Getting snowed in at my abandoned hotel on Christmas Eve is a stroke of good luck.

What I do with that luck is sweet, sinful holiday magic...

We haven't even gotten started, sweetheart. Tonight, I'm going to make you forget who you are, what you are, that you were ever anything but mine.

I love Lili Valente's dominant characters. She just has a way of writing strong and dominant men who you just can't help but fall in love with.

Garrett and Dakota have a hot and heavy relationship but it all falls apart when the secrets Dakota has been keeping come to light. Four years later Dakota has tried to move on with her life but she still misses the Dom/sub relationship she shared with Garrett. With no hope of rekindling their past she heads back to her quiet and desolate hometown to investigate a billionaire with promises to rejuvenate the town. And as fate would have it the billionaire in question just happens to be the man from her past.

Could this be Dakota's chance to fix the mistakes of the past and put her ghosts to rest?

Brittany (The Crafty Engineer's Bookshelf) says

Snowbound with the Billionaire is part of the Master Me series by Lili Valente. All of these books are standalones and can be read in any order but Ms. Valente suggests reading this one first.

Garrett and Dakota were made for each other. They understand how the other one ticks but Garrett broke up with Dakota out of nowhere years ago and ever since she has been broken. He will do whatever it takes to get her back but will she listen to him? He knows how to make her listen one orgasm at a time.

Oh my! This book is HOT!!! It's a quick read full of naughtiness and a story that will leave you wanting more. There's a reason I always read anything Lili Valente writes and this book is a prime example. Yes you get lots of steamy scenes that are well written but it adds to the story and isn't the whole story like some other books I have read. If you like your books steamy and love a happy ending, I would highly recommend this book!

Another saucy read from Lili Valente!

I love her writing and I'm so lucky to be on her ARC team. She creates characters that are so full of life and have personalities and qualities that I look for in my circle of friends.

This series of hers is going to be such a fun one!

All the heat and laughs can be found in this installment.

This story takes you away to a place you long to be and it's so much fun!

Highly recommend as always!

Who wouldn't want to be rocked around the Christmas tree by a hunky guy named Garrett!

Wow, this hot and sexy, second chance romance is smokin'! Ms Valente is the master at creating seductive characters with fiery passion and explosive sex! Dakota is a smart, strong, determined woman who loves to be dominated. But only one man has been able to truly break thru her defenses. But Garrett broke her heart years ago, and she has never gotten over him. Now she has information that he might be involved in some philanthropy to better the past she would rather forget. While investigating around a vacant hotel on a snowy night, she gets stranded with the one man she never wanted to see again. Garrett has always regretted losing Dakota and has never forgotten her. He is determined to win her back in the only way she will respond, by dominating her! This is a deliciously hot and sexy story about two lost loves who aren't whole without the other. This is a smoking hot story that will melt your heart.

Such a dirty book!

Boy howdy does Lili Valente know how to write a dirty book. This is the third novella in the Master Me series, and it is by far the dirtiest of them all. A second chance romance with a controlling alpha man, SIGN me up today!!! Whenever a book like this comes along I feel like Katniss Everdeen in the Hunger Game..... "I volunteer as tribute" because let me tell you, I would let Garrett do just about anything to me. If only he were a real man.

Garrett has seated himself in my top 5 all-time favorite book boyfriends, and while he didn't handle himself all that well with Dakota the first time they were together, he definitely made it up by gaining her attention and her heart the second time around. He knew how to gain her trust and heart. It was super sweet, to say the least.

Sexy second chance...

I love this author's ability to blend sexy, scorching heat with strong emotion to make a love cocktail like no other! And in the latest Master Me instalment, Dakota and Garrett meet again, brought together by the very thing that drove them apart...

"Maybe I won't live through Garrett again, but I'm tired of living without him."

Going home means so many different things to Dakota, and not everything is a good memory. It seems almost fated that Garrett would be there, plotting and planning, hoping to find new ground between them. A walk down memory lane and a reminder that love endures...

This is a quick read but there is nothing missing in this novella that jumps into rekindled love and passion with both feet first. The only thing I could ask for is... more!

I voluntarily reviewed this book.

Snowbound with the Billionaire is a second chance romance that melts your panties while claiming your heart. Dakota is the small town girl that has lived a not so pleasant life before meeting Garrett. Garrett is the sexy, alluring billionaire that has fallen head over heels for the feisty blue eyed brunette. All is perfect in their life, until Garrett discovers Dakota's true intentions, so he thinks. Without a second thought, Garrett's pride and dignity take precedence and Dakota finds herself broken hearted and alone.

Fast forward four years later and Dakota finds herself back in the town she left behind without a thought. The town that was filled with old ghosts and way too many bad memories. As a reporter it's her job to chase a story, and that is what has brought her back to her hometown. A secret beneficiary is fixing a hotel in her drug infested and rundown town and Dakota is determined to find out why. To her surprise, that someone is the last person she thought she would see again. Stranded together in the hotel, Garrett and Dakota reacquaint themselves. Old memories, wishes and hopes blossom but is it enough for either of them to come out of this a second time whole? Can Dakota trust Garrett again and allow her heart to feel for him? Can Garrett prove to Dakota that he was a fool and has learned from his past mistakes? Lili Valente once again has delivered a sexy, sweet, steamy love story that leaves you wanting more.

