The Epidemic Ashley Antoinette , JaQuavis Coleman

New York Times best-selling authors Ashley & JaQuavis are back with the second installment in the epic Murderville Series. Love, murder, loyalty, and money fill this hood tale as they continue this international street saga. With Samad's target on her back, Liberty must survive the harsh streets alone. but when a chance encounter pushes her into the arms of a new friend, Po, the two take on the California kingpin and step full force into the game. As bullets and sparks fly, the unlikely pair embark on a serendipitous journey back to where it all started, Sierra Leone. With a new overseas connection, Po sees an opportunity that is too good to pass up. When his pursuit of the American dream conflicts with Liberty's past, will they be able to survive? Or will the drug empire that they've built together come crashing down?

??t? says

Sheesh I hate Dahlia. And Po so blinded by her that he can't see what she's doing I swear she's going to get him killed. How can you believe a chick you don't know over you're best friend smh I swear coochie can blind some men smh. I hope Dahlia die in book 3 can't stand her. I had to make myself not think about hating her just so I could finish this book.

Bridgette Hennings says

So I listened to this series on Audible because my life stays in motion, but I absolutely loved the entire series. I cried got mad cursed a few characters out and was emotionally connected to the series. My favorite was the Black Dahlia so that is a definite must read...but trust me start at the beginning and you will not be disappointed.

aminah freeman says

This book was a page turner!!!

I felt so many different emotions while reading this book I was happy ,in awe, then when I got to dahlia I was pissed off her deceitful ass got under my skin. This is a must Read once you start you can't stop

Danita Brown says

The second installment of Ashley & JaQuavis novel Murderville: The Epidemic, was no joke. The 2 of them put down the damn thing

Rosemarie says

This was a really good book. Picks up right where part 1 left off. You see lies, murder and deceit. Poor Liberty can,t seem to get a break and Dahlia needs a good azz whipping. I can,t wait for part 3. I hope Po comes to his senses because I really like him.

Rell says

Not bad! A lot better than book 1! Poor Liberty just can't catch a break. Dahlia is crazy as hell and delusional and Po, the sick ass bastard.... Dahlia have him doing drugs and thinking the world is out to get him all over a piece of ass! I read most of this book in one night(so its good), i've laughed and thought that Po is the

typical man, get a nasty freaky whore and lost his mind. When he lose everything then he'll see the error of his ways!..... well On to book 3, lets see who lives and who died.

Note: there is an error where if your not paying attention you may be lost for a bit, in the bathroom airport scene the author writes "liberty, when I'm certain it should be Dahlia because liberty wasn't there"

Me'Tova Hollingsworth says

Oh I just loved, loved, loved this series!! The characters were real to life, and the dramatic situations were so exciting. The authors had me on the edge of my seat, wonder what was going to happen next. I couldn't stand Dahlia, and I hope Liberty gets her revenge in the end. I couldn't believe how Po just let Dahlia come in and manipulate him to the point that she was pretty much running the show. He talked about Liberty not know how to play her position, and being so naive, but he wasn't too much better. His lack of experience and bad judgement, caused him to allow Dahlia to misled him down the wrong path. She pushed and lied so much til she got rid of everyone around him that truly loved and cared about him. Well I'm on to book three, because I'm curious as to how things are going to pop off. With Po moving so sloppily, I'm sure Liberty is able to pull it together and out smart them.

Madlyn says

Murderville 2 was better than 1. I didn't understand why no one missed AD. And why wasn't Omega death investigated by his soldiers. Pole was an idiot when it came to strong women. Liberty made me ill with her crying constantly. I hope book three will have an realistic ending.

Charlene Richardson says

This book picks up right where part one left off. In part 2 you get to connect more with Liberty as she tries to move on because she has lost so much in her life. Somad is still after her and will not rest until he has her. Po is also trying to get over losing the love of his life Scarlett. Somehow these two come together and it's hard to figure out if it is because of their losses or just fate. Liberty's past is revisited and we get to actually experience Sierra Leone through her eyes. They say keep your enemies close, but when they are your family it's sometimes hard to see. This book had me on an emotional roller-coaster. One minute I was sad, the next I was angry and ready to jump through the book. I completed this book in one day because I could not put it down. By the end of the book I was screaming and couldn't help but to say I missed A'shai! Poor Liberty! Ashley and Jaquavis put it down with this one, a definite must read!

Candace Denmark says

I never saw any of this coming. great read!

Winter Sophia Rose says

Emotional, Captivating, Page Turner! A Powerful, Fascinating Read! I Loved It!

Tazzyt2bossye says

'Two hearts...two hearts that beat as one...'

Murderville 2 kick starts the drama as Liberty is lost and alone in a world full of people that want to control her and eventually destroy her for no apparent reason other than pure evil. Po is a hustler seeking riches and a gamble at nobility, he loses his small fortune and his lady love. Liberty wanders through life trying to find her purpose, even though she longs for peace and a love that was silenced by a tragic impulsive act. Liberty's vulnerability and innocence draws Po to her and they embark on a whirlwind relationship that's built on danger, determination and perseverance. Two individuals connected by one person's heart. Life and death ties them together but their past loves haunt all decisions that might birth their possibilities as a couple. Their paths cross and the common denominator bind them together in a whirlwind of bullets, money, trial and errors.

When revenge, greed, manipulation, sexual brutality and jealousy attack innocence...destruction is certain, but whose will it be? Friendships wax cold, romance fizzles out, families are reunited yet the decision remains, which way to go, who to trust, when to leave and how to walk away. Murderville 2 continues Liberty's saga filled with the usual drama, but is unable to capture the original vibrancy and essence depicted in #1. Liberty's role as victim becomes redundant and the storyline feels stretched. Key components were present to ensure that the author's skills are visible, yet it lacks that explosive execution that we expect when we see A&J's stamp. Personally, I'm ready for the authors' to step outside the box and give their diehard fans a whole new view...something completely opposite of what they have delivered in the past...a fresher voice aligned with their magnificent style of painting a vivid picture. 3.78

Lashawnda says

A very captivating story. I love how I was consistently mad at the choices these characters were making, but still felt so emotionally connected to them. I can't wait to finish the last book.

Jenny says

Ugh. This was a train wreck. I'm only reading the next book because I just wanna see who survives. I guess if you enjoy reading about dumb idiots falling for the dumbest lies ever and being manipulated like kindergarteners even though they're supposed to be street wise adults, then this book is for you.

Mostunique Farelas says

This book had me so mad but a good mad cause the book was really good a
