short it was packed full of fun with an added hook-up. This is one series I think you will find entertaining with added moments of explosive chemistry.