A quick read about a dominant billionaire who lost the love of his life and comes to realize his mistakes and tries to redeem himself by investing in a dead town in order to win her back. Dakota is an undercover investigative reporter who messed up when she didn't come clean sooner and lost the love of her life. She tries to move forward but it's proving to be difficult. She promises herself that she'll never kneel for a man again and when her editor sends her back to her hometown she realizes that she was lying to herself. This being a novella means there isn't a lot of character development and I did feel there was a few pieces of the puzzles missing but overall it was a pleasant and quick read.

****My thanks to the author for providing me with a free copy for an honest review****

Snowbound with the Billionaire is the first novella in the Master Me series. But it is the third written.

Garrett and Dakota have a past, a past that catches up with Dakota as she goes back to the place she was raised with a feeling in her gut. Her past catches up with her as the man that broke her heart four years ago is making her town a better place in part of a bid to win her back after realizing what an idiot he had been.

It's a fast read book, will have you turning page after page and reading it in one fowl swoop as you will not be able to put it down.

I received Snowbound With The Billionaire as an ARC in exchange for an honest review. Leaving her dismissal small town life behind, Dakota Fleming met wealthy businessman Garrett Lawler at a party in New York. After becoming in a BDSM relationship with him, she finds herself alone and leaves New York for DC. Four years later she returns to her small town roots to investigate who is behind an expensive hotel in the mountains not far from town. She has her suspicions but has no idea why. Garrett hits rock bottom and realizes his life is a mess and on,y one person can help him fix it.

I really liked Dakota's character. She was always one to protect her emotions due to her past. Then after Garrett broke her heart she vowed to never get that to anyone again.

Garrett felt betrayed by Dakota after an incident that she never intended to happen. His life falls apart and he realizes how wrong it was to treat Dakota the way he did.

I really enjoyed this story and recommend it to those who enjoy reading erotica themed books.

I want to submit to Garrett. Wow what a great book Lili has brought us again. This gives us Dakota and Garrett's story. Garrett is a Billionaire who demands to be in total control and Dakota is a journalist who has never given up her control but with Garrett she is totally submissive to him. Hot doesn't even begin to describe this book. The passion between these two will melt your e-reader. But can that heat last? Unfortunately life happens and things fall apart then fast forward 4 years, can they get past the hurt or heat they shared? So many emotions wrapped up in these characters. I was given a copy of the ARC to voluntarily read and give my honest opinion. I loved this book and highly recommend it.

Another steamy addition to the Master Me series.

Although this is Book #1 since it's the first one in the timeline - you may already be familiar with this series since it's the 3rd book to be released. It was fun to realize that Ten's story was going to take place soon after the end of this one (that was the first book to release). Each one completely stands alone.

This is a novella - so it is a shorter read. Although I did wish that we learned more about Dakota and Garrett's past - it was alluded to, but I wanted the deets.

Garrett and Dakota were engaged, but then he felt betrayed and brutally cut her out of his life. It's now four years later and he's gone to rather extreme means to try and win her back. Will he succeed? You'll have to get the book to find out.

This was a steamy, but quick BDSM affair...just in time for the holidays. ;-)

I requested and voluntarily reviewed an advance reader copy.

Dakota and Garrett... sigh...

So i couldn't connect with Garrett.. and Dakota was a doormat.. they were engaged then fast forward 4 years later they broke up due to Garrett and a misunderstanding between them.. dumb reason really.. instead of standing her ground when she meets up with him in a lonely empty hotel.. she gives in.. yes he said sorry.. but geez.. i would had him groveling more... another pet peeve.. they both said they still love each other.. but those 4 years apart Dakota mentioned she tried to move on.. and Garrett said he slept with random woman when he was drunk.. sooo yeah no..

Kara Hildebrand (Two Book Pushers) says

Snowbound with the Billionaire is the third book in the Master Me series. It actually takes place first in the timeline, so you will see other characters who already have their stories. If you haven't read the Master Me series, you need to! This is Garrett and Dakota's story. Four years ago they were engaged to be married and then it all fell apart leaving Dakota heartbroken and alone. She's back home for the holidays only to run into Garrett again. All the old feelings come rushing back, but she can't risk her heart again. Or can she? Garrett never stopped loving Dakota and he's determined to get her back. Whatever it takes. He just needs her to submit to him and realize they are meant to be. This is a dirty, filthy second chance love story and I loved every second of it. It has all the hotness, sweetness, sexiness, dirtiness and fun that we expect from Lili Valente.

"I'm dying."

"No one ever died from lack of dick, Kitten."

"You're such a bastard."
